

SCHOOLS TO AID IN MAKING LISTS OF SOLDIER BOYS

School children of Jackson county are asked to cooperate with teachers by County Superintendent Ager in a state wide drive to secure accurate information regarding local soldiers and sailors.

The head of the school in each district is asked to take charge of the drive to secure names and other information regarding the Jackson county men who served in any capacity in our army, navy and marine corps. To the head of each school is being sent personal military service blanks. Photographs or cuts of soldiers also are desired.

Miss Cornelia Marvin, librarian of the Oregon state library, has been appointed state historian by the state council of defense, and has asked assistance in gathering information through the county superintendent and teachers of the state, concerning all service in the army and navy from the respective districts of the state. There is now available no such record.

No more valuable work in local history has ever been attempted through the schools of the state. These questionnaires will become a permanent record in the archives of the state, and become more valuable as the years go by.

Y. W. C. A. WORK CONSTRUCTIVE

The entire work of the Y. W. C. A. is constructive and therefore worthy all the support that is asked and more. The world has just passed through a period of man destruction that is unprecedented, only to enter upon a period of labor and social destruction of undreamed dimensions. The need was never so great for sane citizens. The girl of today will be the woman and mother of tomorrow. Her educational, spiritual, social and physical development is a vital problem and one that the Y. W. is making a special study. Have you given the movement your financial help?

POLLYANNA HERE MONDAY EVENING AT PAGE THEATER

Among the many good things announced for the enjoyment of local theatregoers is the coming of "Pollyanna," the glad play, which has brought so much good cheer to audiences that have witnessed it in all the larger cities of the eastern portion of the United States. No play has been brought forward in recent years with wider popular appeal than "Pollyanna," nor has one appeared which is more likely to impress an evergreen memory of a night at the theatre, Monday, March 24.

The character of Pollyanna is a flesh and blood example of the power of gladness. Every word she utters, every step she takes, every friend she makes, is glowing evidence of a heart that is kept joyful and fragrant by the exercise of kindness. Mrs. Eleanor H. Porter, who wrote the book, has done the world a good service by the glad Pollyanna stories, which give one the feeling of fresh air and sunshine, the spark and tonic quality of human nature, which makes the world kin and kind. In the flesh and blood version of the stage, Pollyanna looms sweeter and nearer than ever, and the quaint characters of her new found New England home become intimate realities that stir the heart as no voiceless types in printers' ink could ever do.

Klaw and Erlanger and George C. Tyler, men of power and ideals in the theatre, have improved the opportunity by presenting this finely

CHANCE TO SECURE CAR OF REGISTERED CATTLE FOR VALLEY

On Saturday, March 29th, the Northwest Shorthorn Breeders association will hold a combination sale of registered shorthorn bulls, cows and heifers. These are all good useful cattle but not in high condition. However they are cattle that will do southern Oregon a great deal of good. The demand for good cattle exceeds the supply. Steer breeders everywhere are demanding pure bred bulls and there are not enough to go around. Several years must elapse before the pure bred herds of beef cattle can expand to where the demand for bulls can be supplied.

The members of the Jackson County Livestock association and the county agent have been working for a long time to introduce car load shipments of such stock. This is our first car load that will sell at public

auction. This is an opportunity for southern Oregon breeders to obtain good breeding stock at their own price.

Every animal offered has been tuberculin tested and a certificate of such test will be furnished with each lot sold.

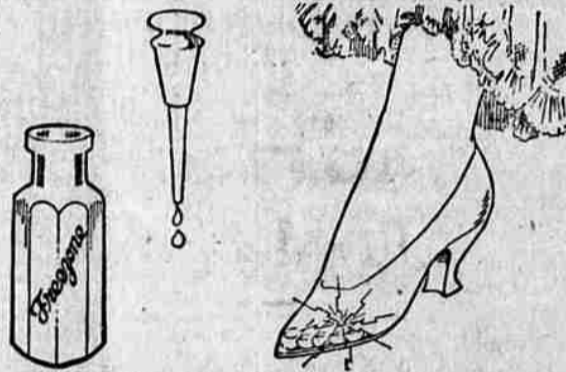

There are likely to be some registered Hereford bulls offered at private sale on this same date. Stockmen, whether interested in Herefords or shorthorns should make it a point to be in Medford March 29th.
