Phone 353-R or 52. 8 South Orange Street, Medford

# Are Cord Tires Economical?

Cord Tires cost more than Fabrics? Sure, but if you get the right cord your ultimate tire expense will be far below the cost of Fabrics for the same period.

What do you think of a Cord tire (size 37 x 5) running 27,000 miles on a 16 passenger bus—or a 34 x 4 going 18,000 miles on a seven-passenger Studebaker Six (still in service?)

Federal Cord Tires are delivering such service in both of the above cases.

Added to this your car will ride easier and your gas mileage will be greatly increased.

Come in and see this "greatest of all" Tires.

# C. E. Gates Auto Co.
