STABLE GERMAN GOVERNMENT AS ELECTION RESULT

PARIS, Jan. 21.—Early returns from the German elections are interpreted here to signify a promising prospect for the establishment of a fairly stable German administration.

The majority socialists and the German democrats, who are the successors of the old radical party, apparently will go into the constituent assembly with a big lead over the independent socialists. Friedrich von Payer, former vice chancellor and leader of the democrats, and the socialist leaders, Ebert and Scheidemann, demonstrated their ability to work together in the old reichstag. They also can count on Konstantin Fehrenbach, the centrist leader, as an ally.

The coming into power of these groups will mean the continuation of the present armistice commission and the probable appointment of Scheidemann, von Payer and Fehrenbach or Erzberger as the leading members of the German peace delegation.

HOG PRICES LIKELY TO BE MAINTAINED

WASHINGTON, Jan. 21.—Frank S. Snyder, head of the food administration's meat division, said today that despite a hog surplus he would not recommend abandonment of the price agreement policy when the hog committee meets January 28 to consider the price for February.

The present surplus, Mr. Snyder predicted, would turn into a definite deficit this year. He said the pendulum would swing within three months if Europe could get the money and ships to take its requirements.

Mr. Snyder said the food administration in honor could not recommend the abandonment of the agreement with the producers which was based on the cost of production and was made to stimulate hog breeding to feed the allies.

A drop of $10, he said, would involve a loss to the farmer of about $180,000,000.

ROGUE RIVER

Private Lewis Conway returned on Wednesday morning to his home in Rogue River from an eastern camp and Corporal Eugene Narregan, son of our school principal, arrived on Sunday having been mustered out from Camp Lewis. He was in training in an aviation camp at Wingford, Essex, England, for six months previous to the signing of the armistice.

John Thrasher has been appointed to succeed Mr. A. K. Earhardt as road supervisor for this district. He has had much experience in road making and will no doubt give a good account of himself in his new position.

Miss M. Magerle was a week end guest at the Galbreath home.

Miss Mabel Scott was a guest at the Earhardt home on Evans creek on Saturday.

Over $18 was collected in Hope Presbyterian church Sunday school for the Armenian relief fund and remitted to New York.

The new state traveling library has arrived at the public library along with a number of extra books on various subjects and it is hoped all the residents here and in the surrounding country districts will avail themselves of it.

Mr. E. Hurd, attorney of Medford, spent Thursday here atending a meeting of the farm loan board.

EAGLE POINT EAGLETS

By A. C. Howlett.

Mr. A. C. Plumbley of Seattle, Washington, came in from Derby, Ore., Thursday evening to spend the night. He had been to look over the Lee Edmondson saw mill situated on Big Butte about two miles from the steel bridge on Rogue river near Lake creek, with an eye to purchasing it. He said he was looking for a location where there was plenty of timber. The only objection he seemed to have to the location was that the road out of there to the railroad station, Derby, and from what he could learn about it was that it would be so soft about five months out of the year that he could not draw a truck load of lumber over it, but the water power was splendid and a vast quantity of timber ready to be cut into lumber and onto the market. If your state road commission would take some of the thousands of rollars that they are appropriating to make better roads in the northern part of the state and apply it toward improving the roads in southern Oregon, outside of the main thoroughfares so that the people who have the capital to invest could do so with any assurance it would not be long before southern Oregon would be supplying the world with, not only fine lumber, but all kinds of agricultural products, but the products of our rich mines of gold, silver, copper, as well as cement, building stone, granite and marble, and almost anything else the world will demand, but as long as the politicians of northern Oregon control the legislature and continue to hog the larger part of the appropriations we must quietly submit and take, with thankfulness, the meager allowance set apart for us. I might cite one instance or two to illustrate the thought. Take for instance the road from here to the lost creek manganese mine. The Tacoma Metal company have moved their machinery from the state of Washington to develop the mine and have spent thousands of dollars in prospecting and developing the mine with the reasonable expectation that the county or state would try to encourage the move by having the road made so that they could get the product of their investment to the railroad, but no! That Nyerean hill is still to be climbed, notwithstanding the fact that half enough money, spot cash, was subscribed to pay the damages caused by moving the road around the hill, with the understanding that the county would furnish the other half and put the road through by the first of January, 1917. It is broadly hinted that there was a certain element in the woods that was opposed to having a good road come into that section and the result is we still have to climb the hill and plow through the mud and the company are about to be forced to abandon the undertaking. I might refer to the Blue Ledge mine as another instance where a little needed help would have brought results.

Prof. R. E. Morris, our school supervisor, spent Wednesday night with us and took the train Thursday for Butte Falls, where he intended to go out to visit one or two of the schools in that section, stopping off at the Crater lake S. H. and walking from there to Butte Falls.

Among the other passengers on the P. & E. train Thursday were Horace Ginnett and his mother, J. W. Barring, the fish hatchery superintendent, O. C. King, the crockery salesman, J. W. Mitchell, the Christian Science healer, F. M. Philips, the deputy state dairy and food commissioner. He visited the Sunnyside hotel, and after carefully inspecting the cooking vessels, cooking, the pantry, bed rooms, dining room, etc., went away, but about noon came back to sample the cooking, and after eating a hearty dinner and a pleasant visit, went on his way satisfied.

The two Stinson brothers, O. E. and W. H., of Medford, were also among the diners Thursday.

Since my last letter to the Medford Mail Tribune Mrs. Susan Hart has paid $1.50 on her old subscription to the Weekly Mail Tribune. While there she told me she had just sold an agate in the rough to Mr. Goin, the agate man, for $20. While he was here he bought up a lot of nice agates and when he went away took with him over 100 pounds of nice stones.

Wm. Beale and wife of Butte Falls passed through here Thursday for their home, and Wesley McDonald of "El Resort" at Trail came on from Camp Lewis on his way home, having his discharge from the army. Miss Margaret Riley has been stopping for a few days at the Sunnyside.

H. J. Devaney was here Saturday visiting our banker, J. V. McIntyre. He engaged a room at the Sunnyside. Miss Ella Belford was also a diner at the Sunnyside.

On account of the sickness of S. H. Harnish and his son Rob, Jud Edsall is engaged to carry the mail from here to Medford and back.

Mrs. John Isell of Butte Falls, who has been spending the past two weeks in Portland, visiting her son Rudolph, came in Friday on the Harnish jitney and spent the night at the Sunnyside.

Henry French, Perry Foster, T. Stowell, Charles Henson and Joe Mayham were among the business callers Sunday.

Major George Vonder Hellen, one of our townsmen, returned from a military camp in the east the first of the week and went on to Corvallis to join his family.

LADIES! LOOK YOUNG, DARKEN GRAY HAIR

Use the Old-time Sage Tea and Sulphur and Nobody Will know.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.
