CHEER ARTICLES

PARIS, Monday, Nov. 11.-The chamber of deputies has relden dis-played such manimity as it did today in cheering cach article of the German armistice terms as it was read by Premier Clemenceau. As soon as the premier had read a clause the ertime chamber immed to its feet and cheered.

After reading the conditions, the

premier excused himself from making a lengthy address, but said; "In the mone of the people of

France and in the name of the gov-ernment of France, let a salute Al-sacy-Lerraine."

There was prolonged cheering, aft-which the premier added technicals: "Let us bonor the great army who

Tears came into the eves of most There came into the eves of most of those in the chamber—tears of formary of the cond and tears from the powerful reaction of the moment. Departies from Absnew-Larraine, some of whom had fought with the Franch army, were enthusus-tically cheered. While the session was in progress, a battery of 75's maintained a steady camonable in celebration of the victors (for its most conduction and or the Science Const.)

GRANDMA NEVER LET HER HAIR GET GRAY

She Kept Her Locks Dark and Glossy, with Sage Tea and Sulphur.

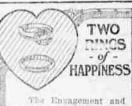

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is mussy and trouble-some. At little cest you can buy at any drug store the ready-to-use proparation, improved by the addition of other ingredients called "Weeth's Sage and Sulphur Compound." You just campen a sponse or soft brush with it and draw this through your hair naking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, slowsy and luxuriant.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful tolet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.
