

WAR LOAN NOT TO BE REPUDIATED BY THE GERMANS

MENICHI, Jan. 10.—(Correspondence of the Associated Press.)—"The one debt which Germany never under any circumstances would repudiate, no matter how hard pressed it might become, is its war loan," said a Bavarian financier recently.

Bavaria is a good example of the universality of the loan holdings, for no less than 1,430,000 families, or nearly every one in the former kingdom, took at least some of the nine loans.

The Bavarian savings banks, with the deposits of relatively a small division of the former German empire, invested 47,500,000 marks in the first eight loans, and their depositors with money not in banks subscribed another 293,300,000 marks.

A harbinger of their coming is a further rumor that grandstand reception movements are being planned in behalf of the regiment, the greeting to be on a big scale at Los Angeles, San Francisco, Portland and Seattle.

A number of notable improvements are being instituted in railroad yards. The old water tank has been thrown into the discard, and an extra large one of 50,000-gallon capacity, is being erected on a charged site. The roundhouse will have a new roof, the structure throat to be reinforced in view of the recent collapse of a portion of the building. The roundhouse is over thirty years old and is of a ten-stall capacity. Its interior, while not highly decorated, bears mute evidence of restive locomotives which, with inexperienced hostlers at the throttle, have from time to time bulged into solid foundation walls.

JAD SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, and other disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.
