

PEACE LEAGUE PANDORA'S BOX FULL OF EVILS

Senator Sherman of Illinois Attacks President and Proposed Construction of League of Nations—Will Empty Upon America the Aggregated Calamities of the World.

WASHINGTON, March 3.—The constitution of the league of nations as presented at the peace conference was pictured to the senate today by Senator Sherman of Illinois, republican, as a "Pandora's box full of evils," which would "empty upon the American people the aggregated calamities of the world."

Senator Sherman sharply criticized President Wilson, asking who authorized him to "rear above the republic an autocratic power." He added that the president had been acting either as "a usurper or a dictator."

Compared Him to Caesar
"Shall we not ask with the dramatist," the senator said, "Now, in the name of all the Gods at once, upon what does this Caesar feed that he has grown so great?"

"He adroitly maneuvers himself into the spotlight as the fountain of peace perpetual and the guardian of mankind," Senator Sherman continued. "As he kept us out of war in 1916, so he will keep us out of impending war conjured up to serve the issues of 1920 and keep us at peace forever if we but accept him again. Like his neutrality device was the prelude to unprepared war, his peace league engages not in one war, but in all wars that scourge the earth. It is simple but deadly. Apparently an open covenant of peace, it is a masked charter of unceasing war; the voice of Mars, but the hand of Woodrow."

On the proposed constitution, Senator Sherman said it would set up an oligarchy of the worst possible sort, adding:

In Blood Torrent
"If we cut the cables of constitutional government here we are caught in the irresistible tides that will sweep us into the maelstroms of the old world's blood currents. The feuds and spoils of a thousand years will become our daily chart of action. All we know is that a few men in some hidden chamber known as the executive council will over us powers of life and death."

"The creation of a nameless thing to sit in star chamber judgment and decree implicit obedience to its mandates cannot be borne by free men. By an ukase it will embargo our commerce, close our exchanges, destroy credits, leave our merchandise rotting on piers, shut the Panama canal, order congress to declare war, levy taxes, appropriate money, raise and support armies and navies and dispatch our men to any quarter of the globe to fight and die because an alien executive council has willed it."

Against an Utopia
"Sincere men may have deceived themselves in their great hope for a perfect world, but no delusion, however sincere, will excuse this senate from its duty to interpose its power against this universal utopia promised by the president. It is the fabled apple of a great hope which will turn to ashes on a trusting people's lips. The senate never faced a greater task nor a nobler duty. It will not ratify an emotion nor translate an impossible idealism into a weapon of national suicide."

Senator Sherman asserted that against the wisdom and experience of the American forefathers as summed up in Washington's farewell address there was now rising up "the dreamer and the bookman, the socialist, the mere haberdasher in phrases which intoxicate and mislead."

ARMENIAN DRIVE STILL IN PROGRESS

The funds solicited for Armenian relief fund are coming in rapidly now and while it is impossible to give the total amount today it looks as if a gratifying response has been made to the appeal for this worthy cause. A large number of the districts were delayed on account of the weather conditions and for that reason the drive will remain on during this week to enable captains of teams to complete their work. All funds should be in the hands of Mr. Delroy Getchell, treasurer, Farmer's and Fruit Grower's bank, Medford, not later than Saturday morning, March 8. Any persons overlooked in the canvass may leave their contribution at the bank where it will be credited to the fund.

met to discuss any single or narrow subject. We are met to discuss the proper method of restoring all the labor conditions of the country to a normal basis as soon as possible, and to effect such fresh allocations of labor and industry as the circumstances may make necessary.

Most Fortunate Nation

I think I can testify from what I have seen on the other side of the water, that we are more fortunate than other nations in respect to these great problems. Our industries have been disturbed and disorganized—disorganized as compared with a peace basis, very seriously indeed by the war, and it seems to me, therefore, that we should approach these problems that we are about to discuss with a good deal of confidence—with a good deal of confidence that if we have a common purpose we can realize that common purpose without serious or insurmountable difficulties.

"The thing that has impressed me most, gentlemen, not only in the recent weeks when I have been in conference on the other side of the water, but for many months before I went across the water, was this: We are at last learning that the business of government is to take counsel for the average man. We are at last learning that the whole matter of the prosperity of peoples runs down into the great body of the men and women who do the work of the world, and that the process of guidance is not complete by the mere success of great enterprises—it is completed only by the standard of the benefit that it confers upon those who in the obscure ranks of life contribute to the success to those enterprises."

M. T. Conley of Medford lost his life by drowning in the Tunnaw river in Alaska, according to a letter received today from Butte, Mont., from James Howland, superintendent of the Yukon Mining company.

Mr. Howland states that on February 26th he received a telegram from Skagway, Alaska, stating that a party of engineers had been drowned in the river, and that papers found on Conley showed he had a family in Medford. Mr. Howland asks that the relatives be found if possible.

SHE COULD NOT STAND OR WORK

But Lydia E. Pinkham's Vegetable Compound Restored Her Health and Stopped Her Pains.

Portland, Ind.—"I had a displacement and suffered so badly from it that at times I could not be on my feet at all. I was all run down and so weak I could not do my household work, was nervous and could not lie down at night. I took treatments from a physician but they did not help me. My Aunt recommended Lydia E. Pinkham's Vegetable Compound. I tried it and now I am strong and well again and do my own work and I give Lydia E. Pinkham's Vegetable Compound the credit."

A Hearty Welcome To Our Returned and Returning Soldiers and Sailors

You mothers, fathers, wives and sweethearts who have waited and feared and wondered if "your boy" would ever come back—who have prayed for him in the quiet night hours, have tramped with him in spirit on weary marches, stood with him in the rain and mud of the trenches and suffered with him on his hospital cot—what must be your joy today, for he is coming back to you—and we join in this welcome.

"Always in Earnest"

Welcome Heroes!

HOME AGAIN, safe, sound and victorious. We are glad to extend the hand of welcome. It is impossible to honor you as you deserve. Words seem empty—our feelings are by far too fine to be easily expressed. America is proud of you; Medford and Jackson County are more than proud of you and are happy to say: "WELCOME HOME, BOYS."
