BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel backache or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of burning, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.
