

ALL MEDFORD CELEBRATES WITH LIBERTY PARADE

Hooray!! With the armistice signed and people waking up to its real meaning the people of Medford and the valley staged the greatest parade in the history of the valley.

On account of the congestion the parade did not get started on schedule but when it did start everyone made up for lost time.

MILITARY HONORS FOR ASHLAND SOLDIER

Funeral services of the late Forrest Wolcott of Ashland who died at Fort Stevens will be held this afternoon in front of the Methodist church in Ashland at 2 p. m.

ASHLAND AND VICINITY

Figuratively speaking, Jew and Gentile, Catholic and Protestant, rallied to the cause of financial aid in behalf of quited war-work, the drive having begun Monday morning.

THIS WOMAN ONLY WEIGHED 90 POUNDS

Mrs. Burbank Takes Tanlac and Now Weighs One Hundred and Twenty-Seven Pounds

One of the most noteworthy features, and one that stands out more prominently than any other perhaps, in connection with Tanlac is the very large number of men and women who have reported an astonishing rapid increase in weight as a result of its use.

One of the latest to testify to the remarkable reconstructive powers of the medicine is Mrs. Anna Burbank, who resides at 2232 Second Ave., West, Seattle, Wash.

"I can't say," stated Mrs. Burbank in describing her case, "that I had any special ailment, but for the last four years I have been gradually losing weight and strength, and going down hill. My appetite was so poor, that I never cared for anything to eat. I was dreadfully constipated, and suffered a great deal with headaches and pains in my back. I was completely rundown and tired out all the time, and hardly had energy enough to drag myself around. Nothing did me any good, and I fell off in weight until I was hardly more than a frame.

"When I began taking Tanlac, I weighed only ninety-five pounds. I had been reading so much about how others had been benefited, and were gaining in weight by taking Tanlac, that I made up my mind to see what it would do for me and the results have been far more than I ever expected. I now weigh one hundred and twenty-seven pounds, having actually gained thirty-two pounds in a little more than a month—and am still gaining. I am always ready for my meals now with a fine appetite, and my tired worn-out feelings are gone, too. I set up in the mornings now feeling thoroughly rested and strong, and full of life and energy. I can recommend Tanlac to anyone in a run-down condition, for it certainly has built me up wonderfully."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Mrs. M. A. Meo, in Ashland by J. J. McNair. Adv.

cludes Sylvester Patterson, Marsh Wagner, W. G. Curry, W. A. Turner, A. E. Kinney, O. Winter, Louis Dodge, E. V. Carter, Charles Robertson and M. C. Reed. Each of these committees has chosen an assistant. The drive will be conducted systematically by districts. The Ashland quota, as increased under a readjustment of the original amount asked, is approximately \$10,000. Nominally, the community war chest will be called upon to assume pro rata the paid up obligations of subscribers to the patriotic fund. However such assumption should not prevent subscribers from contributing more for this specific purpose. The drive proper will be confined to those who have not as yet subscribed to the patriotic fund, and also to those who are delinquent in payments to this fund. The issue is plain and the need is urgent, consequently dig up to the best of your ability and then some.

Charley Banta is the most popular man in town during these war times, especially when the daily papers arrive. In fact, train No. 53 is called Banta's special, inasmuch as he handles the big editions of the Mail Tribune and Oregonian due here at 5 p. m. The demand has been so great of late that Charley has been going personally to Medford direct, in order to round up sufficient extra copies to meet the local demand. Last Friday he handled 400 Mail Tribunes here, this number being in addition to the copies delivered through the mail service. "Let's look at the headlines, please," is a universal greeting here daily.

John Marshallburn, former resident here and now living at Rosalia, Wash., is in the employ of the Standard Oil company in that thriving town, and reports having a first-class job.

A. A. Derby, railroad employe, has rented the premises at the corner of Mechanics and Skidmore streets.

Funeral services of Sergt. Forrest Gale Wolcott, Ashland soldier boy, who died at Fort Stevens last Friday, were held here Nov. 11, interment being in Mountain View cemetery. The service was an open air one in front of the Methodist church at 2:30 p. m. The deceased was 21 years of age and a native of Illinois. The family had been residents of this vicinity about ten years. Forrest was a member of 18th company, Coast Artillery Corps. His parents are Mr. and Mrs. E. G. Wolcott. The family is well represented in the service, the father and three sons, also the boys' uncle, Ed Wolcott, having been among the first to leave Ashland for northern camps. Forrest was a bright boy, capable, upright and many qualities that endeared him to all acquaintances. A young wife in the family circle is also bereft in common with parents and other near relatives.

A gathering of Methodist clergy was held here last Friday, the object being to further the work of laying the foundation of the centenary movement of that great church organization in behalf of missionary work, especially in the foreign field. The project is gigantic one, involving the raising of \$80,000,000 for this specific purpose. However, gratifying financial results are already being attained. A wealthy Chinaman of Singapore in the East Indies, himself not a professing Christian, but nevertheless realizing the importance and beneficent effect of missionary work throughout Malaysia, contributed one million dollars outright, and there have been other generous donors by wealthy residents in these distant lands, setting an example for the scope of giving in our own country. Those who attended the local gathering were Dr. Charles Bowen of Portland, Rev. Mr. Wire of Grants Pass, Rev. Mr. Carlos of Medford, Mrs. M. C. Reed and Rev. C. A. Edwards, local pastor.

Unconfirmed rumors are prevalent regarding the death by accident of Walter Phillips, Ashland boy in the aviation service in France.

Mr. and Mrs. G. A. Whelpley have moved from West Phoenix to Ashland, and are occupying rented quarters on Vista street.

Mr. and Mrs. Dale Bond and six children, of Klamath county, have rented the W. L. Parish place on Nalley street, a furnished home, now owned by Peruzzi & Butler. Mr. Bond has been engaged in the lumbering operations in Klamath.

George Harzending is home for a vacation, after passing the summer in the cattle range country in the employ of the livestock association.

Frank D. O'Brien, well known S. P. engineer, died at Redding last Thursday, of influenza, after a labor of sacrifice and devotion in behalf of others who were prostrated with the same disease, surviving early and late assisting physicians and their patients. He leaves a wife and two young children. Funeral services were held at Dunsmuir on Sunday.

In spite of unfavorable result at the polls, local press and people do not give up the normal school struggle, though a bit discouraged over the outcome. Some are still enthusiastic enough to try the issue again after the war is over, inasmuch as its non-supporters up north harped on the string that all normal school propositions could wait until then. Others optimistically assert that the normal question will be settled as many times as William Jennings Bryan ran for president. Even so, the fact remains that this limitation has almost been reached. What we ask in southern Oregon is that this question should be settled squarely on its merits. This fact acknowledged all over the state, then Ashland would gain the contention through the exercise of a spirit of fair-mindedness. Normal school history, chronologically harking back to 1910, indicates that in that existing period Monmouth won by 10,147; Weston lost by 5,303; Ashland lost by 10,182. In 1914 Weston lost by 17,895; Ashland lost by 25,602. In 1916 Pendleton made a lone race, losing by 12,695. In 1918 Ashland loses by approximately 8000, the other propositions in northern and eastern Oregon yet to be heard from.

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent, throbbing pain and distress, called headache. You become nervous, dependent, sick, feverish and miserable, your meals sour and almost nauseous to you. Then you resort to acetaminol, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of Limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of Limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a scorching twinge which is not unpleasant. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.
