

LEGISLATORS UNITE TO PRAISE WORK W.C.T.U. MEMBERS

On Wednesday evening a reception to the members of the legislature from Jackson county was held in the Presbyterian church. The reception was given under the auspices of the Medford W. C. T. U. Mrs. T. A. Howell, Mrs. W. T. S. Spriggs, Mrs. D. E. Price and Mrs. Woods were the receiving committee, an unusually excellent program was presented. Mrs. McCurdy, piano solos; Mrs. Heine, humorous readings; Rev. Millard, musical reading and impersonation; Messrs. Canady, Vroman, McDonald and Edmonds, the M. E. quartet, gave three delightful numbers. Mayor Gates gave the welcome for the city, Rev. Boozer the welcome from the people. Mrs. Howell, president of the Medford W. C. T. U., then introduced the legislators, Mr. Gore being the first speaker, had an opportunity to tell a few good ones on the other fellows and afterwards told of the cleaning up, thru the efforts of the W. C. T. U. of conditions at the legislature that in former years have had a most detrimental effect on legislation.

Ben Sheldon reviewed the bills of constructive legislation that were passed and considered their effect on Jackson county. Mr. Sheldon could have, as chairman of the resolutions committee, introduced the national prohibition amendment resolution but Mr. Elmore who has worked in the legislature for prohibition for more than 30 years was given that honor.

Mr. Westerlund spoke for closer co-operation between the people at home and their representatives in the legislature and advocating the passing, next June of the bill extending the term from 40 to 60 days; thus giving 20 days to introduce bills, and 20 days for the legislators to go home and discuss the measures with their constituents, then 20 days for the passing of the bills.

Senator Thomas briefly considered a few important bills but spoke more of far-reaching influence that the work of the W. C. T. U. had had in changing the character of the men who should represent the people, and in abolishing the methods that Oregon has not been proud of. He paid a tribute to Mrs. Jennie M. Kemp and the value that her advice had been to the legislators on questions of moral welfare, education and child welfare. Mrs. Kemp was head of the Woman's Legislative council, she representing the Oregon W. C. T. U. Mrs. Lee Davenport, director of the Oregon W. C. T. U. publicity bureau was introduced and asked to explain the million dollar jubilee drive of the national W. C. T. U. Mrs. Davenport showed that this money was to be used for immediate social service work. One item, \$200,000, is to be spent in Americanization work teaching the foreign among us to speak, read and write English, teaching the foreign mothers better care of their children.

Dainty refreshments were served and a very cordial good time was enjoyed.

PLAN RECEPTION FOR BOYS OF 69TH

The committees in charge of the entertainments for returned service men are regretting the fact that the men of the 69th could not have arranged to come home in a body or at least that some few of them could not have returned together as the plans for welcoming the 69th included a monster reception at the train.

Since the men of the 69th and the 91st will soon all be here, plans for a party on an elaborate scale in their honor are taking form. This will include all, then returned, who have been in any department of the service.

STATE PASSING UPON TEEL IRRIGATION PROJECT

SALEM, March 21.—State Engineer Lewis, Attorney General Brown and Superintendent Banks Bennett, comprising the state irrigation security commission, will leave Monday for Echo, where they will investigate the Teel irrigation project with a view of certifying \$1,100,000 of the irrigation district's bonds, which will soon be placed on the market.

Freckle-Face

Now is the Time to Get Rid of These Ugly Spots. Do you know how easy it is to remove those ugly spots so no one will call you freckle-face? Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold in under guarantee of money back if it fails to remove the freckles. Adv.

COMMERCIAL COLLEGE TO BE REOPENED SOON

Lieutenant and Mrs. R. H. Moore and little son arrived in the city Friday from San Francisco, and the couple have taken over the Medford Business college which has been operated as a night school by P. Roy Davis, and inside of three weeks will have in operation a thoroughly up-to-date and complete commercial school in the commodious building on North Grape street.

Mrs. Moore, who is also a commercial teacher of experience, will assist her husband in the management of the college, and both will fill important positions in its faculty. Their other son who is still in military service from which he will soon be discharged, will come from the east and take charge of the bookkeeping department of the college. Mrs. Moore will have charge of the stenographic department.

The urgent need of a modern business college in Medford and this section of the state has long been realized, and both the Lieutenant and Mrs. Moore are not only delighted with the opportunity to fill this want, but today expressed their pleasure at the building and its fine appointments, but also with Medford's beauty as a city and climatic attraction. They expect to open up the institution as soon as the equipment arrives and is put in place, which will take at least two weeks.

Lieutenant Moore had been in the active service of the United States Guards, in its intelligence department during the war, and was attached to the headquarters at San Francisco. He was only recently released from active service and placed back in the reserves, from which he was called at the outbreak of the war.

SHEEP-HERDER ATE OWNER'S SHEEP

James Macanna, a sheep herder employed by J. D. Welch, the well known Portland stock buyer, to care for a flock of sheep in a Ross lane pasturage, was bound over in Justice Taylor's court Thursday to the grand jury under bond of \$500, on the charge of larceny by stealing sheep. The defense of Macanna, who is an old man, was that it is customary for all sheep herders when they needed fresh meat to kill a sheep out of their employer's flock, and claims that that was all he did.

Welch, who caused his arrest, on the other hand, claims that Macanna must have had an inordinate appetite and fondness for mutton as five sheep were missed from the flock in a few weeks. The evidence at the hearing showed that Welch had established a line of credit for Macanna at a local grocery for all necessary food supplies. If convicted Macanna is liable to a maximum penitentiary sentence of three years.

SLIGHT DECLINE IN FOOD PRICES SHOWN

WASHINGTON, Mar. 21.—Altho food prices showed a decline of six per cent during the month ended last February 15, prices were nine per cent higher than those prevailing in February, 1918, and about 75 per cent higher than the price average for 1913. The marked declines were in eggs, 33 per cent, and butter, 19 per cent. Potatoes led the 12 articles, showing an increase of 25 per cent.

STORRS IN CUSTODY DENIED PERMISSION TO SEE MURDERESS

SEATTLE, Mar. 21.—Police today held in custody D. M. Storrs, 28, automobile mechanic, for whose love pretty Ruth Garrison, 18, told the authorities she put poison in a fruit cocktail that resulted in the death of Mrs. Storrs, her luncheon guest here Tuesday.

No charge has been placed against Storrs. He arrived here yesterday. Last night, while police searched for him he gave himself up at headquarters. Storrs denied, police announced, that he knew Miss Garrison intended taking his wife's life. He said he did not even know the two intended to meet. Storrs said Miss Garrison visited him at Okanogan, Wash., where he worked, but he insisted that he did not ask her to come.

Once Storrs asked if he could see Miss Garrison, who is held in the city jail. When the request was denied he did not press the matter. Ever since Miss Garrison's arrest, her one question has been "will he come to me."

"I want to help that little girl out of this," Storrs told the police. His account, it was said, confirmed the tale Miss Garrison related regarding the relations of the three principals in the "triangle."

Miss Garrison has been charged with first degree murder. She was to be arraigned for pleading after noon today. Attorneys said if she pleads guilty the judge has no choice but must sentence her to life imprisonment.

DIED
GRAFFIS—At the Ashland sanitarium John A. Graffis, native of Ohio, died March 19, aged 65 years, 2 months, 23 days. He had been a resident of Rogue river valley since 1891. The remains will be shipped to Bremen, Ohio, for interment. He leaves to mourn his loss a wife, Mrs. Donna Graffis, four brothers, Alonzo Graffis, Tudor, Cal.; Ira Graffis, Omak, Wash.; Cyrus Graffis, Tudor, Cal.; Clement H. Graffis, Bremen, Ohio; two sisters, Mrs. Sarah E. Vorls, Bremen, Ohio; Mrs. Mary F. McVeigh, Bremen, Ohio.

To Relieve Catarrh, Catarrhal Deafness and Head Noises

Persons suffering from catarrhal deafness, or who are growing hard of hearing and have head noises will be glad to know that this distressing affliction can usually be successfully treated at home by an internal medicine that in many instances has effected complete relief after other treatments have failed. Sufferers who could scarcely hear have had their hearing restored to such an extent that the tick of a watch was plainly audible seven or eight inches away from either ear. Therefore, if you know of someone who is troubled with head noises or catarrhal deafness, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. The prescription can be prepared at home and is made as follows:

Secure from your druggist 1 oz. Parmit (Double Strength.) Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. Parmit is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are nearly always quick and effective. Every person who has catarrh in any form, or distressing rumbling, hissing sounds in their ears, should give this recipe a trial. Adv.

ANNIVERSARY OF GERMAN DRIVE TO CAPTURE PARIS

WASHINGTON, Mar. 21.—One year ago today the German army, at the peak of its power, poured down on the British lines in Picardy, bent on winning an overwhelming victory before American troops should reach the front in force.

Today, Germany no longer exists as a military power; her gigantic war machine has collapsed and the Americans she sought to avoid stand astride the Rhine, shoulder to shoulder with the British and French and with all of Germany at its mercy.

When the cables on March 21, 1918, brought the news of the first terrific German onslaught, American effort, officers here today recalled, was striving toward the production of an army of five million men,

equipped to bring victory in 1919. Within less than nine months the first and second armies had broken the very hinge of the whole enemy front with the capture of Sedan, while decided victories had been won by the British and French. It was then that to save themselves from the ignominy of having their army captured, the German leaders forced the flight of the emperor and surrendered as a nation.

G. W. Parker and Ira Cook of Eugene were visitors in the city Friday.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight? Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they

cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

QUALITY
Is the one vital fundement of drugs. Drugs exist only because of the deepest human need. Like food they are primarily related to the first law of Nature—self-preservation. The world may exist or it may get sick on second-class food, but it cannot get well on second-class drugs.
Our label on your drugs denotes quality.
