**TROTSKY PREDICTS BOLSHEVIK RULE**

GENEVA, Switzerland, March 3.—Leon Trotsky, the Bolshevik war minister, has written from Moscow under date of February 14 to a friend here, claiming that Bolshevism is spreading throughout Russia and Siberia. He declares in this letter that after peace is signed a new campaign will be started among the workers of the world to fight imperialism and capitalism. Trotsky asks his friends to co-operate with Mme. Barabanoff, who now is in Switzerland with several million rubles in her possession to carry on Bolshevik propaganda in France and Italy and later in England and the United States.

Trotsky boasts that success for the Bolsheviks has already been gained in Germany through the Spartacus, and declares his belief that Bolshevism eventually will rule the world.

COPENHAGEN, March 4.—Marshal Foch has demanded the immediate delivery of the German mercantile fleet without regard to the question of food supply, according to a dispatch from Weimar, where the German national assembly is in session.

## HOUSE THANKS SPEAKER CLARK FOR IMPARTIALITY

WASHINGTON, Mar. 4.—The scene in the house was quite different from that in the senate when the speaker's gavel fell. As Speaker Clark announced the end of the 65th congress the Marine band played patriotic songs and members and the crowded galleries joined in the singing.

The last act of the house was the unanimous passage of a resolution offered by Republican Leader Mann, thanking Speaker Clark for his "able and impartial" work as speaker.

"No matter what its critics may say," declared Mr. Clark in response, "this congress has done more important work than any two other congresses. In this congress, the republicans acted as patriotically and as faithfully as the democrats. I cannot express my gratitude for the way the house has treated me. Good-bye and God bless you."

## SULZER ELECTED BY SMALL MARGIN

JUNEAU, Alaska, March 4.—Official count of last November's ballots, announced here by the territorial canvassing board, give Charles Sulzer, democrat, 4,487 votes for Alaska delegate to congress. His opponent, Delegate James Wickersham, republican, received 4,454 votes. Some of the returns were sent by wire. An election certificate will not be issued Sulzer until all returns have been received by mail.

## KEEPS SOLDIERS FROM DISCHARGE

WASHINGTON, March 4.—Failure of the army appropriation bill and other military measures to pass before congress adjourns leaves the war department in a "difficult but not a serious situation," Secretary Baker said today. No immediate shortage of funds to care for the troops is in prospect.

Mr. Baker said his greatest regret was that failure of the army reorganization bill meant that a number of men of the war time army must remain in the service for a longer time than would have been necessary otherwise.

The sundry civil bill carrying appropriations totaling about \$850,000,000, including \$50,000,000 for the merchant marine, also failed of passage.

## America Owes France Debt of Gratitude

The important part France has played in this war and her awful sacrifice of blood are not the only reasons we should be grateful to her. Many lives are said to have been saved and thousands of surgical operations prevented in this country by a French peasant remedy for stomach, liver and intestinal ailments now imported and sold under the name of Mayr's Wonderful Remedy by Geo. H. Mayr, prominent Chicago chemist. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. Adv.
