

LEVIATHAN LANDS WITH MEMBERS OF THE 91ST DIVISION

NEW YORK, April 2.—With 12,050 troops on board, the steamship Leviathan arrived here today from Brest. There were small detachments of the 91st division troops and 77 officers and 1,044 men sick or wounded, together with a few casualties and nurses.

The 91st division units were 40 officers and the 347th artillery, for Camp Kearney, and 32 officers of the 348th field artillery for Camp Funston.

More 91st division men arrived when the steamship Liberator docked here from St. Nazaire. These were the 303rd infantry headquarters of the 3rd battalion, and companies D, E, K, L and M, 23 officers and 1,148 men, for Camp Kearney. The 303d comprises Californians, most of them from San Francisco.

The steamship Orizaba from St. Nazaire brought 91st division troops also, including the following: 181st infantry brigade headquarters, six officers and 19 men, including Brigadier General John B. McDonald, commanding for Camp Kearney, Lewis, Sherman and Upton; 364th infantry headquarters of first and second battalions, and Companies C, D, E, F, G and H, 29 officers and 1,379 men, for nine camps; 348th machine gun battalion's headquarters, medical and ordnance detachments, and companies A, B, C and D, 18 officers and 836 men, for seven camps; 361st infantry's regimental headquarters and supply companies, 21 officers and 495 men, for six camps.

Also on the Orizaba were base hospital 94 for Camps Bowie, Dodge and Funston; a few casualties and nurses, and six officers and 392 men sick or wounded. Altogether the Orizaba brought 3,301 troops.

Houliam Pastor a Hero

Others aboard were Chaplain John W. Beard of Houliam, Wash., formerly pastor of the First Presbyterian church there, who carried many wounded men to safety through heavy shell fire in Belgium, for which he received the French croix de guerre with palm; and Sergeant Harold C. Moore of Los Angeles, a member of the 348th machine gun battalion of the 91st division, who set a machine gun in an open field in Belgium, destroyed an enemy machine gun nest in a building and enabled the infantry to advance to an attack.

Sergeant John Christiansen of Tudeo, Mont., another arrival, was the proud possessor of the decoration of the Belgian Order of Leopold II received for carrying munitions to guns and rations to wounded under heavy shell fire although himself badly wounded.

Lieutenant W. L. H. Osborne of Roseburg, Ore., also was among the officers.

CHICAGO IN GRIP OF NORTH DAKOTA FARMERS LEAGUE

CHICAGO, April 1.—The recently formed alliance between the Non-Partisan League and the Chicago Labor party will make itself apparent in Chicago soon by the appearance of co-operative stores. It was announced today by Morton L. Johnson, secretary of the labor party.

Mr. Johnson said there would be one store in each of the city's 35 wards, and that farm products would be brought to them direct from North Dakota, where the Non-Partisan League is in political control and has put many of its theories into practice.

The announcement said that the stores would also serve as labor union headquarters from which strikes would be directed as necessary.

MAYOR BAKER FOR LEAGUE OF STATES

SAN FRANCISCO, April 1.—"A League of Western States" for the purpose of advancing the economic and industrial interests of the Pacific coast, has been proposed by Mayor George L. Baker of Portland, Ore., who is visiting here after attending the conference of governors and mayors in Washington.

"I should like to see all the chambers of commerce, Rotary clubs and labor unions, in fact every organization interested in industry or commerce on the Pacific coast joined in one powerful League of Western States," Mayor Baker said.

The Screen

CAILLAUX CASE STARTS AT PAGE THURSDAY

The most celebrated criminal action of modern times is without question "The Caillaux Case" of France. Affecting the politics not only of Europe, but also the welfare of the United States, the sinister group who made up the "Caillaux ring" has been the source of sensation after sensation in the public press.

And now "The Caillaux Case" has been filmed and will be featured on the screen at the Page theatre for two days, beginning Thursday.

Every person who reads the newspapers remembers the furor caused a few years ago when Mrs. Henrietta Caillaux, beautiful wife of the powerful French minister of finance, shot to death Gaston Calmette, editor of the Paris Figaro, for exposing alleged dishonorable acts of her husband. This is only one of the many thrilling climaxes. So great are the emotional requirements of the various famous scenes, that Richard Stanton, the director of "The Caillaux Case," has given the picture an all-star cast, including Madeline Traverso, Henry Warwick, Eugene Ormonde, Philip Van Loan, Emile La Croix and other eminent screen players. Stage sets in the play are duplicates of scenes in the original story.

'TOO MANY MILLIONS' AT LIBERTY TONIGHT

Suppose you were a young man and suppose you had forty million dollars. Then suppose someone stole the money from you. And suppose you were caught in a fire with a girl you loved, and suppose that you and the girl escaped with your lives, but without much clothes. What would you do next?

That's the plight that Walsingham Van Dorn and Desiree Lane found themselves in one night. Walsingham's first move was to throw blankets over Desiree and himself, and his second act was to call a preacher who was watching the fire and arrange for his marriage with Desiree.

His third move was to get a job the next day so as to support his bride. As for the other moves the happy couple made—they are all shown in that delightful comedy, "Too Many Millions," which will be displayed at the Liberty theater tonight. Wallace appears as Walsingham Van Dorn and beautiful Ora Carewe is Desiree Lane.

ACCOUNTANT FOR RANCHERS HERE ALL THE WEEK

A large number of farmers have taken up farm record keeping thru the Farm Bureau and some are having trouble with their inventory in the matter of placing values on different kinds of equipment, land, stock, etc. Mr. R. V. Gunn of the farm management department of the O. A. C. is in the county this week and will assist farmers in making out their records. He will be at the county agent's office during the day time of this week and will be glad to help any farmer who will bring in his book.

Meetings have been scheduled at the following places, and the farmers are requested to bring their books. Mr. Gunn will assist them in their record keeping work. Farmers who have to pay an income tax will find it especially valuable to them to attend one of these meetings.

MRS. B. W. SMITH GAINS 35 POUNDS

"I'll Praise Tanlac as Long as I Live", She Says—Was in Bed Ten Long Months.

"I'll praise Tanlac the longest day I live for giving me back my health," said Mrs. B. W. Smith, of 3113 Burdett street, Omaha, Neb., recently, when the special Tanlac representative, who had heard of her remarkable recovery, called to ascertain the facts.

"Eight years ago," continued Mrs. Smith, "I began suffering from stomach trouble, loss of appetite and nervousness. My head ached so at times it felt like it would jump from my shoulders. Then acute rheumatism got hold of me, and pained me so I could not sleep. My feet, knee joints and elbows would swell terribly and the pain was almost unbearable. Before I took Tanlac I had not been up and about, nor able to go down town for three long years, and was in bed for ten months perfectly helpless. I was under treatment every day for three months, and I tried everything until the bills got so big I dreaded to think of them, but I never got able to be out of bed but very little."

"I suffered until I lost thirty-five pounds, but I have gotten back every ounce of it since I began taking Tanlac. Pretty soon after I started on it my appetite came back, and I got so I could eat anything. My nerves got stronger, and my pain commenced to get less. After the second bottle I felt much stronger, and it wasn't long before I could get about the house and do my work. I haven't a pain of any kind now, and my sleep is as sound and restful as a baby. I am full of life and energy and feel fully able to go down town when I please, as I can walk and stay on my feet all day. In fact I can do as much work as I ever could in my life, if not more, and I just feel so happy over what Tanlac has done for me that I want everybody to know about it. I have told lots of people about it already and know many who are taking it on account of what it has done for me."

Tanlac is sold in Medford by West Side Pharmacy, in Gold Hill by M. D. Bowers, in Central Point by Miss M. A. Meo, in Ashland by J. J. McNair, in Eagle Point by Von der Hellen.

VALUE FARM LANDS IN AMERICA ON THE INCREASE

WASHINGTON, April 2.—Farm lands in the United States are steadily increasing in value. The department of agriculture reports the average grade of plow lands was worth about \$74.31 per acre on March 1, this year, compared with \$68.38 a year ago, \$62.17 two years ago, and \$58.39 three years ago.

Values show the greatest percentage increase during the last year occurred in the South Atlantic states, in the Carolinas and Georgia and extended to Alabama, Kentucky, and Arkansas. Small or no increase was made in the New England states, the Pacific coast states, and Louisiana, Texas, Kansas and Montana. Material increases were reported from Nebraska and South Dakota.

Iowa's plowing lands stand first in value, the average being \$169 per acre, followed by Illinois with \$144, California with \$121, and Indiana with \$100. Alabama reports the lowest average value of plow lands, at \$24 per acre, and Mississippi next, at \$25.50.

The average value of Pacific coast plow lands on March 1 this year and in 1918, 1917 and 1916, follow:

State	1919	1918	1917	1916
Idaho	76	70	58	53
Washington	95	94	80	75
Oregon	81	84	70	60
California	121	120	110	95

ICE PACK CARRIES POLE EXPLORERS IN A CIRCLE

FAIRBANKS, Alaska, April 2.—Storker Storkerson, Arctic explorer, probably will arrive this week at Fort Yukon, Alaska, on his way to the outside world from Herschel Island, and the Arctic ocean, according to word brought here by Captain Alexander Allen, an Arctic trader and navigator.

Storkerson and four men recently landed on the northern Alaska coast after drifting nine months on an ice pack. They set out with the hope the pack would carry them westward to the New Siberian islands. Instead it carried them about in a circle and landed them 75 miles from their starting point.

Storkerson was a member of Vilhjalmur Stefansson's party and took command of the expedition when illness forced Stefansson to leave the north.

AMERICA'S NEED IS A DEMOCRACY OF INTELLIGENCE

SPOKANE, Wash., April 2.—"Education and Democracy" was the title of an address made here today by J. E. Jewell, dean of the University of Arkansas, before the Inland Empire Teachers' association. He said in part:

"The only democracy thinkable is a democracy of intelligence. Nothing else is possible. It is not true that all men are born free and equal, it is not true that you may make a man free by fiat. A glance backward shows us that man has enhanced his political, social and economic status only as he has worked out his own salvation by means of an accumulating intellect."

"Democracy cannot be won by a mere revolution that proves successful. The only democracy thinkable is a democracy of intelligence. We realize now very clearly that Russia is lost for a generation unless it finds men whose supreme intelligence shall make them supremely powerful."

"If then it be true, as I confidently believe, that the only possible democracy is that of intelligence, what can we teachers do about it? Just this. We can assert in season and out of season, that we can not get and promote intelligence to any marked degree except in our schools."

"So far as our country is concerned at the present time, we need two things. It seems to me, in the way of bringing about an intellectual democracy thru the medium of our schools and our teachers. We need a universal training of our children in community civics, and we need universal training in thinking. In the first place, we need a universal teaching of community civics so that we shall no longer require food dictators and coal dictators, and the like. It is evident that our coal barons have not yet learned that over-charging is treason. The people at large have a better right to live than coal operators to swollen fortunes. And the ultimate consumer will have to learn that for a man to cheat a railroad is just as treasonable as for a railroad to defraud a man."

Midvale Dividend Cut.

NEW YORK, April 2.—The Midvale Steel and Ordnance company today reduced its quarterly dividend from \$1.50 a share, which it had been paying since February, 1917, to \$1 a share.
