

WAR DEPARTMENT'S PUBLIC MORALS BILL SLAUGHTERED

SALEM, Ore., Feb. 21.—The senate of the Oregon legislature adopted today a joint resolution originating in the house, commending Mayor Ole Hanson, of Seattle, for his work in suppression of radical elements during the recent general strike there.

The house passed today a bill by Senator Moser, providing for the establishment of city planning commissions by municipalities. The so-called "morals bill" comprising recommendations of the war department in connection with protection of soldiers from disease, was finally killed in the house in a stormy course through the legislature. The vote against it was 26 to 15.

In an effort to avoid a lengthy extension of the legislative session the house had 99 bills on its calendar for action today. The legislature was supposed to conclude its session tonight, members now being permitted to draw pay for their services after 40 days. It is estimated that the legislature will continue until the latter part of next week to end some of the business.

GRONNA HOLDS-UP OIL LEASING BILL

WASHINGTON, Feb. 21.—Efforts to get a vote on the conference report on the oil leasing bill failed in the senate again today and will be renewed tomorrow. He read a letter from Gifford Pinchot saying enactment of the bill would cause "incalculable injury" to the west.

ROBERTS LAYS HIS CRUTCHES ASIDE

Relieved of Rheumatism by Tanlac After Suffering Eighteen Years

"Tanlac relieved me of eighteen years of suffering and more than that, it has added thirty pounds to my weight," said F. Roberts, who lives at 824 West Nora St., Spokane, the other day.

"When I look back over the past eighteen years of my life," he continued, "I wonder how in the world I ever stood all the suffering I went through with. I had rheumatism in both my feet and legs, and sometimes they would swell terribly. It was the same with my arms from my finger tips to my elbows, and I couldn't use my hands at all. For eighteen months before I began taking Tanlac it was impossible for me to walk except on crutches. Sometimes for days at a time I would just have to sit down and suffer agonies nearly every minute and when night came my suffering was so great that I rarely ever slept very much. To add to all the rest of my trouble my stomach went back on me, and it seemed impossible for me to find anything to eat that would not make me suffer afterwards. When I tell you that I lost over seventy-five pounds in weight you will have some idea how I was going down hill. I think I must have taken a hundred different kinds of medicine but none of it brought me any relief.

"I had about lost faith in medicine, but when I saw Tanlac advertised I made up my mind that I would try just one more, and if I failed to get relief I would never spend another dollar for medicine as long as I lived. But Tanlac helped me from the very first, and by the time I had finished my first bottle I could feel a wonderful improvement. My appetite came back and I was soon eating three square meals a day, and I got so I would get hungry between meals. The more Tanlac I took the more I could eat and the better I felt, and it wasn't long before I laid my crutches away, for I could walk without them. And then I could begin to use my hands a little. I saw that I was coming back strong so I just stuck by Tanlac and—well just look at me now—I am free from all my troubles and as well and strong as I ever was and work hard every day and as long as I live I will praise Tanlac for all it has done for me."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Mea, in Ashland by J. J. McNair. Adv.

LOUISE BRYANT PLEADS CAUSE OF BOLSHEVIKI

WASHINGTON, Feb. 21.—With the witness complaining bitterly of unfair treatment and protesting that Americans advocating self-determination for Russia were treated as traitors, the senate propaganda investigating committee today continued its examination of Louise Bryant, the American woman writer who testified that her husband, John Reed, was employed by the Bolsheviki. During the hearing Chairman

Overman said the committee might suspend its sitting for two weeks because of the press of business incident to adjournment of congress. This came out when Miss Bryant demanded to know why certain witnesses had been notified by telegraph not to appear.

"Oh," said the witness, "adjourn this hearing without hearing people who know most about Russia so you can pass a law first."

Miss Bryant complained that the committee called only one side. "Well," said Major E. Lowry Humes, directing the examination, "you come here as a champion of the Bolsheviki."

"I'm not their champion" responded the witness. "I just want to tell the truth."

Senator Sterling of South Dakota, told the witness it appeared to him she was trying to work herself up as a martyr for no cause whatsoever.

IT PAYS TO ADVERTISE SAYS RABBIT GROWER

To the Editor: We sold two does and their litters as advertised yesterday for \$10 and \$7.50 respectively, before the ink on the Mail Tribune was dry. Have always sold everything we advertised in the Tribune in double quick time and customers kept coming. The only fault we can find with an ad in Tribune is you can't stop what you started, and this causes advertisers to disappoint would-be customers. We have no doubt of all our 200 rabbits being sold by Monday, or earlier.

A MOTHER'S STRENGTH

Mother, whose hands rock the cradle, often needs more than ordinary food to help maintain the blood-quality and strength and to assure adequate nourishment to the child. It is as unwise for the mother, as it is dangerous to the child, to place dependence upon alcoholic stimulation, for strength is not found in alcohol.

SCOTT'S EMULSION

of purest cod liver oil, absolutely free from alcohol, is mother's true friend, in that it performs a two-fold duty. Scott's is tonic-nourishment, particularly fitted for the trying period of motherhood.
