

### XMAS HOLIDAYS ELIMINATED BY SCHOOL BOARD

After careful consideration with a viewpoint as to the interests of all concerned, the following resolution was passed by the board of education in session November 26, 1918: "That the superintendent be authorized to continue school for the balance of the year as at present at the regular hours; that the holiday vacation be eliminated with the exception of Christmas and New Year's days; that school be taught on Friday following Thanksgiving day; that the loss time be made up by intensive teaching of essentials, teaching alternate Saturdays during the months of January and February, and by the extension of the school year at the close of the year for three weeks; that this resolution be put in today's issue of the press and that the statement be signed as coming from the board of directors and that it be stated that this is the first action taken by the board on the matter."

"Signed, Board of Directors, Medford City Schools."

It is believed that all those concerned will approve of this plan when considered carefully for an opportunity will be given to make up the work lost without crowding pupils. The fact that the sessions on Saturday, that is, every other Saturday, do not take effect till January and February will give opportunity for longer days, as to light, conveniences, etc. The extension of the term for the year by three weeks with the elimination of the Christmas vacation will make the school year close about June 13, which is one week earlier than the school year closed last year.

### KLAMATH-PORTLAND CASES COMBINED

SALEM, Nov. 27.—The expected decision in the two warrants proceedings brought by the state, on replection of T. L. Perkins against Dan Kellaher, Portland city commissioner who refuses to give up his job, was not handed down Tuesday. Instead the city of Klamath Falls, represented by City Attorney R. C. Groesbeck, has been granted the privilege of appearing in the case as amicus curiae in order to settle at the same time the controversy now raging in that city over the mayorality. That city has two mayors.

The Portland and Klamath Falls cases are similar as both have resulted from the operation of the constitutional amendment requiring all elections to be held on the same day. The validity of this amendment is being attacked along with other questions raised as to procedure if the amendment is upheld.

### FOUR BEARS BAGGED BY KLAMATH HUNTER

KLAMATH FALLS, Nov. 27.—To not four bears in one day was the experience of William L. Frain, a well known resident of the Beswick district southwest of this city, who secured his trophies in the mountains of the Spencer and Clover creeks district.

Frain left home November 17 with his saddle horse and dogs and, altho he was unsuccessful the first day, his dogs found fresh tracks early the next morning. The first animal treed proved to be a cub, which was shot. The dogs soon after located the mother bear and two more cubs in another tree. Frain shot the mother, who then came down the tree after the dogs, but she was killed by another shot before she got to them. The other two cubs were killed. Frain had to return home for a wagon in order to transport his meat home.

### UNCLE SAM TO CONTINUE CONTROL OF NEWS PRINT

WASHINGTON, Nov. 27.—Withdrawal of all restrictions affecting the publication of periodicals except daily, Sunday and weekly newspapers, effective immediately, was announced today by the war industries board.

Publishers of daily and Sunday newspapers, in recent conference with the board, requested that it continue control over the use of newsprint for the present.

Daily publishers are urged to send in November reports without delay. It is explained that regulations affecting their business may be withdrawn within sixty days, but that complete reports should be on file in the event this work is turned over to any department.

Restrictions governing weekly newspapers will be lifted December 1, the board said, because the amount of paper consumed by these publications was not sufficient to affect materially the newsprint situation.

Restrictions on the manufacture of wall paper also are withdrawn, effective at once.

### WHITE GUARDS IN FINLAND TRIED TO RID LAND OF REDS

STOCKHOLM, Oct. 29.—(Correspondence of the Associated Press.)—Socialist and liberal members of the Swedish riksdag, numbering 153, have signed a petition for mercy for nine Finnish socialists, who have been doomed to death or imprisonment by the White Guard for alleged rebellion. They assert there is good reason for calling the recent regime in Finland a "White terror."

They were among the best representatives of Finnish social democracy. Some of them were on their way to the opening of the diet when they were arrested. No one here is convinced they are held responsible for the bloody deeds laid at their door, seven out of the nine convicted having against their own convictions, and most unwillingly, served as officers of the Red government.

Vrijo Mackelintz, a veteran advocate of freedom, is alleged to have written agitating articles. Eetu Salin, who against his will, was made editor of the Red official gazette, signed a proclamation calling on the Reds to lay down their arms. Paavo Leppanen, did not agree with the insurrection, and sent to Viborg where he acted as an editor, and for the articles he then wrote was condemned to die by the White guard. Nestor Aronen and five others were convicted

on the same sort, or even weaker, testimony.

After careful examination of the rest of the cases, where sentences of from twelve to three years at hard labor were imposed, there is a most lively impression here that the recent regime in Finland tried to rid the country of the socialist party.

AMSTERDAM, Tuesday, Nov. 26.—The Czecho-Slovak department of national defense has mobilized the active reservists for the year 1895 and 1899 inclusive, and ordered all men under arms up to forty years of age to remain in the service according to a Prague dispatch under Friday's date.

Read this:

Edwin J. White, former dairyman at 222 East Main street, says: "I was nearly laid up with an attack of lumbago. It came on with any warning and I thought my back was broken. I couldn't straighten up and went about all bent over. A friend advised me to take Doan's Kidney Pills, which I did, and soon I was able to get about. It required only one box to fix me up in fine shape and since then I have never had any trouble with my back and kidneys."
