Women in War Work

Mrs. Elizabeth Dodge is campaign manager of the Red Cross Christmas roll call, and universal membership is the goal. Let us make Jackson county 100 per cent to the good, in the drive that is about to take place which is for membership only.

What is the home service department? It is asked many times by people interested in Red Cross work. It is a branch of the Red Cross created especially to look after the comforts and welfare of the families of soldiers and sailors, during their absence over seas and to minister to their wants, if necessary in a quiet, and kindly manner.

It isn't a charity institution any more than the Red Cross in France or any other country is a charity institution, yet it maintains a careful watch and keeps a sheltering arm—as "the Father" doth his children—over those of the soldiers' families who have not all the comforts of life and those who are ill and in distress. In cases where a remittance is slow in coming or goes astray, a word to Mrs. Charles Schaffelin will bring quick results and all applications are treated in a confidential manner and information gladly and quickly given.
Since October 15th, 130 discharged and disabled soldiers and sailors have been referred to the Home Service sections through the northwestern division office.

The National Association of Credit Men have placed its facilities at the disposal of the American Red Cross for the benefit of any business carried on by families of soldiers and sailors. Through this arrangement the adjustment bureau of each local association will co-operate with the local Red Cross Home Service wherever the business of any of our fighting men needs any expert commercial advice or relief during their absence.

Jerusalem is to have its winter garden in regular American style, for winter is their garden season. The district is faced with serious food shortage and the American Red Cross launched a campaign for a garden on every vacant lot within and about the city.

Mrs. Leonard as chairman of a committee of ladies, spent four days inspecting and wrapping over 500 Christmas boxes packed with goodies from the home folks for the Jackson county boys overseas. The local chapter sent 12 boxes (our allotment) to boys without relatives in this country. Mrs. McCormick was chairman of the committee that purchased and packed these Christmas boxes.

Red Cross sewing rooms are sadly in need of women to work on the refugee garments that are allotted to Medford chapter. Appeal after appeal has been made through the local press and still scarcely any response, which is very disappointing to those in charge and surely is not a flattering report of the heretofore splendid attendance and work done by this chapter.

The following lines were penned, before hostilities ceased, in answer to what is considered the greatest war time poem, "In Flanders Fields."

In Flanders Fields
(An Answer.)
By C. B. Galbreath.
In Flanders fields the cannon boom
And fitful flashes light the gloom.
While up above, like eagles, fly
The fierce destroyers of the sky;
With stains the earth wherein you lie
Is redder than the poppy bloom.
In Flanders fields.

Sleep on, ye brave. The shrieking shell,
The quaking trench, the startled veil,
The fury of the battle hell
Shall wake you not, for all is well,
Sleep peacefully, for all is well.
Your flaming torch aloft we bear,
With burning heart an oath we swear
To keep the faith, to fight it through,
To crush the foe or sleep with you
In Flanders fields.

AMERICAN FINDS WORK FOR GERMANS

LONDON, Dec. 7.—Dr. James Grack, an American who has resided for a long time in Germany, is head of the department at Berlin which is finding work for idle men, according to a Berlin dispatch to the Express. Three thousand applicants for work registered daily with him, it is said, and twenty-four thousand men are now unemployed there.

Less than a quarter of the Berlin troops have as yet returned from the front and it is estimated there will be 70,000 idle when demobilization is completed. The dispatch to the Express was sent Thursday evening and deals lengthily with the labor situation, but does not mention any disorders such as were reported yesterday from Amsterdam.

To Guard Against Influenza
Don't let the dread influenza get you. If you have even the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry Willis, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." He says: "I suffered severely with a bad cough; after using four or five dollars' worth of different medicines decided to try Foley's Honey and Tar. One bottle gave relief. Best medicine I ever used." Contains no opiates. For sale by Medford Pharmacy.

The Outbursts of Everett True

GOOD BYE, WIFE—IF I GET THE "FLU" I'M GOING TO STAY DOWN TOWN SOMEWHERE, I DON'T WANT TO COME HOME HERE AND GIVE IT TO YOU AND OTHERS

DO YOU THINK FOR A MINUTE THAT YOU WOULD GET BETTER CARE AWAY FROM HOME? PUT THAT HAT ON STRAIGHT AND RUN FOR YOUR CAR!!

PERMANENT WAGE RAILROADS SCALE SAMS VALLEY

NEW YORK, Dec. 7.—Establishment of permanent wage rates for the 2,000,000 railway workers of the United States, to continue after the cost of living has decreased, is the aim of the United States railroad administration, according to W. S. Carter, director of the division of labor, who spoke here today on "The Effect of Federal Control on Railway Labor" before the academy of Political Science.
The government, said Mr. Carter, took over the railroads with a majority of employees educated by experience to believe in the theory of the strike and it has taken time and patience to convince them that "under control justice will prevail, without strike or threats of strike."
Standardization of wages and working conditions of railway employees, Mr. Carter believed, would prove to be the most pronounced effect of federal control.

One of the saddest occasions of the valley was the death of Roy Green who was a victim of influenza. The mother alone nursed the case within a short time of his death, when his sister, Mrs. Miller, arrived from Arizona, to assist her. The wife, being in a delicate condition, was kept from her husband's home, last seeing him when he left for Portland with a car of stock. She was sadly shocked by the news of his death. The baby boy was born the morning of the husband's death.
The ground being in proper condition, the farmers are taking advantage by sowing the prepared ground before another rainfall.
School was closed Monday, over the fear that Mrs. Burford, who suffered an unusual attack of neuralgia, might possibly have influenza. However, school was resumed again Tuesday with a low attendance. It only takes a cough or a sneeze to cause us to go back into our shells, but it pays to be careful when this epidemic is going.
Leonard Shelby from Coeno, Calif., and former resident here, visited Saturday and Sunday with friends in the valley.
Edgar Peffy who is suffering from a severe cold is improving rapidly.
The Bushnell family lately removed from our locality to Tacoma, Wash., where they will make their future home.
Owing to the illness of Mrs. Burford, the Red Cross met at the home of Mrs. H. L. Pelton.
Thursday was as balmy as a day in April and it is thought rain will soon follow.
J. R. Cook is putting some needed improvements on the school premises.
Word was received here of the death of J. L. Wilson, from influenza, which caused considerable uneasiness, however, a telegram was after received by his daughter, Miss Alene, in Medford, stating that the supposed victim was O. K. He is employed at Oatman, Ariz., where the epidemic has been bad and it is thought another Wilson was mistaken for J. L.
The funeral of Roy Green, son of Mrs. Williams, was conducted by Rev. Booker of Medford, at the cemetery, November 25.
