ASHLAND AND VICINITY

The city council at an adjourned meeting on Monday evening, again tackled the problem of the municipal budget, this being fixed finally at 16 and 53-100th mills, which will yield over \$10,000 to meet general expenses, for which a specific tax is levied, the balance of revenue to be derived from public utilities and miscellaneous sources. Last year the levy was 15 and 8-100th mills. The increase this year will provide approximately \$2,000, affording a nucleus for a sinking fund with which to meet future bond redemption obligations.

The Business Men's association has voted to merge with the Commercial club, its status hereafter to be a bureau of that organization, and its chief activities will be continued as heretofore under somewhat modified auspices. A systematic and comprehensive rating list will be continued. This merger is viewed as a sound business proposition, also a move in the way of economy. It was found disadvantageous to keep two organizations where one would answer the purpose. It now remains for the Commercial club to ratify the action taken by the other body, a result which is expected to take place at the club's regular meeting Friday evening, November 22.

The name of E. V. Carter, president of the First National bank of Ashland, occurs among the list of Oregon nominees for Federal Bank director, the terms of two of these officials expiring December 31. Oregon is included in Group B, which incorporates nearly 400 banks throughout several international and coast states. The money is for class "A" director. In group 3 there are 15 candidates, three of whom are from Oregon. Directors in this classification serve in an honorary capacity, and although the duties do not require constant service, there are occasional meetings which these officials are required to attend. The banks nominate their own candidates, and each member bank in each group has one vote.

Anticipating the joyous Thanksgiving holiday by a week, the C. L. Hanson family, residing on Pine street, were guests on Wednesday at the home of County Judge Tom Valle, near Medford, the families being related. Generous hospitality permeated the atmosphere, the genial warmth and glow being reminders of the cheery environment of the respective families in their "Old Kentucky Home," the happy traditions of the "southern" having been transplanted to our northern clime to mingle with the time honored social courtesies, also prevailing in sunny southern Oregon.

Bea Hatfield is the new proprietor of the Park garage, having assumed control on Wednesday this week. Oscar Bremman, who has been assistant manager of the California-Oregon Power company, at Klamath Falls, has been appointed master mechanic for the entire system controlled by that corporation, headquarters being at the big plant at Coquille. The

family recently passed through Ashland, their residence to be in Medford. William B. Shearer, of Yreka, lately re-elected state senator for the district including Shasta, Modoc, Lassen and Shasta counties in northern California, is a cousin of Ed. B. Shaw of this city.

Miss Hazel Lowe is home from her school in the vicinity of Willows, Cal., and will remain pending influenza epidemic developments in that locality.

Mrs. Esther Shiby Ashcraft has returned from a visit to her parents at Klamath Falls. Her father's condition is unimproved and he has been removed to the S. P. hospital at San Francisco, Mrs. Shiby accompanying him, she also being in a frail state of health.

R. C. Stock has returned home after a five-day duck hunting outing among the Klamath lakes. Quite a number of other parties from here are enjoying the shooting over there, the supply of game this season being unusually plentiful as to both ducks and geese.

A fine portrait of Crit Tolman, Ashland boy in the aviation service, who has won special commendation for meritorious skill in that department of the army, adorns the window of the city recorder's office. The query is, which young lady employed in that office planned the portrait in its ornamental position.

The school election last Monday to vote on the budget estimates for the forthcoming year, called out 47 qualified voters, 39 of whom favored the budget straight, seven being opposed.

Leroy Ashcraft is home again, after a summer's campaign in a responsible position with the Pelican Bay Lumber company of Klamath county.

Donald Dickerson, corporal in the quartermaster's corps, Fort Stevens, arrived here on Thursday, for a visit with the home folks, particularly his mother, who has been ill for some time past.

S. P. Shult, recent arrival here from Idaho, who is advertising for a small furnished house with modern improvements, has located his family temporarily in apartments on Allison street.

The union Thanksgiving service this year will be held at the Baptist church, the sermon being preached by Rev. C. F. Koelder, Presbyterian pastor.

The Red Cross advance department holiday sale begins Saturday, November 30, and will continue until Christmas day.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you. The American and women must guard against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to urinate two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and sodium chloride. It is so gentle to flush and stimulate sluggish kidneys, to neutralize the acids in the urine so it is no longer a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney during any time.

Think Now About the Time to Come Afterward. When you hold in your arms your tiny new infant, be sure that you can feel that before its arrival you did all in your power to give it a happy, permanent inheritance. Science says that the health and vigor of the expectant mother greatly affect the health and disposition of the future infant.

The tablets are entirely safe, and give relief to the most distressing conditions usually attendant upon pregnancy. They are a wonderful bright and happy disposition, which reflects so markedly upon the unborn child.

HER DAUGHTER WAS SAVED FROM OPERATION

Mrs. Wells of Petersburg Tells How.

Petersburg, Va.—"For two years my daughter suffered from a weakness and pains in her right side; at times she could not do any work. For 1-0 years she was attended by the best physicians here, and both agreed that she would have to be operated on. I suggested Lydia E. Pinkham's Vegetable Compound, and at first she refused to take it, but finally consented. From the very beginning it helped her, and now she is entirely well, and telling everybody how much good it has done her."

Every girl who suffers as Miss Wells did, or from irregularities, painful periods, headache, dizziness, dragging down pains, inflammation or ulceration would only give this famous root and herb remedy a trial they would soon find relief from such suffering. For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years' experience is at your service.
