NO DEMOCRATS WIN IN PORTLAND

PORTLAND, Nov. 8.—Multnomah county returns, complete, show that no democratic candidates have been elected to the legislature and that every county office will be held by officials from the republican party.

For United States senator Charles L. McNary was given a plurality of 1479; Governor Withycomb's plurality was cut down to 854 votes ahead of Pierce, while McArthur, for congress, ran 8662 votes ahead of Smith.

In the fight for justice of the supreme court, Multnomah county voters gave Conrad Olson 1581 the best of it, Coke being second, Bennett third and Campbell fourth.

The house delegation to the legislature will consist of Coffey, Lewis, Horne, Gordon, Howford, Gillman, Kuhl, McFarland, Moore, Richards, Richardson and Smith.

Morrow, Stapleton and Gantenbein have been re-elected to the circuit court bench.

John Gill and W. W. Banks will go to the senate. Wigren has been elected as joint representative and P. C. Howell has been elected to the senate to fill the vacancy caused by the resignation of Conrad Olson.

ON THE ELECTION.

THE failure of the country to respond to the president's appeal and elect a congress of his own party will not materially change the course of events. Nearly all of the republicans made engagements upon pledges to support the president. By the time the new congress comes into power, the war will have been over and peace established. Even should the reactionaries try to organize an opposition to block the president's policies, they will not succeed, for the majority of republicans place patriotism ahead of party.

One of the determining features of the election was the German vote, which except in New York and Milwaukee, where it supported pro-German socialists pledged to peace at any price, voted solidly for the republican ticket. This was the case in every section where there is a considerable German vote. It accounts for republican success in Missouri, Illinois, Nebraska and other states. It accounts for the re-election of Norris, who has opposed every war measure.

The party in power always centralizes the opposition of dissatisfied elements in a bye-election and in this instance, the jingo, the pacifist and the pro-Germans united with the blind partisans and the democrats have lost control of the house as the party in power has frequently lost it in mid-term.

The election, with its mudslinging and abuse, cannot however minimize the president's great part in the war—the contribution of moral leadership, which has played as important a role as the military and naval exertions of the allies. It has been hailed with delight by our allies, has created a unity of purpose that made them irresistible and has destroyed the power of the enemy by aiding materially in demoralizing morale and in unhorsing autocracy.

President Wilson has committed America and the allies to principles of justice and our ability to stand success will be proven by our adherence to these principles at the peace conference. It is for this reason that the president must be supported, and probably will be supported by the new congress—despite continued opposition by the reactionary politicians and beneficiaries of privilege.

One of the greatest dramas in history is being enacted before our eyes. We behold men at such short range and in such a confusion of events that we lose our perspective and see as "thru a glass darkly"—the glass of prejudice, partisanship and ignorance. When the mists of animosities shall have melted away and time shall have restored our perspective, we will regret the day the American people seemed to falter in their support of the greatest moral leader in the world today—Woodrow Wilson. We never hear anyone boast nowadays of having opposed Abraham Lincoln who suffered similar abuse and contumely and whose traditions have long since been forgotten, and a generation hence we will be equally reticent concerning our part in assailing the first American to become a world leader.

Victory Boys and Victory Girls

At the suggestion of President Wilson there was included in the general united war work campaign a special department through which boys and girls under 20 years of age were to be enrolled in an immense army to pledge their support in this campaign and to serve in any capacity which their government might require.

Earn and Give It is not the intention in this campaign to have the young people procure money from their parents in order to be enrolled. In fact, doing this counteracts the very object for which this special department was organized. The money pledged and given must be the result of personal effort.

It was the original intention to enroll in this service army all boys and girls under 20 years of age, but, on account of the influenza epidemic and in order to facilitate solicitation and eliminate duplication involving the great number of boys and girls in employment, it has been decided that the Victory Boys' and Victory Girls' campaign is to be confined to school pupils only, all other will be solicited by regular societies.

MACKENSEN SEEKS TO CROSS HUNGARY

BABEL, Nov. 8.—Field Marshal Mackensen of the German army has arrived at Budapest from Bucharest to confer with Premier Michael Karolyi of Hungary on the passage across that country of German divisions now in Roumania, according to a Budapest dispatch received here.

TRUTH AND COMPARISON.

When Woodrow Wilson entered Poland. He had the whole world to fix. And did his duty like a man. And to the world's eyes, Godsend. For from beneath tyranny he helped to make mankind free.

When Teddy was in Poland. He had an ax to grind. So he put on a Bull Moose hide. And failed in everything he tried. He turned the U. S. D. outfit. And now turns back his twisted feet.

Only One Corn Peeler, "Gets-It"

Stop Corn Pains; See Corn Peel Off. It is just when a corn hurts that you want it to get rid of it. Why take the chance of keeping the corn and having the pain grow worse? You'll use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs less than any drug store. Sold by L. Lawrence & Co., Chicago, Ill.

The Only Peel-Off Way Is "Gets-It." It's anyhow, sooner or later, might as well use it sooner. Then you are absolutely sure that the corn will loosen from your toe so that you can peel the whole thing off painlessly with your fingers, in one complete piece—just like peeling a banana. It takes a second or two to apply "Gets-It." There's no fanning or puffing. Corn-pains will vanish—"Gets-It" keeps you sweet while the "peeler" does the rest. Nothing new for corns had been discovered since "Gets-It" was born. Follow the judgment of the millions: use "Gets-It" and be sure to be corn and pain free! You'll say it's magic. "Gets-It" is the guaranteed, money-back corn-remover, the only sure way, costs less than any drug store. Sold by L. Lawrence & Co., Chicago, Ill.

TEXAS RANGERS IN CLASH WITH MEXICANS

EL PASO, Tex., Nov. 8.—One Mexican federal soldier was reported killed and Ranger J. R. Perkins was missing after a clash between Texas rangers and Mexicans early this morning, according to word received here. The fighting occurred on "The Island," 22 miles southeast of El Paso. The international boundary crosses through the island.

NOVEMBER DRAFT CALLS FOR 300,000 MAY BE POSTPONED

WASHINGTON, Nov. 8.—Provost Marshal General Crowder called into conference today the heads of all secretaries of his office to discuss possible suspension of the November draft calls, under which more than 300,000 men have been ordered to army camps.

While General Crowder would not discuss what recommendations he might make to the general staff, it is understood that his advisers will advocate warmly withdrawal of the November call, at least if the Germans accept the American and allied armistice terms before the movement to camps begins.

With four million men already under arms overseas and at home, the feeling is growing that no more will be needed, even tho it may be a long time before American forces can be recalled from France and some additional men may be sent over.

REGULAR MEETINGS FOR SCHOOL FACULTY

Supt. Davenport of the city schools thoroughly believes that one of the means of getting greater efficiency and results in school work is by having regular meetings of the members of the teaching force. The following is the outline of the sessions for the school year.

There will be regular meetings of the instructors: a general teachers' meeting, third Tuesday of each month; the high school faculty will meet the superintendent first and third Mondays, and the principal second and fourth Mondays; the principals will hold regular meetings twice a month; the faculty of the elementary schools will meet with the superintendent second and fourth Wednesdays; the principals of the ward buildings will meet with the superintendent second and fourth Mondays; the instructors of the elementary schools will meet in groups with the superintendent, first and third Wednesdays.

Special meetings may be held at the call of the superintendent, principals or supervisors when the occasion warrants the same.

SHIPYARD WORKERS STILL CELEBRATING

NEW YORK, Nov. 8.—Thousands of shipyard workers threw down their tools in Staten Island yards today, crossed the harbor on ferriboats and began a march up Broadway, resuming their celebration of the false peace reports circulated yesterday. Apparently they had stridden the yards of most of the metal which could be used as noise making devices.

There were said to be 10,000 men in line which extended for half a mile. The parade leaders said they did not know where they were going, but merely that they were going to celebrate.

The Best Advertisement In the World

IT IS THE TICK OF THE CLOCK. It says only one, short word, but it says that word over and over. Here the tick is loud, there low. But always millions on millions of clocks are saying it. It never stops.

It speaks to a baby's ears, and to the dying hours of an old man. It speaks in time of joy; in time of grief; in time of idleness, or struggle and stress; in time of peace, or time of WAR. It never stops. Always it is telling the old, old story of the clock, "Time Flies."

Always it is repeating the stern lesson of life, "The World Forgets." It never stops. And it has made the clock the best known thing in all the world. Such is the power of reiteration. Such is the power of persistence. Such is the power of constancy. Call the advertising roll of honor, the world-famous advertising, alive to answer. None ever stopped. All have told their story over and over, and still are telling it. Advertising stopped is advertising dead. Advertising brought back from the grave must foot again the long, old road from the very beginning. NOW is the time to advertise—the only time. Advertise to-morrow when to-morrow is NOW. Listen to THE TICK of the clock, as it tells you: "Time flies. The world forgets." NOW is the time to advertise.

What Is the Basis of Money Value?

ISN'T it "purchasing power?" Then the more the dollar will buy—the more valuable it is. According to pre-war standards a dollar buys about 50 cents worth of anything now. Well, if those old standards come back—the chap who SAVES—is going to get 100 per cent more for his money, isn't he?

If you reason it out for yourself—you'll hustle right down here to the First National and open a Savings Account.
