

HIGHWAY BUILDING TO BE RESUMED BY GOVERNMENT

WASHINGTON, Dec. 3.—Cooperative highway construction under the federal aid road act must be resumed as quickly as possible in full measure, the secretary of agriculture, D. F. Houston, stated at a conference of editors of agricultural journals held recently in Washington.

From unexpended balances of federal appropriations for the last few years, from state funds beyond what was necessary to meet the federal allotments, and from amounts available during the current fiscal year, approximately \$75,000,000 will be available for expenditure during the calendar year. Next year, if all the balances should be expended during this year, and we should have to rely solely on the funds accruing next year, there will be about \$29,000,000 from federal appropriations, and probably more than this amount from state sources, according to the secretary's statement.

The states, in addition will expend sums in excess of what they have assigned, or will assign, for federal aid road projects.

"It seems to me," said the secretary, "that we should take a further step—take this step not only because of the importance of good roads, but also because of the desirability of furnishing worthy projects on which unemployed labor during the period of readjustment may be engaged. There will be many things suggested for which federal and state funds will be sought. Some of these will be unworthy. Clearly such public works as roads are worthy, and it would be in the public interest to make available larger appropriations from the federal treasury to be used separately or in conjunction with state and local support.

TURKS DEPORTED 700,000 GREEKS

LONDON, Dec. 3.—Reuter's limited has received from Greek sources figures showing that in the spring of 1914 the Turks deported 700,000 Greeks. Since the beginning of the war to the end of 1917, the Turks deported 2,140,000 Greeks and Armenians, of whom 900,000 Armenians and 702,000 Greeks have been massacred and 200,000 mobilized Greeks have been put to death or have died of their sufferings. Greek property taken by the Turks is valued at three billion francs.

CAPTAIN VICTOR BLUE MADE REAR ADMIRAL

WASHINGTON, Dec. 3.—Captain Victor Blue, now commanding the surf-dredging tug Texas, has been selected for detail as chief of the bureau of navigation, with rank of rear admiral. He was chief of the bureau for four years ending in August, 1916, when he was assigned to sea duty.

Captain Blue succeeds Rear Admiral Leigh C. Palmer, recently relieved from sea duty. Captain Harris Lansing, who has been acting as head of the bureau, will continue temporarily as assistant to Captain Blue, but soon will be assigned to a ship.

Washington, Dec. 3.—Postmaster General Burleson has dismissed from government service Edward Reynolds, vice-president and general manager of the Postal Telegraph Cable company, and A. B. Richards, general superintendent of the company's Pacific coast division, for alleged insubordination against the government's plans to amalgamate the Postal with the Western Union Telegraph company.

BUSINESS UNITES FOR COOPERATION IN RECONSTRUCTION

ATLANTIC CITY, Dec. 3.—Organization of virtually all industrial and commercial interests of the nation into a single unit to represent business in general will be undertaken, a series of conferences, opening here tomorrow and continuing until Friday, of war service committees of each industrial or trade group formed during the war as mediums for negotiation between the government and their respective business. There are more than 500 of these committees, each composed of the leaders of the industry or trade, and the conferences are expected to bring together between 2000 and 3000 prominent business men to discuss problems of reconstruction, industrial relations after the war, raw materials and their control, price regulation, amended anti-trust legislation, export and import regulations, financial supervision and similar subjects.

It is planned to organize the industries represented by these 300 or more committees into 35 groups, aligned according to interests, and finally into ten master groups, which will federate in a single organization. The importance of this movement, its organizers say, is that it will effect the largest organization of business interests ever attempted in the United States.

The conference was called by the chamber of commerce of the United States, which has assisted in the organization of war service committees for each industry to cooperate with the war industries board and other government agencies in regulation of production during the war. A number of prominent speakers have been engaged for the general sessions, and each industrial or trade group has formed its own program of topics for consideration and of speakers.

The principal immediate purpose of the conference will be to determine practical methods by which industry may cooperate more closely with the government during the reconstruction period by a more centralized scheme of organization.

LAND SWINDLERS CONVICTIONS UPHELD

SAN FRANCISCO, Dec. 3.—Conviction and sentence of W. F. Haltwell and W. P. Lick of Portland, Ore., for defrauding thru the mails in connection with Oregon and California railroad land grant sales were upheld by the United States circuit court of appeals here today.

According to the evidence Haltwell and Lick represented to prospective customers that they held 160-acre lots of the railroad land which they would sell for \$2.50 an acre and such representations were unfounded. Haltwell was sentenced to 13 months in the McNeil Island federal penitentiary and Lick to three months in the Multnomah county jail.

ACCUSE PACKERS OF CONSPIRACY

WASHINGTON, Dec. 3.—The federal trade commission, in a supplemental report submitted to congress today charged the five big meat packing companies of the country with a combination in restraint of trade and with controlling the sale of livestock and "resh meats."

Evidence is cited at length to support the charges. Swift and company, Armour and company, Morris and company, Wilson and company, Inc., and the Cudahy Packing company are named.

POSTAL MANAGERS FIRED BY BURLESON

NEW YORK, Dec. 3.—Postmaster General Burleson has dismissed from government service Edward Reynolds, vice-president and general manager of the Postal Telegraph Cable company, and A. B. Richards, general superintendent of the company's Pacific coast division, for alleged insubordination against the government's plans to amalgamate the Postal with the Western Union Telegraph company.

Total bank deposits of Linn county banks, November 1st, was \$4,252,874.23, an increase of over \$100,000 since August 31st, despite various Liberty loans and war work drives staged in this county.

Four million young Americans will be a healthier and stronger lot of men due to the military training they have received—also they will be a terrible menace to the L. W. W. and others of that ilk.

AUSTRIANS WANT AMERICAN TROOPS TO KEEP PEACE

VIENNA, Wednesday, Nov. 27.—(By Associated Press.) On all sides in the former empire one hears the plea that small bodies of American troops be sent to the centers of population for the purpose of keeping order. Such a step, it is held, would work against the tendencies of unbridled chaos by the countless political and boundary disputes among the numerous races, and help prevent any trend toward Bolshevism.

It is urged by Jewish residents arriving here from Przemysl and Lemberg, for instance, that the presence of a few American uniforms would be sufficient protection against antisemitic outbreaks.

The most recent example of the literalness with which the peoples of the old dual monarchy have interpreted President Wilson's conception of self-determination among everybody of people of the same tongue and race is to be found among the inhabitants in the region of Gottschee, some 30 miles north of Trieste, a body of about 20,000 German-speaking people living in the heart of Jugoslavia.

Representatives of the Gottschee group visited the correspondent at Trieste three weeks ago, and also came to him after their arrival here, explaining that they wished the protection of America against the Jugoslavs so that they might declare a republic.

EAGLE POINT EAGLETS

Charles Woodworth, a professional trader, spent Wednesday night with us, and so did Miss Elsey Cleveland. The same two were mentioned in my last and when I wrote I supposed that they were going on up the country. Miss Elsey is the fourteen year old girl I mentioned. The little girl was without friends and had started out to walk from Medford to the Honkang place, two and a half miles above Brownboro, nineteen and a half miles from Medford, and was picked up by Mr. and Mrs. Mae Cochrane and brought to the Sunnyside, and Mr. Woodworth learned the facts in the case. He kindly proffered to pay her hotel bill and have her remain over night and he would take her on the E. P. L. C. stage as far as she would go on his road. He was going to Fish Lake, so they both went on Friday morning and she was started on the right road to find her father. The girl said that her mother worked in a hotel in Medford and that she had a sister older than she was. I suppose that she reached her destination all o. k. for I saw the stage driver the next morning and he reported that she was started on the right road.

Miss Alice Schleichert of Medford was out visiting Miss Mary Robertson Thanksgiving day.

Mrs. Howlett gave a Thanksgiving turkey dinner and among the guests were Mr. and Mrs. Ernest McKee and little daughter, Mr. and Mrs. Winfield Bailey and son Ralph, Mrs. Archie Ash and two daughters, Misses Gertrude and Frances. The two misses are from San Francisco, Cal., visiting their mother, S. H. Harnish, Rand and Robbie Harris, Mr. and Mrs. Fred Dutton.

Mrs. Amy Brown gave a Thanksgiving dinner on Thursday and among the invited guests were Mr. and Mrs. R. G. Brown, Mr. and Mrs. W. H. Brown, Mr. and Mrs. S. B. Holmes, Miss Hazel Brown, Dr. and Mrs. W. P. Holt and daughter, Miss Helen, Mrs. W. C. Clements and Joe Mooman. It was a kind of a family affair as nine out of the company, that including the host and hostess, were relatives, and a very pleasant time was had. And they, no doubt, felt thankful that the fearful war was over and that they were all alive and well.

Thanksgiving day was very quiet in our little town. Porter J. Neff of Medford came out on business on the train and J. S. McIntyre and he went back to Medford for dinner.

E. C. Hamilton, who is working in the interest of the Fish Lake Ditch company was here Saturday for dinner and was trying to secure teams to haul the two car loads of lumber from here to Lake Creek to repair the flume across that stream.
