Relative to the fight that took place last Wednesday night on the streets of Medford between Ashland and Medford high school boys, a delegation from Ashland high called at the Mail Tribune office this afternoon and claimed that the Medford boys made a mistake by stating that there was a strong rivalry between the male students of the two high schools. The Ashland boys also claimed that only one auto load of their students were in this city and fought Medford and that while it may have been an even match, as stated, the Ashlanders were outnumbered by the Medford boys by about six to one. The Ashlanders admit they received a few knocks "but from clubs and rocks used by the Medford bunch."

FEDERAL ROAD LAW AMENDED. A material change in the policy of constructing and maintaining roads in national forests and one which will be of great benefit to Oregon will result if an amendment to the federal aid law introduced by Senator Bankhead is adopted at the coming session on congress. According to Senator Bankhead's bill, the federal government will no longer require county or state cooperation, but will build and maintain the roads alone.

The bill makes immediately available an appropriation of \$40,000,000 to be expended by the forest service on roads and trails. Under the existing basis of apportionment this means that Oregon would receive approximately \$5,000,000, which it would not be required to match.

Whether the law would be retroactive and apply to cooperative projects already agreed upon is not known. Even if it would not, the forest service would have a large sum to put on other forest roads which would tie into the state system and for which no co-operation has yet been arranged.

The adoption of the amendment would relieve the legislature also of a problem in providing for further cooperation with the federal government on forest roads.

LIME BOARD ASKS FOR \$20,000 MORE. SALEM, Jan. 18.—The state lime board has asked the legislature for an appropriation of \$20,000 for making further improvements to the state lime plant at Gold Hill and for operating capital. The board will also ask for an amendment to the state law, which will permit the board to sell lime without restrictions. The board desires to be in a position to sell lime to dealers or to buyers outside of the state and in less than car lots.

The present law provides that lime must be sold in carload lots to Oregon farmers.

ORGANIZE FARM BUREAU CAMPAIGN FOR THE COUNTY

Thirty-four men and women from various parts of the county braved the storm Friday morning to attend the organization school conducted in Medford in the interests of the newly formed Jackson County Farm Bureau. This is the first county in the state to adopt the government plan with a paid membership of \$1.00 per year. The eyes of all Oregon are watching the development of this venture with a great deal of interest. Following our initiative two other counties have started to launch a campaign for Federal Farm Bureaus.

WAR CLAIMS OF BRITAIN SIMILAR TO UNITED STATES

PARIS, Jan. 17.—Careful investigation here has made it possible to give more concretely an outline of the war claims of Great Britain and her general desires regarding the making of peace. The British aims, the unofficial representation of them shows, are regarded as in general coinciding with those of the United States delegation. There are some minor differences regarding the final adjustment of the world's affairs. On the whole, however, the aims of the two nations are considered by British commentators as identical.

GERMANS ENLIST TO REPEL POLES IN EAST PRUSSIA

BERLIN, Jan. 18.—(By Associated Press.) Volunteers are joining the colors in great numbers at Koentigsberg to protect the boundaries of East Prussia from Bolshevist aggression and against the Poles, according to reports received here. Declaring that the eastern frontiers will soon be lost unless the Germans awake to the danger, the Lokal Anzeiger declares that 800,000 Germans in Posen are being prevented by the Poles in arranging for elections to the national assembly. Proclamations regarding the "advancing Polish army" are being issued by the Poles, who also have regular war reports.

At a meeting at Breslau it was reported that the Czechs have an army of 500,000 men on the border and threaten an invasion. Polish troops numbering 15 divisions are said to be about to invade upper Silesia. Lemberg reports state that the people in threatened districts have formulated an appeal to President Wilson asking for protection against the Czechs. The appeal points out that their country has been overwhelmed German since the 13th century. Mr. Wilson is asked to prevent the forcible annexation of their country by the Czechs, saying that such an annexation would be in violation of the principles of the elementary justice and "would help sow the seeds of a new war."
