BOLSHEVIKI IN MINORITY AT BERLIN

COPENHAGEN, Nov. 13.—(By the Associated Press.) Although the Bolshevik group of the independent socialist party in Germany is recognized as a separate organization, they are still a decided minority and the power rests in the hands of the majority socialists and non-Bolshevik independents, says a Berlin dispatch to the Helsingke Tidende. The dispatch adds that the soldiers' representatives at the meeting Sunday of the workers' and workmen's council energetically opposed the plans of the Bolshevik element.

After the formation of the new cabinet, Herr Barth, the Spartacus member, resigned and induced Deppe, Haase and Dittmann, independent socialists, to follow his action. Later Haase and Dittmann withdrew their resignations.

FLU LID LIFTED ON NOVEMBER 24

After making a thorough canvass of the "flu" situation this morning Mayor Guise states that with only ten new cases reported and the number of old cases on the decline, with only forty on the list, he has decided to make the lifting of the ban of public gatherings, theaters, churches, etc. effective a week from Sunday, Nov. 24th. This decision was reached after every possibility had been considered and the outcome was unanimous that nothing should be opened before that date. Unless there is a decided change in the situation the above date will stand. Portland was to have lifted the ban this Sunday but has reconsidered the order and it will take effect until the 24th.

\$2,000 SUBSCRIBED IN TWO DAYS TO WAR WORK FUND

Although the United War Work campaign in Jackson county has been seriously handicapped by the influenza epidemic, bad weather and shortage of solicitors, over \$2000 was subscribed in Medford on Monday and Tuesday, and if individuals will now come forward and assist the campaign committee it is believed that the quota of \$20,000 will be reached by Monday, November 17th, when the campaign closes.

But this will be impossible, unless everyone helps, not only by volunteering as solicitors, but by sending their subscriptions to the campaign headquarters at the First National bank without waiting for someone to call.

In spite of the repeated declaration from Washington and from General Pershing many people still seem to believe that with the war over, no more help is needed from the people at home. Nothing could be further from the truth. While there is now less need of gun and cannon and aeroplanes there is more need for rest huts, recreation centers, wholesome amusements, and the more little comforts and attentions which the seven organizations in this drive are called upon to provide, than ever before. At the beginning of the war these organizations were delegated by General Pershing to look after the comforts of the men, and with hundreds of thousands returning from

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat less meat if kidneys feel like lead or bladder bothers you—Meat forms uric acid. Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Judd Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. Judd Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications. A well-known local druggist says he sells lots of Judd Salts to folks who believe in overcoming kidney troubles while it is only trouble.

The Wizard of Ma's Into the doughnut kettle, or the frying pan, or into the mixing bowl as shortening for fluffy cakes or flaky pie crust—these are a few of the many uses you can make of the same contents of a can of Kream Krisp. For after using Kream Krisp for frying, you only have to strain it to make it as good as new for another frying—or for shortening. Once over the fire Kream Krisp heats quickly. Now put into it some fish croquettes—almost instantly it forms on them a crisp, brown crust. This crust formation not only means economy in the use of Kream Krisp in that it does not soak up the fat, but it makes the croquettes more palatable—wholesome—and easily digested. Now in the same kettle you can fry doughnuts or potatoes. No matter how varied the frying in which Kream Krisp is used, it does not absorb flavors or taint foods. Buy a can of Kream Krisp today and try it in your favorite recipes. BROWN COMPANY Kream Krisp Department, Portland, Me. Purely Vegetable KREAM KRISP The Universal Shortening
