

NO WOMEN'S PARTY TO BE ORGANIZED BY SUFFRAGISTS

ST. LOUIS, Mar. 27.—A resolution recommended for adoption by the executive council of the National American Woman Suffrage association presented to the annual convention here this morning, provides that the association "shall not affiliate with any political party nor endorse the platform of any party nor support or oppose any political candidates unless such action shall be recommended by the board of directors in order to achieve the ends and purposes of this organization."

The resolution continues, saying "nothing in this resolution shall be construed to limit the liberty of action of any enfranchised member or officer of this association to join or serve the party of her choice in any capacity whatsoever as an individual."

This resolution was presented as a new definition of non-partisan in relation to the national association. Prominent delegates have already stated no woman's party was to be formed.

Other recommendations are that the next convention be in the nature of a centennial celebration of the birthday of Susan B. Anthony, that the convention be held in 1929, and that the association "continue to support the federal amendment which has been pending before congress for 49 years."

TRAINLOAD OF WAR RELICS AND TROPHIES TO BE SEEN HERE

PORTLAND, Mar. 27.—A train laden with all kinds of relics and souvenirs of the war is to visit Medford at an early date, according to announcement of Victory-Liberty loan officials. The train is to be officially designated as "The Trophy Special" and is to make a complete tour of the state, making stops at all points reached by railroad.

The object is to give the people of Oregon an opportunity to see war instruments and implements of which they have often read but have never seen. At the places visited the train will be open to all visitors and the exhibits will be explained by competent attendants accompanying the train.

The tour of the train will be made under the auspices of the Victory-Liberty loan, which will be the fifth and last loan. The loan drive opens on April 21.

The exhibits will be furnished by the war department. Word has been received at the Portland headquarters of the loan committee that the relics have already been shipped but owing to the uncertainty of their arrival the committee is unable at this time to set a definite schedule for the train. This will be arranged as soon as possible and due announcement will be made.

The train will consist of two flat cars, bearing the bigger relics, such as guns and equipment, and one exhibit car carrying the smaller relics and souvenirs.

A list of some of the exhibits is as follows: French baby tank, German minewerfer and howitzers, German Albatross motor, German field guns, trench mortars, gun limbers, airplane motors and parts, parts of Zeppelins, barbed wire used at Verdun, machine guns, uniforms of all nations, noise bombs, star shells.

GOOD HUNTING IF HE ONLY HAD A GUN

POILU PRESENTS CLEMENCEAU WITH HIS WAR CROSS

PARIS, March 27.—Premier Clemenceau was opening his mail this morning, hurriedly as is his custom, merely glancing at some letters, making short annotations on others, in a fair way to dispose of his courier in the usual few minutes. Suddenly, upon opening a somewhat soiled and cheap envelope, the contents fell to the floor with a metallic sound.

The premier raked them up, read the letter slowly, then read it again, and then sat there staring at the paper with tears filling his eyes in spite of his efforts to suppress them. The letter read:

"They have not given you the war cross; here is mine. It has only two stars while you deserve two palms but it is the best I can offer; here it is." It was signed "An old poilu."

And the "grand old man" of France, who with dry eyes has looked upon the horrors of two wars, picked up the little rusty piece of metal, the ribbon of which is soiled by the rain of the trenches or bespattered with the blood of its former owner, and wept.

"It might have been given to me by the president of the republic or by a marshal of France, with great pomp at the Invalides. Coming from this humble 'poilu' I shall treasure it forever," he said.

BRITISH WORKING WEEK OF 48 HOURS

LONDON, March 26.—Recommendations that a legal maximum working week of 48 hours, subject to proper variation, be established; that systematic overtime be discouraged, and that legal time wage rates of universal applicability be fixed, are made in the report of a committee appointed by the industrial conference which met in February at the request of Premier Lloyd George. The committee was made up of 60 members, evenly divided between the employers and representatives of trade unions.

WAITRESS KILLED IN EARLY JOY RIDE

SPOKANE, March 27.—Pauline Kaverna, a waitress aged 20, died in the municipal emergency hospital here early today an hour and a half after she had been thrown from a speeding automobile when it collided with a telephone pole. Her three companions, two young men and a young woman, are being held by the police.

The other occupants of the car, who were returning home, according to the police, after having visited downtown cafes with two other couples, suffered only minor injuries when their automobile was overturned after striking the telephone pole.

ATTENTION

Tomato Growers and Gardeners

Big crops of high quality pay handsome profits. Average crops pay wages.

Experienced commercial growers everywhere use fertilizer. It brings the profit.

There's no reason why you shouldn't grow for profit—real profit.

Come in and get a copy of our booklet, "More Money From Tomatoes." Don't put it off. Fertilizer shipments must be made in car lots and the orders must come in promptly.
