

LOCAL AND PERSONAL

J. E. Wahl and wife who left here a few weeks ago to make their home in San Francisco, returned Sunday afternoon making the trip by auto. Mr. Wahl has been ill ever since leaving and is just out after having been down with the "flu." He is still pretty weak but says he feels sure that the climate of the Rogue River valley will soon bring him back to his former good health and that he intends to stay right here.

The following change of address was dropped in the post office this morning: "The Firm—Me and Gott" will hereafter be "Dennis & Co." Postmaster Mimms and Asst. Bill Warner have looked all thru their records and can find no such firm ever having done any business here but say they already have the new address of this firm and it is not as above stated but is much farther down.

SOLDIERS JOIN BERLIN WORKERS IN REVOLUTION

General Strike in Industries, Followed by Parades and Fraternalization of Soldiers and Workmen—Dynasty Forced to Abdicate—Fighting in Streets Ends in Revolvers Success.

BERLIN, Nov. 10.—(German Wireless). With regard to the incidents of November 9 in Berlin the semi-official Telegraph Bureau, working under the control of the workmen's and soldiers' council, issued the following report:

"This morning at 9 o'clock the workers of the greatest industrial undertakings commenced a general strike. Processions hastened from all the suburbs to the center of the city, red flags were carried at the head of the processions in which marched armed soldiers and all classes.

"The first procession arrived from the Ackerstrasse and Brunnenstrasse. As a preliminary the soldiers and officers were urged to remove their cockades and epaulettes. In the majority of cases this took place voluntarily.

"There was a general fraternization of soldiers and workmen. The workmen penetrated the barracks where they received an enthusiastic reception from the soldiers. The military occupants of factories mingled in common with the workers, left the works and treated with them in common.

"So far as is known the only clash between the masses and armed forces took place on the occupation of the so-called 'Cockshofer' barracks. In that was a guard of fusiliers, but only two officers fired. Three persons were killed and one was injured. This is to be regretted.

"The taking possession of a majority of the public buildings and establishments was completed without difficulty once it was clear that the military had gone over to the people."

"The Kaiser and the crown prince have abdicated. The dynasty has been overthrown. It is a splendid victory for the German people. Herr Ebert has been charged with the formation of a new government, in which all shades of the social-democratic party are to participate.
