SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is an inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

noon. The work now will be for the relief of the women and children of France and Belgium, and every woman should be interested in this work. We little comprehend the privations and suffering the women and children of these countries have endured and we should try our best to supply as many of the necessities as is in our power. We may not be able to give financially as we would wish, but we can surely give one afternoon a week to help supply these comforts. It is now coming winter and while we enjoy the warmth of our fireplaces let us let our minds wander to those people who have shared the awful horrors of war that we also may be safe in our country.
