

ENGLISH PEOPLE SHOW AFFECTION FOR PRESIDENT

LONDON, Dec. 27.—London's morning newspapers, having suspended publication since Tuesday for the Christmas holiday, had to find space today for three days news from the world. Nevertheless, by far the largest part of every paper is given over to President Wilson's visit...

President Wilson's journey was a triumphal procession from the moment he landed, says the Mail, "and it was real, sincere affection and no mere curiosity that brought to his ears the tremendous acclamations of the people of London."

Catarh is a Real Enemy and Requires Vigorous Treatment. Do Not Neglect It. When you use medicated sprays, atomizers and douches for your Catarh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

VIVIAN MARTIN in Her Country First
How Dorothy Grant, the beautiful daughter of a manufacturer of munitions, makes up her mind to be a real patriot, and how she goes about it, makes one of the most delightful screen romances in which dainty Vivian Martin has been seen in many weeks. This is the role portrayed by this popular Paramount star in "Her Country First," her latest starring vehicle which will be shown at the Liberty theater tonight and tomorrow.

John Wingham called Sunday afternoon to see Mr. Besy to try to arrange to have him help about carrying the mail from here to Trail. The route is a hard one to carry the way they have the schedule arranged; that is to start from here after the mail arrives from Medford, schedule time 9:45, but train days it is often behind time and the postmaster can hold him until 10:30 a. m. and then he has to go uphill almost all of the way for about thirty-three miles, and a large part of the road is very bad in the winter. The result is that it is often 9 o'clock p. m. before he reaches his destination.

A man who gave his name as Edmons of Butte Falls, came in Monday afternoon and called for dinner. He had started from his home the day before and when he came to the sticky road between the Reese creek school house and the Ayres place he ran into a mud hole and caught his machine on two oak grub stumps tearing it so that he had to go to Mr. R. H. Minter's for help and the result was that he didn't reach here until after dinner time and he appeared almost frozen. He had just gotten up from an attack of the flu and was in no condition to be exposed or be out on such a day as Monday was, freezing cold and foggy. But after a good warm dinner and sitting by a good fire he seemed to be ready to proceed on his journey. He was going to Medford to meet his son who was on his way home from Camp Lewis.

When Bob Harnish, the mail carrier on the route between here and Medford, reached the Medford post office Monday morning some one in the office offered to bet him a dollar that he could not get all of the mail on his Ford and the result was that he was a very few minutes behind his usual time but he got to our post office with all the mail. He had his Ford packed full to the top and all that he could lash on both running boards. There never has been such a load of mail matter brought to this post office before and the result was that the two-horse stage and the two auto stages were loaded down to capacity.

Tuesday morning there were two auto loads of people came out from Medford and among them was Miss Gladys Natwick, Gladys Phipps and her sister, Miss Gladys who stopped off here to take the train for the Natwick farm.

Mrs. Garrett, her little son Marvin and her sister, Miss Ella McCabe, came out on the train Tuesday from Medford to go out to the McGabe farm to spend Christmas with their father.

S. S. Aikin of Prospect, came in from Salem where he has been spending a few weeks with friends. Rev. and Mrs. Bittson of Medford, were on their way to take Christmas dinner with their two sons who are on the P. S. Anderson ranch on Rogue river; Carl Jackson son of our townspeople, Mr. and Mrs. J. B. Jackson, who is in the U. S. navy and came home on a furlough. He was met at the depot by his parents but went right on up to Butte Falls. Ray Parker, another one of the soldier boys, son of W. W. Parker of Butte Falls, was also on the train on a furlough. Also Andrew Endler, who has been discharged and went on up to Lake Creek on the stage. Jul Edsall also came in on the P. & E. from Dunsuir, Cal., where he had been on business.

Among the business callers was Wm. Butler, Sr., and his son William Jr., Alvin Conover, W. D. Roberts, John Greb, C. E. Bellows and quite a number of persons unknown to me.

Christmas day broke upon us, one of the most lovely mornings in the history of Christmas days. The fog of the previous day had disappeared and the air was crisp and cold, 23 degrees above zero, and everything seemed to combine to make us feel thankful for the day and the coming

The Wonderful Call When Baby Comes
Like the Blast of Heavenly Trumpet When Call of Motherhood Is Fiat. Of all the most vital times in a woman's life the coming of baby is fraught with the greatest meaning. Care should be exercised to insure that the crisis is passed in safety. Apprehension is avoided by the timely use of Mother's Friend, a preparation of penetrating oils and medicinal ingredients which renders the muscles, cords, tendons and ligaments pliable, and thus tension is avoided. The usual nervousness, nausea, hearting-down and stretching pains are counteracted and the period is one of calm repose. The broad, flat abdominal muscles relax with ease, and when baby comes the time at the crisis is less and pain and danger is avoided. Thousands of women for half a century have used this penetrating external application, prepared especially for expectant mothers, and every woman awaiting the crisis should give nature a helping hand. Write the Bradford Regulator Company, Dept. F, Lamar Building, Atlanta, Georgia, for their Motherhood Book, of great value to all women, and obtain a bottle of Mother's Friend from the druggist and begin its application regularly night and morning.
