

CAMPAIGN BEGINS FOR MEMBERSHIP IN FARM BUREAU

The big general campaign for members in the new Jackson county farm bureau will begin next Monday in the Nell Creek district.

The farmers, fruitgrowers and stockmen of the county have awakened to the need of a county-wide organization that will embrace all their needs and still be flexible enough to include under its fold any existing organization, without destroying it. Such an organization is the farm bureau, organized to unite all phases of agriculture for effective cooperative development work.

An intensive county wide campaign for members and community and county work projects has been planned. The aim is to get every farmer in every community working with his neighbor for their mutual benefit and the advancement of that particular phase of agriculture in which they are most interested.

Below is a schedule of the meetings as at present arranged. If any community is not scheduled its citizens are requested to please get in touch with the county agent and arrange for a meeting:

- Neil Creek, February 4, 2:30 p. m.
- Bellview, February 4, 8 p. m.
- Talent, February 5, 8 p. m.

MOTORCYCLE COP RUN OVER

In a collision late Wednesday afternoon between Motor Cop McDonald on his brand new green colored motorcycle and the big red Cadillac auto driven by Mrs. F. M. Radovan, wife of the fruit evaporator man, McDonald was thrown heavily to the street and his motorcycle damaged. He was badly bruised. This morning McDonald swore out a complaint in Justice Taylor's court against Mrs. Radovan on the charge of cutting a corner, which was to have been heard some time today, and held another charge in abeyance, that of having only one license plate on her car.

The collision occurred on South Riverside at the corner of Eighth street, and as to who was to blame was as usual a matter of controversy between the principals and the witnesses. Some of the latter claim the speed cop was coming south on Riverside admiring the scenery on top of Roxy Ann instead of keeping his eyes on the road, when Mrs. Radovan turned the corner. Opinion differed also to the speed he was making, but it was generally admitted that it was faster than Bill Gates can run. Mrs. Radovan claims that McDonald was looking to the other side of the road when she properly turned the corner and did her best to avoid colliding with the motorcycle.

SOCIALISTS FAIL TO CARRY PRUSSIA

BERNE, Jan. 29.—Partial results from the Prussian elections show that the majority socialists have won 98 seats in the new parliament; independent socialists 21; democrats 94; Christian people's party, formerly the centrists, 40; national liberals 11, and conservatives 21. These results seem to indicate that there will not be a socialist majority of the parliament. There are still 150 districts to be heard from.

Worth \$50.00 a Bottle
Wm. Barnes, San Antonio, Tex., writes: "Foley's Honey and Tar is the best cough remedy in the world. It has been worth \$50.00 a bottle to me. I had 'the flu' followed by pneumonia, which left me weak, with a persistent cough. I needed rest and sleep, which I was unable to get. Some one advised Foley's Honey and Tar. I began taking it that very night. Before bed time I noticed relief, and that night had a sound sleep and perfect night's rest, the first since the beginning of the flu. I have completely recovered and do not cough at all. It cost me only \$1.20 to cure that obstinate cough with Foley's Honey and Tar. Let all who read this letter try Foley's." COYOTE PELTS IN GREAT DEMAND BY THE FURRIERS

If the ranchers and sheep growers had their wish, there would be no coyotes. The ranchers and sheep growers think that the only thing coyotes were made for is to kill sheep and cattle. This is a wrong impression. The coyotes must have some other calling in life or the good book "missed fire" when it said, "Nothing was made in vain." The coyote, however, is becoming of increasing value on account of his pelt; provided it is in good condition, otherwise it is of little value.

The better grades of coyote are being dressed and dyed and used in imitation of fox, and on account of the great popularity of the animal scarf, coyotes are in strong demand and bringing the highest prices ever known. The coyote is the only fur bearer that can be used in imitation of fox. The poorer grades of coyote are being used for coat linings, lap robes, etc. The skin is large and requires but little work—it answers the purpose.

Seventy-five per cent of the best grades of the collection of the coyote of the northwest are used in America. Our manufacturers know better how to use them and our dyers dye them better than the Europeans. We make better and more attractive articles out of coyote than are produced anywhere. A soft, silky coyote, dressed and dyed, and made into an animal scarf can hardly be distinguished from a fox, except by an expert, so trappers are urged to get after the coyote and trap as many as they can, as the present high price will pay you well for time and efforts.

LABOR CONFERENCE TO BEGIN WORK NEXT WEEK

PARIS, Jan. 29.—The commission on international labor regulations established by the peace conference will begin its work next week.

Catarrahal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, etc. F. J. CHENEY & CO., Toledo, O.

YANKS PROPOSE STATUE TO WOMEN

WITH THE AMERICAN ARMY OF OCCUPATION, Jan. 26.—(Correspondence of the Associated Press.)—A movement to erect in Washington, D. C., a monument to "American womanhood in commemoration of her loyalty, sacrifices and devotion to the American Expeditionary Forces," has been started by the Third American Army.

It is proposed that General Pershing appoint a committee to take up the work and that only members of the American expeditionary forces, the navy and the merchant marine be permitted to contribute to the fund. Under the proposed plan enlisted men would give a dollar each and officers three dollars each.

BREMEN SCHOOL STUDENTS PARADE FOR EMPEROR

LONDON, Jan. 30.—High school students paraded the streets at Bremen on Monday carrying black, red and white flags. Twenty of them when arrested declared the demonstration to be one of respect for the former emperor and not in favor of the monarch, according to a Central News dispatch from Copenhagen.

FAMOUS TROTTER OF YEARS AGO KILLED

CHICAGO, Jan. 30.—Hal Excel, 18-years-old trotter, who won purses and fame in his racing days, was destroyed by Evanston police today at the request of his owner, "Old Black Joe" Murphy, himself widely known in racing circles years ago. The horse was the offspring of Prince Hal and Eva N. and had been raised by Murphy, who vented his sorrow at parting but said the horse was getting so weak that he considered his destruction merciful. Murphy, a negro, started as a jockey more than 45 years ago, and when he grew too heavy to ride thoroughbreds, turned to the trotting turf as an owner and trainer.
