BUENOS AIRES, Jan. 16.—(By Associated Press.) At a conference with President Irigoyen yesterday labor leaders agreed to call off all strikes in Argentina, with the exception of the one which has virtually paralyzed shipping. President Irigoyen promised that he would do everything possible to meet the demands of the workmen, including wage increases. He also said that he would study the port strike with a view to arriving at some solution. He believed there would be no necessity for martial law. In disorders of the past week between 870 and 1000 persons were killed and between 3500 or 5000 wounded. More than three thousand street lamps were broken by the mobs.

Daily Health Talks A WORD ABOUT THE KIDNEYS BY DOCTOR WATSON. People are easily frightened when they think something is the matter with their lungs or heart, and well they may be; but few people understand the dangers of diseased kidneys. These organs have a duty of vital importance to perform, and if they are diseased, there is no telling how or where the symptoms may appear. The kidneys are filters, and when they are healthy they remove the poisons from the blood and purify it. When the kidneys are diseased, the poisons are spread everywhere, and one of these poisons is uric acid. The uric acid is carried all through the system and deposited in various places, in the form of urate salts—in the feet, ankles, wrists and back—often forming bags under the eyes. Sometimes the resulting trouble is called rheumatism, lumbago, sciatica and backache. Finally, come stone in the bladder, diabetes and Bright's disease.

Dr. Pierce, of Buffalo, N. Y., in recent years, discovered that a certain combination of remedies would dissolve uric acid (urate salts) in the system. He found this combination to be harmless, so that he made it up in tablets, of double strength, and called them Anurie Tablets. They dissolve uric acid in the human system as hot coffee dissolves sugar. If you have uric acid troubles, don't delay in taking Anurie Tablets, which can be secured in the drug stores. You can write Dr. Pierce, too, and he will tell you what to eat and how to live so that more uric acid will not form in your system. Dr. Pierce will not charge for this advice. Adv.

ORTHODOX CHURCH LEADS EFFORTS TO OUST BOLSHEVIKI

SHENKURSK, Russia.—(Correspondence of the Associated Press.)—The Russian orthodox church is taking a leading role in the effort to rid Russia of Bolshevism and its attendant anti-religious trend. The Associated Press correspondent recently visited scores of villages along the Dwina and Guga rivers behind the Russo-allied army's lines and found everywhere the church the strongest influence among the peasants against the Bolsheviki and favoring the allies, and every village has one or more splendidly built churches, regardless of the community's poverty. In this little town, far up the Vaga river near the line of the Volodga government, there are four beautiful churches and an ancient convent.

Mother Khabina, the superior in charge, received the correspondent. The mother's pale, unwrinkled, old face lighted up enthusiastically when the correspondent asked her to explain what part the church will play in Russia's regeneration when the Bolsheviki are gone. "I have 300 nuns here," she said, "and we have gone on living through these troubled times, sometimes disturbed, but always feeding the poor and learning from the peasants, who are Russia's real people, and they are still with God. And Shenkursk is like hundreds of other towns. The same holds true everywhere. Some people say that the church is losing its influence. That is not true."

HARDWARE DEALERS CONVENTION POSTPONED SPOKANE, W. B., Jan. 16.—The annual convention of the Oregon Retail Hardware and Implement Dealers' association, set for Portland next week, has been indefinitely postponed by action of the executive committee. It was announced here this afternoon by the secretary, E. E. Lucas. The influenza epidemic was ascribed as the reason for the postponement.

OLD AGE STARTS WITH YOUR KIDNEYS Science says that old age begins with weakened kidneys and digestive organs. This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Harlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Harlem Oil is included in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a box of GOLD MEDAL Harlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

A WORKING GIRL'S LIFE Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Itain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work. Adv.
