

BOLSHEVIKI SENT PROPOGANDISTS TO ALL GREAT NATIONS

PARIS, Jan. 25.—Bolshevik propagandists were sent from Russia not only to Germany but to China, England and France, says Harold de Savenius, the Danish minister to Petrograd who recently returned from Russia, together with the staff of the Danish legation, and appeared before the supreme council this week. While at the Russian capital he had been acting in behalf of the entente powers. Four hundred Russian propagandists he declares were in Berlin before the German revolution began and instructions were given for numerous Bolsheviks to be despatched to England and France by underground routes. Recently he added a number of repatriated Chinese were sent home from Russia and among them were numerous propagandists.

The soviet Russian government, according to M. de Savenius, understands very well that its only possibility of maintaining its existence is in an international revolution and while the German revolution was nearing its apex the Bolshevik leaders rejoined in its progress, but were disappointed in the fact that the German administration, remained in the hands of the social democrats.

Expect Another Revolt
"They emphasized," said the Danish diplomat, "that Germany was only in her 'February revolution'—her Kerensky revolution—and they predicted that she soon would have her 'October revolution' and more speedily than was the case in Russia.

"The only cloud upon the sky of their hopes is the position of the entente. They say that if the entente will do as Germany did and occupy the Baltic provinces and the Ukraine there is nothing to fear because in a few months to revolutionize the French and British troops as they claim they already had revolutionized the German troops. Their only alarm was less the entente should occupy Petrograd and Moscow, because they knew their only weapon was propaganda. Bolsheviks are masters in revolutionary propaganda and at the head of this institution is an Austrian named Radek who in Moscow, founded an 'international federation' with members from the people of several nations.

Organization Impossible
"Organization and production are impossible in Russia because Russian workmen have no sense of fellowship. It is impossible for the Russian government to reorganize industry and trade according to communistic principles as long as other states have not accepted like principles of government. Until now Russia has maintained life on pre-war stores but this will soon be exhausted. The Russian foreign minister once said that the soviet republic was a 'foreign substance' in Europe."

M. de Savenius said he did not believe conditions in Russia would be altered without foreign intervention and he added that in his opinion immediate intervention would not meet with any considerable resistance.

AMERICANS ABSENT FROM CONFERENCE

BERNE, Switzerland, Jan. 24.—The absence of American representatives at the international socialist and labor conference here has caused comment. Camille Huysmans, the secretary of the Socialist International, was outspoken in criticism of the state department at Washington for withholding passports from Americans who wished to attend the conference.

So far the countries represented include Great Britain, France, Russia, Germany, Ukraine, Estonia, Livonia, Georgia, Finland, Poland, German-Austria, Bohemia, Hungary, Belgium, Sweden, Italy, Denmark, Norway, Greece, Switzerland, Argentina, Armenia, Spain, Portugal and Bulgaria.

ST. EDNA'S COLLEGE SEIZED BY BRITISH

DUBLIN, Jan. 25.—The military authorities have seized St. Edna's college in Dublin county, founded by Patrick Pearse, who was executed in connection with the Easter rebellion in 1916.

Worth \$50.00 a Bottle
Wm. Barnes, San Antonio, Tex., writes: "Foley's Honey and Tar is the best cough remedy in the world. It has been worth \$50.00 a bottle to me. I had 'the flu' followed by pneumonia, which left me weak, with a persistent cough. I needed rest and sleep, which I was unable to get. Some one advised Foley's Honey and Tar. I began taking it that very night. Before bed time I noticed relief, and that night had a sound sleep and perfect night's rest, the first since the beginning of the flu. I have completely recovered and do not cough at all. It cost me only \$1.25 to cure that obstinate cough with Foley's Honey and Tar. Let all who read this letter try Foley's." For sale by Medford Pharmacy.

RADICAL CHANGES ENGLISH SYSTEM OF MEDICAL SERVICE

LONDON, Jan. 25.—Changes in England's system of medical service whereby the "panel" plan now applicable to the poor would be extended to all classes are proposed by a government committee. Many physicians are strongly opposing the proposals. For a number of years, under a health insurance act, wage earners have been called upon to make a small weekly payment for a fund which the government uses to provide medical attention for all classes of the population affected by the insurance law. Every practicing physician must treat a certain number of the so-called "panel" patients, receiving pay for his work from the government. The new scheme provides for whole time medical service, and practitioners enter it to be graded into five classes, corresponding to military rank, ranging from lieutenant to colonel.

Class 1 would be paid \$7,500 a year, Class 2 \$5,900 and so on down to class 5 which would pay \$2,000. Examinations would be held for promotion to higher classes. Expenses incurred by the practitioner for drugs, appliances, clinics and traveling expenses would be paid by the government. Each physician would be expected to look after between 2,000 and 3,000 patients. The higher classes of medical men would deal chiefly with administrative work and with the giving of consultative advice.

The patients would be expected to attend a surgery in the morning. Evening consultations would be discontinued and less visits would be paid at night to patients than is done now. Work out of hours would be taken over by the juniors.

All hospitals would be taken over by the government, under this plan. According to the secretary of the Medical-Political Union, there is a flow of protests from physicians in the army against the scheme.

"Not one-third of the doctors want it," he said. "A clinical service is an abhorrence to both medical men and the public. We are not opposed to state control of hospitals. What we object to is in the clinical system is the destruction of the personal relationship between practitioner and patient, and the abolition of free choice of doctor. The women will be dead against it."

MAPLE TREES ARE EARLY BLOOMERS

The comparatively mild temperature of the past few days has brought out the buds of several large maple trees on the west side of South Central avenue, opposite No. 235 on that thoroughfare. The trees are in full bloom and have attracted considerable attention by this spring-like condition at this time of the year.

Spring may not be far away, but County Agricultural Agent Cate explains the blooming trees above mentioned as entirely due to another cause. He says that these trees for some reason did not have sufficient water last summer and went dormant in August, and therefore have had a longer rest than the other maple trees on the street, which do not show a sign yet of buds, and the mild weather caused the blossoms to come quicker than usual.

Elmer Oatman, fruit inspector, says he saw another unusual spring sight, unusual for this time of year, at Ashland Thursday in the shape of hazelnut bushes in full bloom.

DAIRY PRODUCTS STILL ON TOBOGGAN

CHICAGO, Jan. 25.—The recent startling decline in the prices of dairy products hailed in many quarters as the first break in war prices, was still in evidence today, except in the butter market. Cheese at wholesale was quoted one-half to five cents lower, depending on grade, and eggs declined 1 to 2 cents. Butter, in which the decline had been particularly sharp, receded 1 to 3 cents.

TODAY'S CASUALTIES

Died from wounds—Private Paul B. Pietrok, Slavton, Ore.
Erroneously reported killed in action—Lieut. W. Robert McMurray, Albany, Ore.

MANAGER OF HARPER PUBLISHING HOUSE DEAD

SUMMIT, N. J., Jan. 25.—Frederick A. Dunekal, vice president and general manager of Harper and Brothers, publishers of New York, died yesterday at his home here. Before joining Harper and Brothers, nearly 20 years ago, he was city editor of the New York World. The manuscripts of many literary men and women, including those of Mark Twain, passed through his hands.

FOOD WILL STOP HIM—PRES. WILSON

SWEEPING CHANGES IN AUTO LICENSE TAXES AGREED UPON

SALEM, Jan. 25.—Motor vehicle license fees will be boosted in some instances over 300 per cent if the senate committee on roads and highways puts through the schedule as approved at a meeting Thursday afternoon.

The proposed fees will be included in a bill to be drafted at once for introduction in the senate. The fees will be as follows:

- All automobiles, including steam, gasoline and other hydrocarbon operated vehicles, except motor trucks, up to 23 horsepower, 12, an increase from 66.
- Cars in excess of 23 horsepower and up to 26 horsepower, \$21, now \$6.
- Cars in excess of 26 horsepower and up to 30 horsepower, \$25; now \$10.
- Cars in excess of 30 horsepower and up to 36 horsepower, \$30; now \$10.
- Cars in excess of 36 horsepower and up to 40 horsepower, \$50; now \$15.
- Cars in excess of 40 horsepower, \$75; now \$20.
- Electric pleasure cars, \$40; now \$5.
- Electric service trucks, \$21; now \$10.
- Motor cycles, \$5; now \$3.
- Motor trucks and delivery service cars from 1 to 1 1/2 tons, \$20; now \$6.
- Trucks from 1 1/2 to 2 tons, \$30; now \$15.
- Trucks from 2 to 2 1/2 tons, \$45; now \$18.
- Trucks from 2 1/2 to 3 tons, \$60; now \$21.
- Trucks from 3 to 3 1/2 tons, \$76; now \$24.
- Trucks from 3 1/2 to 4 tons, \$100; now \$27.
- Trucks from 4 to 5 tons, \$200; now \$30.
- Trucks from 5 to 6 tons, \$300; and over 6 tons \$500, now \$5, with provision that county shall charge not less than \$8 a month.

The committee decided to introduce separate bills covering various features of the road program which it has outlined. The \$10,000,000 bonding proposition will be embodied in a separate bill with no side issues involved. The motor vehicle tax will probably be in a separate bill, while bills have already been introduced by individual members prohibiting the use of patented pavements.

Attorney General Brown is now preparing a draft of the \$10,000,000 bond bill.

CURB SALE OF TONICS FOR FEAR OF BOOZE

SALEM, Jan. 24.—Representative Elmore today introduced a bill to curb the sale of "bitters" and "tonics" that are now being sold in part of the state as booze substitutes. The bill, which was prepared by the anti-Saloon League of Oregon, has the approval of Attorney General Brown. It proposes to give to the state board of pharmacy power to prohibit the sale of any alcoholic mixtures or compounds which are intended or likely to be used as beverages.

ALLIES DRAWING SMALLER LOANS FROM AMERICA

WASHINGTON, Jan. 25.—America's job as banker for the allies has been lighter this month than at any time since the nation entered the war. Only \$170,000,000 has been paid out as allied loans since January 1, the treasury reported today. The reduction is caused principally by the curtailment of shipments of food for payment of which the American credits had been largely used.

Total credits extended by the treasury now amount to \$8,588,773,000, but only \$7,874,810,000 has been actually paid out under these credits.

Credits established up to today were reported as follows:

Great Britain	\$4,165,981,000
France	2,436,427,000
Italy	1,510,000,000
Belgium	258,145,000
Russia	323,600,000
Cuba	15,000,000
Serbia	12,000,000
Czecho-Slovaks	17,000,000
Greece	39,554,036
Romania	6,666,666
Liberia	5,000,000

YANKS IN GERMANY CAN USE THEIR KODAKS

PARIS, Jan. 25.—Restriction on the taking of photographs and moving pictures of men in the American expeditionary forces and in sections occupied by American troops has been suspended by orders from American general headquarters.

"CAN I BE CURED?" SAYS THE SUFFERER

How often have you heard that sad cry from the victims of disease. Perhaps the disorder has gone too far for help, but often it is just in its first stages and the pains and aches are only nature's first cries for help. Do not despair. Find out the cause and give nature all the help you can and she will repay you with health. Look after the kidneys. The kidneys are the most overworked organs of the human body, and when they fail in their work of filtering and throwing off the poison that constantly accumulates in the system, everything goes wrong. GOLD MEDAL Hancon Oil Capsules will give almost immediate relief from kidney and bladder troubles and their kindred ailments. They will free your body from pain in short order. But be sure to get GOLD MEDAL. Look for the name on every box. In three sizes, sealed packages. Money refunded if

PRESIDENT GIVES TEA TO WORKERS AT PARIS HOME

PARIS, Friday, Jan. 24.—The "tea" given at the Paris White House this afternoon was an event the like of which the French capital probably had never seen. It was especially exclusively for the working men and women who surrounded the president and Mrs. Wilson during their stay here. Its purpose was to make them feel that they were members of the official family, no matter what their occupations.

The gendarmes who guard the great palace gates, the gruff sergeants and buck privates of the American troops that patrol the inner grounds, the chauffeurs who whirl the presidential cars about the streets as a happy relief from disquiet riding at the battlefront, the American telephone girls who operate the private exchange, and in native fashion frequently protest that "the line is busy" all were there.

Some were bashful, some were completely overcome by stage fright, while others felt quite at ease as they were received in democratic fashion and made feel at home in the drawing rooms of the magnificent palace. The president and Mrs. Wilson acted as hosts for an hour.

The sergeant of the French guard gallantly introduced his men as did the sergeant of the American guard. The telephone girl assisted their hostesses in pouring tea and receiving the

Daily Health Talks

URIC ACID IN THE SYSTEM

BY LEE H. SMITH, M. D.
Uric acid is now generally recognized as the cause of more diseases than was heretofore believed. When the kidneys are out of order uric acid accumulates within the body in super abundance. The disordered kidneys do not filter the poisons out of the blood, as they ought to do, and so the poisons remain in the blood and float around until they find a place to lodge, in the form of urate salts. The thing to remember is that you may have rheumatism in any part of the body—you may have pains anywhere—your back may ache and your head may be dizzy—but the trouble is not where the pain appears. The trouble is in the kidneys, and what is the first thing to do? You must get that excess uric acid out of your system, which can be done by taking Anuric Tablets, the splendid remedy which Dr. Pierce, of Buffalo, N. Y., has put on sale in the drug stores at a low price. Anuric Tablets (made double strength), when taken into the system as medicine, have the peculiar power of dissolving the uric acid deposited there. Drop a bit of sugar or salt into hot water, and it will disappear. In precisely the same way do these Anuric Tablets dissolve uric acid. Of course, after ridding the system of uric acid, it may return again unless you eat the right foods and live the right kind of life, but Dr. Pierce will advise you fully on proper food and correct living if you write and ask him. He makes no charge for such advice. Take Anuric Tablets today, by all means, and get that uric acid out of your system. Don't, don't, don't, put the matter off.

Attention Automobilist

We wish to announce to the automobile public that Seely Hall has bought a one-half interest in the Crater Lake Motor company.
For twenty-one months Seely Hall has been working on airplane and automobile motors with the very highest class mechanics at Rockwell Field. The last seven months he had charge of the testing and inspecting department.
Seely Hall will have charge of all our motor work beginning January 28th.
P. F. Close will have charge of our machine shops.
We will diagnose all motor trouble free of charge for the following two weeks.

Tough on Batteries
You couldn't do worse by your battery than to abuse it in cold weather.
Don't try to start with clutch in.
Don't neglect priming if your motor fails to start right away.
Don't forget to turn ignition switch on.
Don't leave lights burning when they're not needed.
If you're careless about any of these, you make it hard for your battery to work—easy for it to freeze.
Be sure that the battery is charged up to 1,285 for then there will be no danger of freezing even on the coldest days.
