

LOCAL AND PERSONAL

The report has been received at the office of Alex Sparrow, supervisor of Crater national park, that there was 6 1/2 feet of snow at park headquarters the last of January, which is at least three feet more than at the same time last year, altho the rains have packed it down probably at least a foot since. According to Mr. Sparrow there seems to be less snow than usual this year below the 6000 foot level, and more than usual above that level. The park headquarters is at a 5000 foot elevation, and it is thought at the lake rim the snow depth is at least a foot more.

All members of the Christian church are requested to be present at the service Sunday morning as the congregation will vote on calling a pastor. The church has not had a pastor for several months and the new board is anxious that a pastor be secured as soon as possible.

Interests. The special commission working on the society of nations plan is not moved by these rumors, however, and is going about its work quietly but rapidly. At the same time the supreme council in short daily sessions continues its policy of hearing patiently all claims and generally referring them to special or standing committees for thorough examination although this procedure, it is understood, is not entirely agreeable to all the powers interested. The Russian problem again will come to the fore today in connection with the acceptance by the Moscow Bolshevik government of the invitation to the conference on the Princess Islands. In some quarters the action of the Moscow government has been hailed with satisfaction and relief by the promise it gave of an immediate termination of Bolshevik attacks on the little allied army in the Archaeanal sector. Experienced diplomats say that what surprises them is that the proceedings have been so remarkably harmonious in view of the multiplicity and complexity of questions.

French Sacrifice for Liberty Heroic Six millions of French sons have offered their lives that democracy might live. 30 million other French men and women sacrificed their all for the same purpose. America's debt of gratitude to France for this is very great. We also are indebted to her for an invaluable remedy for stomach, liver and intestinal ailments discovered by her peasants, which it is reported has saved many American lives and prevented thousands of surgical operations. Geo. H. Mayr, for many years a prominent Chicago chemist, imports the ingredients and sells this remedy under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. Adv.

AGREEMENT ENDS STRIKE IN BRITAIN LONDON, Feb. 7.—The effect of the agreement which has ended the strike on the railways leading into London on demands which may be made by employes of omnibus and tram car lines is not as yet definitely settled.

ULTIMATUM GIVEN GERMANY (Continued from page one.) from small powers, making a council of nine with a two-thirds vote required for the adoption of measures. Territorial Conflicts The number of territorial conflicts now making their appearance in peace conference meetings it is said in some quarters, is attributable to the prospects of an early realization of a society of nations plan which will involve the examination of all such claims by a legal tribunal of the society for adjudication with due regard to the wishes and welfare of the inhabitants of the districts in dispute. The community of interest of some nations in certain questions has led to hints of co-operation among those nations to make up a majority in the conference. Gossip in the corridors even mentions threats of resistance to any decisions adverse to those in-
