The Gold Hill band was honored last Monday evening by a visit from Medford in the person of D. E. Millard. For many years Mr. Millard has been a band and orchestra conductor, and is an accomplished musician.

At the close of the war he was musical instructor and choir leader at the Y. M. C. A. at Bremerton navy yard. The band here has been struggling along for some time without a leader and has done remarkably well, but the assistance of Mr. Millard was a great improvement. The question as to whether Mr. Millard will be encouraged to permanently conduct the local band is now being discussed.—Gold Hill News.

QUEEN OF DIAMONDS DAZZLES 'EM AGAIN

Mrs. Charles H. Anthony, "The Queen of Diamonds," of Medford, Ind., has knocked 'em cold again on Peacock Alley.

A few years ago she staggered New York first with her diamond heels and then with a watch set in her left stocking. Now she is bewildering New York with her new armlet.

This piece of constructional work in jewelry was designed and fashioned by Mrs. Anthony herself. It is as substantial as a fabricated ship. In terms of engineering, it consists of a stout band of metal and diamonds surrounding the wrist and fastened by a stout rope of diamonds to a smaller ring of diamonds on the finger.

WAR OFFICERS SEEKING SERVICE REGULAR ARMY

WASHINGTON, Mar. 31.—War army officers who are applying for commissions in the permanent establishment were warned in a war department circular today that because of lack of legislation they should consider carefully before placing themselves in that classification. Applications for reclassification with a view to discharge when the services of the officer can be spared will be considered.

It is pointed out that a general reduction in grade of temporary officers upon entering the permanent establishment appears probable, and that regulations governing the grades to which officers are to be appointed and their relative rank cannot be formulated until legislation authorizing appointments is enacted. The instructions provide that where officers have already filed application for commissions in the regular establishment but now find it necessary to ask for discharge owing to the delay in action upon their applications, such applications will be retained and considered when the time comes.

AMERICA LEADS WORLD IN FINANCE DECLARES PENNY

NEW ORLEANS, La., March 31.—The United States has displaced England and all other pre-war creditor countries in supplying long time money for the financing of industry and transportation, D. H. G. Penny of New York, told the reserve city bankers here today. Mr. Penny, who is vice president of the National Bank of Commerce of New York, delivered his address before the annual convention of the association of reserve city bankers.

During the war dollar exchange has made remarkable progress in dealings in South America and the far east," said Mr. Perry. "It is more readily negotiated in Japan and China than any other exchange. Closely allied to dollar exchange and leading directly to an extension of dollar exchange is what is known as 'direct exchange.' For example, we are doing business with Argentina, Greece, Japan and other foreign countries in their own moneys now. Reversely, they quote dollars in their markets and make payments to us in dollars. Prior to 1914 bank acceptances in the United States were unimportant. Since the inauguration of the federal reserve system, however, the growth in the volume of bank acceptances has been rapid. On Aug. 31, 1918, the total acceptance liabilities of member banks of the federal reserve system were \$522,000,000. The total for all banks in the country may well have been \$750,000,000.
