The secrets of the prison house which the women have promised to reveal are guaranteed to freeze the feminine blood of the country, make their eyes pop from their sockets, and such particular hair stand on end, and incidentally stir up action in the senate for the suffrage amendment.

PACKERS DENY OFFERING POSITION TO FRANK WALSH

WASHINGTON, Feb. 10.—Levy Mayer, counsel for J. Ogden Armour, denied flatly before the senate agriculture committee today that he had offered employment with the big packers to Francis J. Heney, who is conducting the examination of packers' witnesses before the committee.

He read a telegram from Frank P. Walsh, who Mr. Heney said Mr. Mayer told him had been made a similar offer, stating that he had heard nothing of it.

Mr. Heney was not present until after Mr. Mayer had made his preliminary statement. The telegram from Mr. Walsh in St. Louis was sent, Mr. Mayer said, without his request.

"This is the statement of an honest man," the witness added, "in contrast to the clumsy, transparent, dishonest and unprofessional line of Mr. Heney."

Mr. Mayer remarked that Mr. Heney had charged the alleged offer was made January 24, and questioned the propriety of his not having made it public before if it were true. He said he was not in the city when the charge was made and consequently was not able to answer it then.

Mr. Walsh's telegram was read as follows: "The Associated Press asks me for a comment upon Mr. Heney's statement of Saturday which I gave as follows: While I can claim a very pleasant acquaintance with Mr. Mayer, I never was offered employment in Chicago or elsewhere and this not only implies that he might not have done so with perfect propriety or that I might not have accepted or declined the same with like propriety."

STATE OFFICIALS PROTEST PROPOSED SALARY INCREASES

SALEM, Feb. 10.—Governor Withycombe, Secretary of State O'cott and State Treasurer O. P. Hoff are a unit in the opinion that proposed salary increases affecting their offices should not be effective during their present terms of office.

A bill providing increases in the salaries of these three leading state offices is now pending in the legislature.

"I do not believe the increases would be proper at this time," said Governor Withycombe today. "I have not been consulted in the matter by any member of the legislature, and as far as my office is concerned I frankly do not think any increases should be made now."

State Treasurer Hoff said: "All you have to do to get my attitude is to go back ten years when a bill was introduced to create the salary of the state labor commissioner from \$2000 to \$3000 a year. I did not think it should apply until my successor should be elected and I asked that the bill be withdrawn, which was done. However, there are some state officials whose salaries I do not think are large enough and I believe they deserve increases."

State Senators I. S. Smith and W. M. Pierce today introduced jointly a bill providing that the state pay the college expenses at Oregon colleges of men who served in the army and navy during the present war. A favorable report on the measure from the senate committee on education was said to be assured.

MAN PULLED OFF TRAIN BY SPEED COP CLEARED BY JURY

A jury in Judge Taylor's court this noon came in with a verdict of not guilty against Earl McManiman of Los Angeles, who was yanked off a north bound passenger train last Friday evening by Speed Cop McDonald, along with two suit cases containing 14 quarts of whiskey. The charge was transporting liquor into Oregon. It was the second case within a week where a man arrested on a train by McDonald was exonerated by a jury of the charge of transporting liquor into Oregon.

McManiman, who claims to be a marine fitter by occupation, and who had laid in jail ever since his arrest Friday evening because of inability to furnish \$250 bail, was defended by Newton W. Jordan, and County Prosecutor Roberts represented the state. McManiman's defense, which the jury believed, was that he boarded the train at Red Bluff on route to Tacoma where he was going to seek work, and took a vacant seat beside of which were two suit cases.

As the train was approaching the Medford depot he claims Speed Cop McDonald approached him and asked if the two suit cases were owned by him. He denied ownership and told that he did not know who owned them. He says that despite this McDonald, whom he did not know, demanded that he open the suit cases, which he refused to do. McDonald then hustled him and the cases off the train and looked him in the county jail.

McDonald and another deputy sheriff arrested several men at Ashland whom they took from the evening train last night, and recovered a large quantity of whiskey in suit cases. One man got away from them.
