When it fades, turns gray or streaked, just an application of two Sage and Sulphur enhances its appearance a hundredfold. Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; morning, the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This preparation is also a delightful hair restorative for those who suffer from dandruff and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.
