Messrs. M. O. Arvent, M. C. Arvent, Benton Keel and H. Woeschl of Grants Pass spent the night with us on their way to three large logging tracks on their way to fill a contract for the delivery of a large quantity of saw logs to the Butte Falls Lumber company's mill. The understanding is that the mill company is to lay a blank road from the dumping ground to the timber and they, the mill company, to load the saw logs on the cars, and the contractor, Mr. Arvent, is to deliver them at a certain rate per thousand feet. And I have heard it predicted that the three trucks, if kept busy would supply the mill all winter with logs. But we hope that the critic was mistaken and that the mill will do a thriving business.

Mrs. H. P. Platt of Medford called for dinner Thursday.

Mr. Duprey, who owns and operates a sawmill four miles west of Butte Falls, came in Thursday evening and spent the night, going to Medford Friday and back, and spent Friday night with us. He says that he has about two weeks sawing to do and then he will shut down and put in the winter cutting logs and wood, says that he has a quantity of large timber on his place that is too large to saw, as it does not make good lumber on account of the limbs being so large, makes the lumber too knotty.

Thomas Gilbertson and two of his boys were doing business here Friday.

A. W. Smith of Astoria came in Friday morning and spent the day and night with us taking the train for Butte Falls the next day. He was going to visit a daughter in that vicinity.

CLAY TALLMAN, Commissioner, General Land Office

EBERT APPEALS FOR COOPERATION TO SAVE NATION

COPENHAGEN, Nov. 26.—Chancellor Ebert is reported in a dispatch from the semi-official Wolff bureau of Berlin as having addressed a conference of delegates from various parts of Germany, who gathered in the chancellery's palace yesterday and to have urged co-operation thruout the former empire in dealing with the present situation.

The chancellor said that when the present government took charge everything was in ruins. Now, however, a socialist republic had replaced the monarchy and power had been put in the hands of the workmen and soldiers. The first aim to be achieved, Herr Ebert continued, was peace and the security of the economic basis. Every workman and soldier, he declared, must labor to his utmost for the rebuilding of the state. Liberty was worthless without food and employment, he pointed out, and the summoning of a national assembly was necessary to secure the co-operation of the central administration and the federated states.

The cabinet would on Tuesday, Herr Ebert said, consider a bill for the election of a national assembly, but provisional arrangements must be immediately made for the government of the federated empire.

Dr. Solf, the minister of foreign affairs, declared the situation was extremely threatening, owing both to the "enemies" will to destroy Germany and the separatist movements in that country. He based his hope of solving the pressing problems upon the conference then in session.

Herr Kurt Eisner, the Bavarian socialist premier, protested sharply that both Herr Ebert and Dr. Solf were compromised by being representatives of the old regime.

GERMAN NAVY IN POOR CONDITION

FIRTH OF FORTH, Scotland, Monday, Nov. 25.—Germany's navy has been ruined for all time, on the opinion of a German lieutenant on the one of the warships surrendered to the allies. He said today:

"Now we have only a dishonorable record. No one will wish to serve in a disgraced service."

Inspection of the German vessels is proceeding. They are in a deplorable state, having been apparently neglected for a long time.

AMERICANS CAMP ALONG MOSELLE

WITH THE AMERICAN ARMY OF OCCUPATION, Sunday, Nov. 24.—(By Associated Press.) American forces are standing on the west side of the Moselle river tonight. The extreme left of the line is at the frontier village of Vallendorf, on the Sauer river. From this point it follows the Sauer to its confluence with the Moselle and extends along the latter river as far south as Garach.

The Third division was the first to reach the German frontier, having established headquarters overlooking Germany today. This division will remain along the line near Reulich, on the southeastern frontier of Luxembourg until the army of occupation moves ahead into Germany. Among the other units on the American front is the 26th infantry of the First division which has its headquarters in Thunay. Lieutenant Colonel Theodore Roosevelt, Jr., is occupying a room in a hotel there formerly occupied by Major von Hindenburg, son of the field marshal.

GRANDMA USED SAGE TEA TO DARKEN HAIR

She mixed Sulphur with it to Restore Color, Gloss, Youthfulness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and hair becomes so beautifully dark, glossy, soft and luxuriant.

Its preparation is a delightful toilet requisite and is not intended for the cure, mitigation or prevention of disease.
