

PASTOR PLEADS FOR SUBSCRIPTIONS FOR WAR WORKERS

To the Public: I wish to endorse what my ministerial brethren have already said in behalf of the United War Work campaign. In addition let me say that I have subscribed to the idea, "It is the people's war," and that we are all enlisted to make the world safe for democracy. I have been urged to say not that, "We have an army," but "That we are an army." While many of us have been deprived of the privilege of being "somewhere in France," yet we have felt the thrill of going "over the top," in every appeal that has come to us with the sanction of our government. It has been a real joy to back up our boys in every way. Because of our universal participation we are sharers in the celebration of the signing of the armistice which we believe will bring peace. None of our boys has, as yet, received and honorable discharge from service, and I cannot conceive that any of us would grant ourselves one, if that were possible. As they went forth to hardship and suffering, some to enemy prisons, some to languish in hospital, and some to die, what joy we had in knowing that in addition to what our government did in safeguarding them, these seven war work agencies were helping, cheering, and ministering to them from the home base to the front line trenches. Now these united agencies are asking for our liberal contributions to aid them in their Godly and humanitarian work so that they may stay by our boys all the way from Berlin until they come marching home again. Of course we will give, gladly and cheerfully give for this cause. Because of our giving the boys will come home safer, better, surer. No, there can be no honorable discharge for any of us, until we see them home again reaching out for mother's doughnuts and coming again under the sweet and hallowed social and religious influences of home and church and country. C. R. CARLOS, Pastor First Methodist Episcopal Church.

The church and fire bells followed suit and soon all the flags in town and every noise-making device were in evidence with all the boys and girls on the march. Linden Hatch soon had all the boys with flags and music in his auto truck and they made the Evans valley ring, going up one side of the creek and down

Perfect Womanhood

Perfect womanhood depends on perfect health. Beauty and a good disposition both vanish before pain and suffering. A great menace to a woman's happiness in life is the suffering that comes from some functional derangement which soon develops headaches, backache, nervousness and "the blues." For such suffering, women find help in that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which for three generations has been restoring health to women of America. Adv.

Score One For Medford Flour

I recently purchased some of the VILMO BRAND of flour, made by the Rogue Valley Milling Co., of Medford, and I found it the best flour I have used in Oregon and I cheerfully recommend it to all users of flour. I am not in the habit of handing out bouquets to millers, politicians, etc., but if a Medford mill can place such a good brand of flour on the market they shall have my patronage and should have yours, too.

COMB SAGE TEA IN FADED OR GRAY HAIR

If Mixed with Sulphur it Darkens so Naturally Nobody can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Weyth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Weyth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
