

VICTORY BOYS AND GIRLS DOUBLED WAR DRIVE QUOTA

The following table shows the names of the school districts of Jackson county and the amount of the pledges secured by the boys and girls for the United War Work campaign fund.

We should be glad to publish a complete list of the pupils who contributed, but such a list would contain the names of upwards of 2,000 students and is not available at this time as pledges are still in charge of the teachers who are authorized to receive the unpaid pledges as they become due and to deposit for the same. The official receipt books will be returned to the county chairman as soon as all pledges have been paid in any district, and these together with the pledge cards will be available for future reference.

School districts Nos. 4, 5, 7, 13, 22, 38, 54, 56, 60, 72, 73, 92, 94, 97, and 99 were considered as belonging in the southern half of the county and their quota is thrown into the Ashland or Southern Jackson County fund. The following table shows the total amounts pledged from the two sections:

Cash paid on subscriptions, etc., north, \$759.22; south, \$259.58. Total for county, \$1,018.80.

Pledges outstanding, north, \$598.10; south, \$189.37. Total for county, \$787.47.

Total subscriptions, north, \$1,357.32; south, \$448.95. Total for county, \$1,806.27.

Table with columns: Name of School District, Quota, Am't Subscribed. Lists various districts like Jacksonville, Griffon Creek, Ruch, Phoenix, Ashland, etc., with their respective quotas and subscription amounts.

Total quotas \$1050.00 Subscribed \$1806.27

Word of Attention to Women When you feel too tired to work, when dark puffs appear under your eyes, when you wake up weary with backache or pains in sides and loins, when muscles and bones ache, when you suffer rheumatic twinges, when lumbar puts you down, then you know the kidneys are weakened or disordered. Mrs. T. J. Bucknell, Route 1, Hardy, Neb., writes: 'I am recovering from an attack of lumbar, by the aid of Foley Kidney Pills. They surely have helped me.' For sale by Medford Pharmacy.

AT PAGE SUNDAY, MONDAY AND TUESDAY

Charlie Chaplin IN HIS SECOND MILLION DOLLAR PICTURE "SHOULDER ARMS"

OSCAR FIGMAN IN MUSICAL HIT AT PAGE TONIGHT

A typical Hammerstein modern musical comedy in which there are some very beautiful costumes on the part of the ladies in the cast and chorus, plenty of Rudolf Friml's charming music, sung and danced to Edward Clark's captivating lyrics and Robert Marks' sprightly dance numbers and several specialties, plenty of Otto Harbach's keen, witty, jovious comedy, and many clever pinpoints, is what one will see in "You're in Love," coming to Page theater Saturday, December 7, after a wonderful hit in Portland last week. For this production Mr. Friml has composed some of his characteristic music—music with a swing and glide to it that is easily remembered and at once becomes popular. "You're in Love," "I Am Only Dreaming," "Loveland," and "Boola Boo" are now famous song hits, and with others of his score, like "Things You Must Not Do," "He Will Understand," "The Musical Score," "A Year is a Long Time," "Married Life," "Snatched From the Cradle," "Keep Off the Grass," "Buck Up," are to be found on almost any music rack in America. As to scenery and costumes, "You're in Love" can lay claim to an elaborate and effective an investiture as any company on tour, and never has there been a more novel and unique stage mechanism devised than that shown in the last act. A big boom attached to the mast of a ship, springs out over the audience with a pretty girl on its very tip, singing a quaint melody. Oscar Figman, the well known comedian heads a brilliant company of 45.

ELSIE FERGUSON AT THE LIBERTY TONIGHT

Elsie Ferguson's latest starring vehicle, "Heart of the Wilds," a superb Artercraft picture now on view at the Liberty theatre, tonight only, is in every respect a worth while photoplay. Miss Ferguson has a western portrayal of exceptional interest and its artistic merit is readily appreciated and admired by the patrons of that popular playhouse. This picture was taken at Yellowstone park and never before has such superb scenery been shown for a western drama. Sunday and Monday Ethel Clayton in "The Girl Who Came Back," with a wonderful cast including Elliott Dexter, Theodore Roberts, etc. A Mack Sennett comedy "Beware of Boarders" will also be shown.

THIRTY AMERICAN PRISONERS RETURN

LONDON, Dec. 7.—Thirty American soldiers released from a German prison camp in West Prussia, landed at Leith, Scotland, yesterday, with one thousand British prisoners of war, many of whom were in an emaciated and pitiable condition.

CHROME MINERS MEET AT YREKA TO SOLVE CRISIS

A meeting of chrome producers of the county was held yesterday forenoon in the chamber of commerce quarters, says the Yreka News. The meeting was called at the instance of Secretary Walter H. Chase of the Northern California Counties association which organization is endeavoring to lead assistance in bringing order out of the chaos of the chrome situation. C. J. Luttrell presided. The meeting was a decidedly representative one the composed only of the smaller operators. About 20 were present and a canvass of the amount of chrome held by them ready for shipment made a total of 2500 tons. For various reasons none of the heavier producers were present, but a good working knowledge of the general situation was arrived at from information which some one of those present was able to supply. Market conditions and production were discussed at some length and it appeared to be the consensus of opinion that assistance should be lent the Pacific Coast Chrome Producers association in bringing about stable conditions applying to both market and price. A meeting of this organization was held in San Francisco yesterday afternoon and a telegram was sent to R. A. Murray who was in attendance as a representative from Siskiyou county. A representative will be sent to Washington and it is understood the matter will come up for action on the 15th and 16th instant. Chrome miners will then know whether it will be possible to develop the industry or whether it is something to be abandoned at a loss. Some very interesting information was brought out at the meeting. For instance, the question was asked how much it would be possible for Siskiyou county to produce. This was something all conceded to be utterly impossible to answer. They agreed that the possibilities were simply incalculable. There are immense deposits which have never been opened, and under favorable conditions for developing deposits the production would run into thousands of tons monthly. The amount produced by those present was estimated at 1000 tons monthly, but under favorable conditions interests represented by Claude E. Gillis, for instance, contemplated the production of 2000 monthly alone, so that it is impossible to conceive the possibilities of the industry in the county. It is certain, however, that under conditions that will permit operating at all it will mean many millions, and the outcome of efforts in behalf of the industry is awaited with much interest.

FEAR WILSON'S EFFORTS NULLIFIED

BERLIN, Friday, Dec. 6.—(Via Copenhagen). The summary of the address delivered by President Wilson before congress last Monday which has reached here is presumably inadequate and hence there has been little comment on it in the news papers. One of them, however, the Korrespondenz, organ of the national liberals, declares that the Germans will seek in vain for any substantial comfort in the message. It expresses the belief that President Wilson's program, to which Germany supposed the United States and the allies had pledged themselves, will have only a shadowy existence at the peace conference. A large majority of Germans be-

lieve in President Wilson's good intentions and all their hopes are centered in him, but there is a general fear which amounts almost to a settled belief that he will be unable to force his program thru.
