

LOCAL AND PERSONAL

To the farmers, orchardists and placer miners the frequent rains since January 12 are pleasing. It will take much more rain to make up the deficiency so far this season. It was raining again today and the prediction was for rain tonight and Tuesday. Since the recent cold spell about 1 1/2 inches of rain has fallen in Medford and vicinity. The first good rainfall was Friday, Jan. 12, when 25 of an inch fell. Since Jan. 15 the fall was 1.08. Last Saturday night the precipitation was .46 and last night and this morning the rainfall .02 of an inch, making 48 for the two days.

According to Medford merchants the dry goods market will remain practically unchanged for several months. This is based on information received from wholesale and jobbing houses. In domestics, ginghams and the general line of dry goods there will be no material lowering of price, if any at all. However, there is a general feeling that the price of wool will drop as within a short time the two years wool clip of Australia, the world's great wool producing center, will be placed on the market. Then it will be a question of ships. But even a reduction in wool prices will have no effect on the piece goods market for several months.

\$17,693 RECEIVED FOR CARS OF BEANS

The Evans creek farmers engaged in raising beans are still feeling good over the check of \$17,693 they last week received for the last three earloads of beans, 241,200 pounds, shipped out. This is regarded as a good price, 7 1/2 cents a pound, for field or machine run beans, although cleaned and sorted beans bring a much higher price. The sale was made through the Rogue River Bean Growers' association.

It was the largest check ever distributed among a community of farmers in that section, and gives impetus to the plans for an irrigation system in this section. With irrigation the bean crop acreage would be doubled. Altogether the Evans creek bean growers have shipped this fall and winter 400,000 pounds of beans, comprising five ear loads.

KELLY TO SPEAK UPON WAR AT PAGE WEDNESDAY EVE.

Colonel E. E. Kelly has consented to give a lecture at Page theater upon the war as he saw it, the proceeds to the Medford Red Cross, next Wednesday evening, January 22. An admission fee of 25 cents will be charged.

Colonel Kelly returned last week from France where he spent over a year, all of the time at the front, and on the firing line since the Americans got into action. His first work was in organizing the line of communication of the advanced section for the American expeditionary forces. From Toul and other headquarters, he virtually covered the Alsace-Lorraine front. He went to Chateau Thierry in June with the marines and regulars and was a witness of the first battle, which definitely halted the German rush to Paris. When the Germans launched their last offensive, July 15, he was at Rheims, one of their principal objectives.

In September, he was promoted to lieutenant-colonel and assigned to the 80th or Blue Ridge division as chief signal officer. He participated in the St. Mihiel drive and in the Argonne fighting, closing the war at Sedan.

Colonel Kelly was gassed in the Argonne, and on November 4, while walking with a party of signal men, was caught by a bursting shell and thrown 50 feet, badly bruised and made deaf for a month. The four others in the party were instantly killed. He is a modest man and loath to talk about himself, but he must have been the hero of several exploits, for his discharge certificate reads "Three times recommended for the distinguished service medal."

Colonel Kelly presents an entirely new viewpoint of the war and our allies and gives a most interesting dissertation on the great conflict.

ELKS SMOKER FOR RETURNED YANKS

After many months' quietude on account of the war and the two flu epidemics the Medford Elks' lodge will come to life next Thursday night with the first reception and smoker for the members of the order who have returned from war service so far, and once every month thereafter will hold a similar function to welcome home all other Elks who have returned from service in the meantime.

It will take many such functions to properly celebrate the return of the 80 odd Elks of the Medford lodge scattered over the world who will come straggling home from time to time. A tremendous outpouring of the local membership is looked for next Thursday night for the opening "welcome home" entertainment. The guests of honor will be Lieutenant Colonel E. E. Kelly, Captain Gordon McCracken, Lieutenant Ed A. Geary, Sergeant Seeley V. Hall, Corporal Frank H. Ray, Ralph Jennings and any other members of the lodge who will arrive in the meantime.

The Elks social activities also include the annual celebration of past exalted rulers' night on February 6th, and the visit of the grand lodge district deputy, Charles H. Buraraff of Albany, Ore., February 20.

ISAACSON ELECTED HEAD OF COUNTY POULTRY SHOW

The Southern Oregon Poultry association held their annual meeting and election of officers last Saturday afternoon at the Public Library. There was a large attendance of men, ladies and boys all of whom were interested in the raising of poultry, rabbits and pigeons. The reports of the retiring officers showed that, by hard work and careful management, they had practically wiped out the debt of two years ago and the coming year bids fair to be the most prosperous in the history of the association. The premiums were paid in full and the treasurer was authorized to pay all outstanding accounts.

The following officers and directors were elected for the coming year: President, J. O. Isaacson of Central Point; vice president, Mrs. Victor Bursell of Medford; secretary, Henry W. Frame of Talent; treasurer, Myron F. Sheets of Phoenix. Directors—William Nortridge of Ashland, John H. Fuller of Talent, William P. Rathe of Phoenix, William A. Hanna of Medford, R. H. Paxson of Central Point.

HIGHER PRICES OF TOBACCO IN SIGHT

Mr. Tobacco Consumer, you can prepare to pay much more for your chewing and smoking if the new internal revenue measure now before congress becomes a law, and incidentally it can be stated that the life of the retail tobacco dealers throughout the United States has been just one sleepless thing after another since the war started.

The collector of internal revenue of the Oregon district has sent out a warning to all tobacco dealers of the state to be ready to make inventory of their stocks should the new revenue measure be passed, is it undoubtedly will be. Dealers will be required to pay the difference between the tax paid under the present act and that provided in the new act on all stock on hand. Blanks for the purpose of filing inventory will be furnished all dealers by the internal revenue collectors' office as soon as they are received from Washington.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition, 10c and 25c per box. All druggists.

Glass of Hot Water Before Breakfast a Splendid Habit

Open sluices of the system each morning and wash away the poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of limestone phosphate will cost very little at the drug store, but is sufficient to make anyone who is bothered with biliousness, constipation, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly.

Baby Coming To Your Name?

The Wonderful Event That Will Bring Much Gladness.

Are you looking forward, dear prospective mother, to the wonderful glorious time when you shall hold in your arms the little babe, which is of your flesh and blood, with feelings of mingling?

Now is the time to get in condition to meet the trials and tests generations of women have found in the home-made preparations, Mother's Friend, a grateful, penetrating remedy to prepare their systems for the birth of the babe.

The action of this famous remedy is to relieve tension on driven nerves, excite, tone and stimulate, to relieve strain and discomfort, such as nausea, nervousness, dizziness and stretching pains. By regular use during the period for success is gained easily when baby is born, pain and danger at the crisis is naturally less and the mother's health is preserved. It is for external application only, is absolutely safe and wonderfully effective.

Write the Bradford Regulator Company, Dept. N, Lamar Building, Atlanta, Georgia, for their Mother's Friend, and obtain a little of Mother's Friend from the drug store. It is just as standard as anything you can think of.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of oil honest St. Jacobs Liniment

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 30 cent bottle of oil, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!
