

### JACKSON COUNTY HOMESTEADER IN JOSEPHINE JAIL

Peter Sampson, a well dressed man of perhaps 60 years of age and who is thought to be mentally unbalanced, was taken to the county jail in this city today by Sheriff George Lewis, says the Grants Pass Courier.

Mr. Sampson says he has a homestead in Jackson county, although he has not been on the claim for several years. He is a French-Canadian but says he has resided in Oregon for many years and is a naturalized citizen. He is under the delusion that the Salvation Army is harassing him and giving him undue publicity and is seeking asylum from their persecution. He demands \$40,000 damages from the government and asserts that if the money is not forthcoming immediately he will force the payment.

When taken to the sheriff's office today, a .38 calibre revolver and a large clasp knife were found in his pockets. The revolver was loaded and the knife was sharp. He claims to have recently returned from Washington, D. C., where he went to interview the president in regard to the payment of the \$40,000, and also went to Salem to see Governor Withycombe, but at that place was denied admission because of the governor's illness.

Mr. Sampson was far from being "broke," having some money and about \$600 in war savings stamps in his suit case. He will be taken before the insanity board tomorrow. Judge Gillette of the county court being in Portland at the present time.

### THREE CITIES TO GET-TOGETHER AT MEDFORD

At a meeting of the directors of the Commercial club held Wednesday evening it was decided to give a get-together banquet on the evening of Friday, March 21st, to be participated in by the commercial organizations of Grants Pass, Ashland and Medford and as a reception to the Josephine and Jackson county delegations in the legislature. Short, crisp talks will be given on live issues of interest to Southern Oregon and an entertaining program will be rendered of music and otherwise.

A committee of arrangements was appointed, consisting of J. W. Dressler, J. B. Andrews and J. W. Wakefield. In addition to which a committee on entertainment was appointed as follows: Will G. Steel, Rev. L. Myron Boozer and Rev. D. E. Millard.

Immediately preceding the banquet the membership committee will make a drive for members of the club, to which end the city will be divided into districts and each district handled by two men.

The club is not supported by the business community as it ought to be and the matter will be put up straight as to its condition and the necessities facing it. Opportunities for accomplishing results are abundant, but the revenue is so small that reasonable results are not at present attainable. ### RUSSIA PROVES STUMBLING BLOCK TO ALLIED POWERS

LONDON, March 6.—Andrew Bonar Law, government leader in the house of commons, replied last night to some questions raised in a debate on foreign affairs that has been in progress in the house.

As regards Bolshevism, Mr. Bonar Law said that few people now had any illusions about it. The allies were agreed that something must be done for Russia, but none of them, he declared, would recommend dispatching the necessary forces to quell the anarchy there.

As to indemnities, Mr. Bonar Law said the government realized that the country expected to get the best possible indemnities from Germany, but it was useless to hold out the hope that the indemnities would wipe out the country's immense war debt.

Mr. Bonar Law agreed that it was urgent that peace be achieved quickly because there was real danger of Germany sinking into Bolshevism. Moreover, he pointed out that there was greatest necessity for the allies to get their own trades and industries going again.

This woman is perfectly justified, and should be commended for telling others how she regained her health.

presented by Hoquiam Elks band, No. 1082. The inscription expresses our appreciation in the best way we know." On the loving cup is engraved the following: "In grateful recognition and sincere appreciation of the tender care and attention rendered our late brother, Peter E. Stream, who at the time of his accidental death at Medford, Ore., June 19, 1918, was our haritone player and manager, and also our exalted ruler." The accident referred to occurred at the railroad crossing at the southern city limits, a passenger train striking an auto containing a party of prominent Hoquiam tourists. One woman was killed and Mr. Stream sustained injuries which caused his death several days later at the Sacred Heart hospital.
