ROSETTA McGRILL, R. N.

MISS WILSON SINGING TO TROOPS IN FRANCE

PARIS, Friday, Dec. 8.—Miss Margaret Wilson, daughter of President Wilson, arrived at St. Nazaire yesterday and sang before 3,500 American soldiers.

MRS. CHRISTENSEN GAINS 36 POUNDS

Health Was Completely Shattered When She Began Taking Tanlac

"Just give me Tanlac and you may have all the other medicine," said Mrs. C. W. Christensen, residing at 1616 South 44th street, Tacoma, Washington.

"Those who have not seen me since I began taking Tanlac," continued Mrs. Christensen, "would hardly know me on first sight. I have undergone such a change."

A FINE FINANCIAL SHOWING.

AN EXCELLENT financial showing has been made by the city administration during the past two years despite the handicap of depressed conditions resulting from war, which speaks well for the careful attention given municipal affairs by the present officials.

In this period \$20,000 of general bonds, and \$47,000 of street improvement bonds have been paid off, making a total of \$67,000, stopping an interest charge of \$4,000 a year.

Speaking of this record, the report of the finance committee states:

This showing is remarkable for three reasons: 1st—Never before in the 40 years history of Medford have any bonds of any kind been paid off.

2nd—The payment of \$47,000 of street improvement bonds is more remarkable because of the fact that prior to two years ago it was quite generally thought that the city could not pay these street improvement bonds except by levying a tax as in the past.

3d—That while previous councils had levied a general tax running into a number of mills to pay interest on improvement bonds, not one cent has been levied by the present council for that purpose during the past two years and what is more important, none is provided for in next year's budget.

Notwithstanding increased cost of operation, due to higher wages, advances in materials and other factors, the council is holding the tax levy down to about the same as last year—less than almost any city of its class in Oregon.

With its new refunding and refinancing plan nearing completion, by which the property owners will be able to secure an extension of time on their paying assessments, the city, with its careful and economical administration, will shortly be in first class financial condition and ready for a period of healthy growth and progress.

CONTROLLING THE FLU.

RECURRENT of the influenza epidemic in Medford, Ashland and other valley towns was to be expected, as this has been the experience of nearly every community in the country.

There is no use to temporize with half-way measures as it has been demonstrated that effective regulations result in eradicating it. Its recurrence is undoubtedly due to its spread from other afflicted regions by travelers, as the first cases of this second epidemic were traveling men.

The flu mask has been proved the best preventative and while it entails considerable inconvenience, it is a question of safety first. It is hard upon business and hard upon amusements, but public welfare is above either.

Everyone should heartily co-operate in controlling the influenza, for by such co-operation, the closed period will be greatly shortened.

With the Yanks in France

(From the Stars and Stripes, official organ of the A. E. F.)

"Mon dieu, a house can be rebuilt. It is not so with the life of a man." Thus spoke a little old woman of Brioules-sur-Bar, as she stood beside the ruin of her home blown up by a mine explosion fired by the Germans to cover their retreat.

The same unquenchable fire lighted the eyes of Madame Morale, of Authe, when she stood in the doorway of her home waving a tri-color as the Yankees marched into the town.

She is 74 years old, but no one in hospitable Authe was quite so energetic as she in preparing great tubs of soup and coffee for the oncoming Americans.

From that misty September morning when the American First Army struck its first blow northwest of Verdun to that misty November morning when the order "Cease firing" sounded from Switzerland to the sea, more than 150 towns and villages were won back by force of arms.

Some of these, the first recaptured are so nearly obliterated that those who had lived there all their days will find not one familiar wall or door to greet their desolate return.

Fallen for Freedom

The following casualties are reported by the commanding general of the American expeditionary forces.

Killed in action, 742; died of wounds, 270; died of accident and other causes, 27; died of airplane accident, six; died of disease, 339; wounded severely, 2981; wounded, degree undetermined, 2,466; wounded slightly, 721; missing in action, 661. Total, 6882.

Marine casualties: Killed in action, eight; died of wounds received in action, nine; died of disease, six; wounded in action, severely, 58; wounded in action, slightly, four; wounded in action, degree undetermined, two; in hands of enemy, one; missing in action, two. Total, 80.

From Oregon: Killed in action—Lieutenant Albert M. Clostermann, Portland, Ore.; Willard C. Anderson, Portland; Herman M. Gardner, Bend, Ore.; Roy W. Kruse, Yoncalla, Ore.

Wounded severely—Lieut. Arthur T. Lee, Roseburg, Ore.; Sergeant Herbert E. Koons, Lakeview, Ore.; Private Leslie N. Stockman, Springfield, Ore.; Private Guy H. McFerrin, Hoppner, Ore.; Lieut. Ray T. Williams, Forest Grove, Ore.; Lieut. Benj. F. Dorris, Eugene, Ore.; Lieut. Chas. A. Robertson, Portland, Ore.; Corp. Roy Scott, Hoppner, Ore.; Private Sidney A. Walwer, Gold Beach, Ore.; Private Roy Kouns, Camas Valley, Ore.; Private John J. Conlon, Look, Ore.; Private Adolph Grano, Portland, Ore.; Private Joseph C. Letsinger, Troutdale, Ore.; Private Neils P. Nielsen, Portland, Ore.; Private Newton E. Moak, Portland, Ore.; Private Burr H. Turman, Johnstons, Ore.

Wounded slightly—Corp. Howard Bellinger, Lebanon, Ore.; Corp. Raymond H. Tourner, Ione, Ore.; Private Clifford H. Thomas, Newport, Ore.; Died of wounds—Private Paul E. Bucknum, Baker, Ore.; Lieut. Daniel D. Johnson, Corvallis, Ore.

Missing in action—Private James F. Harding, Cottage Grove, Ore.; Private Nick Selavents, Marshfield, Ore.

LOW DEATH RATE FOR NAVY DUE TO HEALTH SYSTEM

WASHINGTON, Dec. 9.—The navy's excellent health and low mortality rate during the war is attributed by Rear Admiral Braisted, surgeon general of the navy, in his annual report today, largely to the increasing appreciation by commanding officers of the rules of hygiene and sanitation.

Compared with an annual death rate of 2.7 per thousand for the 10 preceding years, the rate rose during the first quarter of this year to 8.9 per thousand per year.

The war has served, Dr. Braisted says, to clear the reputations of the men of the army and navy of the impression in the public mind that diseases due to social evils were more prevalent in the service than out-side.

Service doctors have contended all along, that the ratio stood three to one in favor of the trained service men, and statistics compiled by the highest medical general in the first draft support them.

The war has served, Dr. Braisted says, to clear the reputations of the men of the army and navy of the impression in the public mind that diseases due to social evils were more prevalent in the service than out-side.

AMERICAN SAILERS DROWNED AT TANGIER

WASHINGTON, Dec. 9.—The drowning of Ensign William E. Bingham, of New York City, and six enlisted men of the destroyer Lansdale when a boat carrying a shore liberty party swamped in Tangier harbor, was reported to the navy department today by Vice Admiral Sims.

Nothing nicer or more appropriate for a gift than FURS

See our big line. BARTLETT THE FURRIER.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside, no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it.

To feel like young folks feel, like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up!

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel, like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up!

Wash away all the stomach, liver, kidneys and bowels.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight? Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood.

THE JACKSON COUNTY BANK A Lasting Gift

Some gifts are very pleasing, but there is no present that is so lasting as a bank account. It is a wise gift for your children. New accounts are invited.

4 Per Cent. Interest Paid on Savings Accounts.

ESTABLISHED 1888

Delinquent Pavement Assessments.

On the 16th day of this month there will be published a list of all delinquent pavement assessments and delinquent interest due the city of Medford and notice of sale of property to be held at the City Hall on January 20th.

The City Council has concluded that in order to assist those who are delinquent and who hold Liberty Bonds, to take Liberty Bonds at par as a part payment on their delinquent assessments or delinquent interest.

We wish to assure the property owners that there will be no favoritism shown in this matter whatever, that it is strictly a business proposition and the city must be run on this basis.
