MONSTROUS LEMON IS ON EXHIBITION

A monster ripe lemon on exhibition at the Commercial club is attracting much attention. It was grown by Mrs. S. X. Kenlein of Grant's Pass in that city from a tree which at the same time also bore two other huge lemons of similar size, and is already in bloom for another crop. The immense citrus fruit was brought to Medford yesterday to be placed on exhibition. The lemon is 18 inches by 17 1/2 inches in circumference, and a more healthy, fine looking lemon one would not care to see. The same tree last year bore a similar crop of large lemons of fine appearance, tartness and flavor. One of these lemons cut up made as many pies as would four or five ordinary lemons.

The independent socialists, whose leaders were recently dismissed from the government, are reported to have gone over entirely to the Spartacists. These two groups have issued a joint proclamation declaring that the final fight to preserve the revolution must now be fought.

WILSON ASKS ITALY'S AID

We can start the peace, but it is your duty to continue it. We can only make the large conclusions. You constantly transmit the detail which constitutes the processes of the life of a nation. And so it is very delightful to me to stand in this company and feel that we are not foreigners to each other. We think the same thoughts, we entertain the same purposes, we have the same ideals and this war has done this inestimable service—it has brought the nations into close and vital contact so that they feel the pulses that are in each other and so that they know the purposes by which each is animated. "We know in America a great deal about Italy because we have so many Italians. "May I not again thank the representatives of this great city and the representatives of the government for the welcome they have given me and say again, for I cannot say it too often, viva Italia!"

Worth \$50.00 a Bottle

Wm. Barnes, San Antonio, Tex., writes: "Foley's Honey and Tar is the best cough remedy in the world. It has been worth \$50.00 a bottle to me. I had 'the flu' followed by pneumonia, which left me weak, with a persistent cough. I needed rest and sleep, which I was unable to get. Some one advised Foley's Honey and Tar. I began taking it that very night. Before bed time I noticed relief, and that night had a sound sleep and perfect night's rest, the first since the beginning of the flu. I have completely recovered and do not cough at all. It cost me only \$1.20 to cure that obstinate cough with Foley's Honey and Tar. Let all who read this letter try Foley's."
