SHORTAGE OF RICE CROPS CAUSING JAPS ANXIETY

TOKYO, Feb. 3.—The shortage of the rice crop is causing unusual anxiety throughout Japan. The crop this year is 30,000,000 bushels less than the average. As the annual consumption is 300,000,000 bushels, the shortage for the next year is short exactly 10 per cent. Riceless days are suggested, but it is not easy to adopt the plan of western countries and enforce riceless days, after the example of wheatless days.

APOSTLE OF SIMPLE LIFE DEAD OF FLU

SAN FRANCISCO, Feb. 3.—Ernest Wilfred Darling, apostle of the "Simple Life" and advocate of abbreviated clothing and outdoor living, is dead, a victim of influenza in the Fiji Islands. Word of the passing of the eccentric personality who was a familiar figure some years ago in San Francisco and other coast cities was received here today. His death occurred in December.

EAGLE POINT EAGLETS

On Wednesday evening John Goin, our Agate man who spent several weeks here gathering agates, in this section and went to Newport to visit his parents, returned to try his hand gathering more of the precious stones. While he was gone he dressed up a number of the stones he had gathered around here and some of them are surely beauties. He expects to remain here for some time and devote his time to gathering agates and other valuable stones for the market.

Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers. Mothers for over half a century have used with the utmost regularity the time-honored preparation, Mother's Friend, for the relief of labor. Here is a truly wonderful penetrating application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious months of pregnancy are made comfortable. The usual wrenching strains, bearing-down and stretching pains are counteracted. The system is prepared for the arrival of baby. Here is a truly wonderful penetrating application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion.

Mother's Friend is on sale at every drug store. It is for external use only, is absolutely safe and wonderfully effective. Write the Bradford-Regulator Company, Dept. C, Lamer Building, Atlanta, Georgia, for their interesting Motherhood Book, free to users of Mother's Friend, and obtain a bottle of Mother's Friend from the drug store and begin this grateful treatment.

gers, it being the last trip for a while. There was not the usual amount of freight or passengers for Butte Falls, but on the return trip they had enough to make up for any lack on the upward trip, for they had a train of fourteen cars and among them was five log cars, two of lumber, loads of ties, a flat car loaded with passengers, beside the regular passenger car. A box car full of household goods and baggage and counting the box car they picked up here made fifteen all together. The large number of passengers was caused by the order of the court to stop operations on the P. & E. It was estimated that there were at least seventy passengers on the train. I asked Mr. Neilson, the superintendent of the road, how many there were and he said about seventy and to make sure I asked Charley Bacon, the conductor and he said that he had not had time to count them but thought about seventy. The stopping of the P. & E. railway is a deathblow to Butte Falls and the country surrounding it and the most of the people in our town are sympathizing with the people up in the hills, although there are a few who seem to look at but one side of the situation and that is the side where they seem to think they can make money out of the misfortune of others and I am sorry to say that some of those who, it seems to me, ought to see that the abandonment of the road would cause a stagnation in business, seem to think that they can make more money out of their business by having the road abandoned. I heard one of our leading business men contending that after the railroad was taken up the old roadbed could be converted into a hard-surfaced road and then use trucks would be cheaper than to patronize the railway, not counting the cost of making the road and the upkeep of the road, but even if that were the case that leaves the property owners of Butte Falls and vicinity just as bad off as before. I heard one of our merchants make the remark, "O, those fellows will soon get back to the old way and be coming out with their wagons and haul their stuff up just as they used to, not seeming to think of the depreciation in the property values."

Miss Gladys Holmes of Derby came in and took a room at the Sunnyside Thursday evening and is still here at this writing Saturday afternoon. J. H. Cooley, one of the progressive men of Medford, was out Saturday trying to get the businessmen of Eagle Point interested in the purchase of the P. & E., but met with but little encouragement from those who he had reason to believe would feel an interest in keeping the railroad here, but some of our business men seemed to be considerably interested in the movement. I did not learn what success he had.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It. Dr. Edwards' Olive Tablets, the substitute for calomel, get gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them. Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects. All the benefits of nuxy, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects. Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath. Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Brest Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system. Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Liniment. When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 20 cent bottle of old, honest "St. Jacobs Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin. Nothing else stops lumbago, sciatica and lame back misery so promptly!
