## EAGLE POINT EAGLETS

By A. C. Howlett.

Last Wednesday afternoon Miss Lansing, our intermediate teacher, gave us a very pleasant musical entertainment in her room, altho the whole school took part in the exercises. Master Hugo Von der Hellen presided. The entire exercises were simply a musical concert. The first was a song by the entire school and then the primary class was called to stand and sing two or three songs and it called up the days of our childhood in the long ago when we used to stand up and sing our little songs and recite our little pieces for the entertainment of the visitors who would call on Friday afternoons, and we also remember how it encouraged us to have our parents, after hearing our recitations tell us how proud they were over the progress we were making. It almost made us feel young again and wish that we could live our childhood days over again. But they did so well, and especially two of the little girls sang a song alone that almost thrilled the audience.

After the musical entertainment both instrumental and vocal, Miss Rosetta McGrath, the county health inspector of the schools, gave us a very interesting lecture on the rules of health, and in the course of the other duties of the hour started an organization of a boys club consisting of boys from the age of five years up, in which the members are expected to use their tooth brush at least twice a day and wash their hands at least twice a day and wash their faces. I was going to say faces, but I happened to think that she said not only their faces but their neck and ears twice a day, comb their hair at least twice a day and in addition to that keep themselves neat and tidy all the time. If the children will remember and follow her instructions in their childhood days they will find that it will be of lasting benefit to them.

Paul Anderson, recently from Portland, was a dinner guest at the Sunnyside Wednesday.

Miss Lida Jones of Talent, who has been stopping with her grand parents, Mr. and Mrs. Knighton, returned home Wednesday evening and Miss Vesta Grover of Medford, came out to take her place keeping company with Mr. Knighton who has been in poor health for some time. Miss Vesta's father, J. W. Grover, came out the first of the week and went to the Big Butte country.

Mrs. Anna Coren of Butte Falls, came out Thursday evening on the railroad gasoline car and spent the night with her sister, Miss Zula Gopfert, our telephone girl.

Roy Davis, formerly of Derby but now of Medford, spent Thursday night at the Sunnyside and remained the most of the day.

Robert Gale came out Thursday to bring out a truck load of things for Brandon Bros.' Snowy Butte mills and took dinner at the Sunnyside hotel.

Mrs. C. A. Newstrom and little boy of Lake Creek, came out on the Eagle Point-Lake Creek stage, took dinner with us and went on to Grants Pass to meet her son who has just returned from France. He stopped off there to visit a sister and will come on her with his mother.

Mrs. J. Montgomery, one of the aged citizens of this place, went to Medford Friday on the Jitney. Isabel Heckathorn, another one of our pioneer grandmothers, visited Mrs. Howlett Friday. Miss Wood, another one

of our venerable old ladies was transacting business Friday with our merchants. Miss Ruby Halsey was also transacting business here Friday afternoon.

F. Ross of Central Point, was a visitor in our town and took passage for Medford on the Harnish mail stage.

Miss Fay Perry, Miss Beattie Nichols and Mrs. C. A. Newstrom and son took passage on the stage auto for Medford Thursday evening.

Floyd Leallo, one of our soldier boys of Trill and George A. Jones of Portland, came in Thursday evening, spent the night here and went on the Eagle Point stage to Trill the next day.

J. W. Wyatt came out from the farm and went to Medford Friday evening.

Harry Smith has moved into the Harnish house.

Harry Saker, of Ashland, who has been stopping here since the first of the week, returned home Friday morning. He has been here since Monday evening hunting axoten with John Golin.

Henry Thorpston of Perast, and R. D. Watson of Medford, went up on the Eagle Point-Perast stage Friday.

We were favored Friday afternoon with a very interesting lecture on rather an off-hand talk, in the school house Friday afternoon, by Clarence Burnett telling us his experiences from the time that he enlisted here up to and including his arrival in France as well as what he did and had seen there. He said that their first real hardships were while they were on the English transports going from New York to England. He said that the English were to feed them but the rations were so short that they almost starved and that after they reached England the fare was no better and that after suffering there for several days with hunger they were changed to other quarters for a few days and then they were changed back to the English rations again, but after they were taken to France they had enough and that that was good unless when it was in the time of action and then they had in some instances but little to eat.

He told of some of the barbarities of the Hunns, of their mutilating the little children by cutting off their limbs and putting out their eyes, etc., of the terrible slaughter he had witnessed, etc. He also exhibited several relics he and his step-brother, Graydon Childreth had secured and explained their uses, and altogether gave us a very interesting talk far a novice at the business, for I think it was his first attempt as a public speaker.

Alfred and Natus Miesowak came in Friday evening and engaged rooms for the night. They came out from Medford to try to rent a home. There is a family of twelve and will require quite a large house to accommodate them. They had heard of the J. J. Fryer house that now belongs to Mrs. Green, a daughter of Mr. Fryer, and she is down near Los Angeles and her brother-in-law hesitated to rent it without her consent. The family had just arrived in Medford Friday morning from Kansas where they had sold out and are seeking a better climate.

Nick Young, our new road supervisor, was here for dinner Saturday and says that the continuous rains are keeping the roads so wet that he cannot work on them.

**ASHLAND AND VICINITY**

By all means let us keep the record of "Our Boys" in the army and navy "straight," and in order to do this the war chronology, beginning in 1917, should be in the process of formation without delay. The history of the civil war, not to mention the Spanish-American conflict, should afford object lessons in this respect. This movement is general, inasmuch as it is statewide, the plan being to compile a complete record of Oregon's participation in the world struggle. Consequently it devolves upon each community to perfect its records in this respect. By virtue of the intimate relation that libraries enjoy with the public, these institutions have been designated as channels thru which the needed information is to be obtained. Briefly stated, the name of the soldier or sailor is first wanted; date and place of birth, also name and place of birth of parents; education; date and place of enlistment; any transfers or promotions. All told, Ashland and its immediate vicinity has had over 200 boys in the service, widely scattered, both at home and abroad. The records of these lads of today will be a rich heritage for the youth of tomorrow, therefore it behooves all interested to help in the compiling of data, both military and civil, which will as years go by prove rich in historic value. Portraits are also urgently solicited. The Ashland city library will gladly impart free information as to the scope of this important undertaking.

Winn Hays' returning soldier, who has been visiting his parents, Mr. and Mrs. A. H. Hays, has gone to Sedro Woolley, Wash., to enter hospital work there under government auspices. The institution is located several miles from that town, the ground embracing over two sections of land. Winn is connected with ward No. 5, and will enter training as an X-ray expert.

Siskiyon chapter, Royal Arch Masons, meets on Thursday evening, March 20. Routine business transacted, also degree work.

Visiting children at the O. H. Johnson home include Walker Thorne of Seattle, who has been east purchasing goods for the leading department establishment of that city, and Mrs. Pearl Dodge, ticket agent in the

Southern Pacific passenger station at Berkeley, Cal.

Lester Lurch, hagenkammer at the local depot, died on Monday, at the age of 38 years, leaving a wife and two children. Funeral services were held on Wednesday, 2 p. m., at the Methodist church, interment being in Mountain View cemetery. The family home is in the Wheeler property on North Main street. Faithfulness and efficiency were cardinal traits of Mr. Lurch's character, and a wide acquaintance, by virtue of his calling, will regret to learn of the passing of an esteemed citizen, obliging employe and kind friend.

Over 200 invitations were sent out to neighboring farmers and horticulturists by a special committee of the Commercial club, urging them to participate in the complimentary dinner tendered them under club auspices, at the Elks' temple, on Tuesday evening of this week. The ladies of the Civic Improvement club served the meal, which was a most substantial one. The object of the gathering was a get-together reunion whereby the agriculturalist and the business man might meet socially and at the same time outline plans of mutual benefit to all concerned. There was no formal program, the talks and discussions being along practical lines, augmented by conversation courteous incident to a happy and felicitous gathering under ideal conditions. Among visiting guests from out of town were Prof. Reimer of the Southern Oregon experiment station at Talent, and Miss McCormick, foremost exponent of domestic science methods.

Mr. and Mrs. Howard Grover of Bellevue, were visited recently by Lieut. Clair Seeley, brother of Mrs. Grover, lately released from army assignments.

Fred Lockley, voyageur, writer and bon vivant, a recent caller in Ashland in which territory he is a familiar and welcome visitor, has a lengthy and very interesting article in the Portland Journal of March 17, reviewing the personnel of Ashland's contingent in the war, from the viewpoint of one who writes most entertainingly, whether his subject is a colonel or a member of the rank and file. This article should be preserved among permanent records.

Reports in realty transfers indicate that the Payne property on High street, now occupied by Sam McNair, has been sold to Dr. R. L. Burdick, dentist, possession to be given May 1.

Among eight deaths reported to the State Industrial Accident commission for the week ending March 13, occurred the name of George M. Lowe, member of the local police force, who lost his life in Ashland railroad yards in the night of March 2. The inference follows that the family will be indemnified for the loss of the husband and father. Mr. Lowe also carried a \$500 beneficiary certificate in the Woodmen of the World fraternal order.

Coyotes are numerous this season. W. H. Paul captured eight young ones recently a few miles out of town, and others have trapped quite a number. The bounty is not only considerable, but the pelts bring a good price.

Interest in the forthcoming address by Ivan B. Rhodes, at the Presbyterian church on Wednesday evening of this week, increases to such an extent that various social as well as fixed appointments have been abandoned for the time being in order to hear Mr. Rhodes, who has been actively identified with the Y. M. C. A. work overseas. In the face of severe criticism which the Triangle organization has met with, the public generally desires information first hand as to the exact truth and merits of the controversy. All are invited.

Chicken thieves are abroad, even robbing roots which were safeguarded by lock and key.

Mrs. W. G. Curry, accompanied by her son-in-law, Fred Wilson and family, leave this week on the return to former surroundings in Pennsylvania, the vicinity of Meadville being their destination, for the present. Mr. Curry returned some time since.

John T. Bennett, who for years past has been head salesman, since leaving Ashland, at the Jones mercantile establishment in Hornbrook, will move to Sacramento this month, a good position being at his disposal in the capital city.

Like his namesake, the great explorer, Stanley the chair doctor of local celebrity, has been indulging in some exploits of this nature, and will epitomize experience along these lines in an article which he is preparing for a leading eastern periodical devoted to literary miscellany, notably sketches of adventure. The local author's plot is laid in both Great Britain and America. By way of comparison, Henry M. discovered Livingstone, a solitary white man among African savages, whereas Robert H. by the exercise of detective ability, worthy of a Sherlock Holmes, discovered after patient search a white man emancipated among 100,000,000 of his compatriots. Recognition of a trifling personal characteristic turned the trick. Developments later on.

There will be a reception given to the returning local contingent of the 68th regiment at Elks temple, Thursday evening, March 20th, along the same lines as the greeting extended

In behalf of the 65th boys some time since.

## FLOUNCE ROCK FRILLS

Mrs. R. E. Peyton, who has been visiting their daughter, Myrtle and family at Aberdeen, Wash., arrived home a short time ago.

Mr. and Mrs. J. F. Dittsworth Sr. of Cascade Gorge, started out to Medford on a business trip last Saturday.

James E. Peyton who returned from the service a short time ago, is now employed at the M. M. Stewart garage as a mechanic in Aberdeen, Wash.

Gus Dittsworth started for Trill this Monday morning to meet his sister and brother-in-law, who are coming up to Trill on the Eagle Point-Perast stage and will come on up home with him on a visit to relatives and friends. Their many friends will be very glad to see them as this is their first visit here since their marriage.

Earl Peyton and sister, Miss Pearl, motored out to the valley Saturday morning and were accompanied by Miss Mildred McCay who has been visiting the Peyton family for over a week. Miss Pearl will remain down in the valley for a week or two, on a visit to friends.

Earl Ulrich of Red Bluff, was a pleasant caller at the home of Frank Dittsworth last Sunday.

Everybody is very busy now doing their spring plowing, building fences, and roads, as everybody is late with their spring work this year owing to the bad weather.

Mrs. R. E. Peyton received a letter a few days ago from her mother, Mrs. James Herron of Bloomington, Ill., stating that she has arrived at her daughter's, Mrs. R. H. DeBruer in Macon, Ga., safely and will visit for an indefinite time with her.

Ray Davis from up near the power plant, was down today after some hay he purchased of Carl Richardson.

## HAVE COLOR IN CHEEKS

**Be Better Looking—Take Olive Tablets**

If your skin is yellow—complexion pallid—appetite poor—you have a bad taste in your mouth—a lax, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels—like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

## JAD SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at once when Back hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of burning, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithic acid and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful refreshing lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

**TEAMSTERS**

I want bids on 75 yards of sand and gravel, delivered at the Hillcrest Orchard. Phone 440-J.

## NEURALGIC PAINS

Give Way to Spotting Hamlin's Wizard Oil

Hamlin's Wizard Oil is a safe and effective treatment for headache and neuralgia. Rubbed in where the pain is, it acts as a tonic to the tortured nerves and almost invariably brings quick relief.

Its healing, antiseptic qualities can always be relied upon to prevent infection, or other serious results, from sprains, bruises, cuts, burns, bites and stings. Just as good, too, for sore feet, stiff neck, frost bites, cold sores and cancer sores.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever congested or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.
