

ENGLISH WOMEN STIR COUNTRY AS CANDIDATES

One Feminine Candidate Seeks Office as "Quiet Modest Lady"—Widow of British Colonel Opposes Ashquith Whose Record is Termed "Rotten."

LONDON, Nov. 29.—(Correspondence of the Associated Press.)—The campaigns of about 15 women candidates for election to the house of commons imparted a new and interesting phase to the electioneering this month.

Foremost among the women candidates was Christobel Pankhurst, whose activities as a militant leader before the war gave her international prominence.

Mrs. Charlotte Despard who ran as a labor candidate for Battersea is a sister of Field Marshal Viscount John French, vicerey of Ireland.

Two for Wilson Miss Violet Markham, independent liberal candidate for Nottingham, was once a foremost anti-suffragist advocate.

MAKE EFFECTIVE PRICE OF WHEAT FOR 1919 CROP

WASHINGTON, Dec. 26.—Lekhlala to make effective the wheat price guaranteed for the 1919 crop and at the same time to safeguard the government against losses was recommended to congress today by the department of agriculture and the food administration.

A memorandum sent to Representative Lever of South Carolina, chairman of the house agricultural committee, made the following recommendations:

First—Extension by congress beyond June 1, 1920, of the date for the government purchase of the 1919 crop.

Second—Continuance of the food administration's grain corporation, or creation of a new agency to buy, store and sell 1919 wheat that may be offered to the government; and

Third—Possible legislative provisions to protect the government against wheat or flour brought in from other countries during the period of effectiveness of the guaranteed price and also to protect buyers of such wheat as long as the wheat is in this country and not consumed.

In the memorandum was compiled with the approval of President Wilson and Secretary Houston in submitting it said "the government has made a guarantee and it goes without saying that it must be made effective."

Regarding extension of the date of government purchase, the memorandum said: "It would be impossible to carry out the guarantee as it is intended by June 1, 1920, and if producers cannot sell their wheat to the United States before that date and are left with wheat on hand, it will be felt that the obligation of the United States has not been carried out in good faith."

"The government purchasing agency," the memorandum set forth, "must have ample funds to at the time purchase throughout the United States at the guaranteed price such wheat of the 1919 crop as may be offered to it and also to provide storage facilities to take care of the same by lease or purchase of facilities now in existence or by building additional facilities, or both."

"The appropriation will have to be on a basis to enable the guaranteed price to be maintained at all times by purchase of wheat with funds provided by the government and without relying on outside credit."
