

DECLARES JAPAN'S PRIDE IS ISSUE IN CONTROVERSY

WASHINGTON, April 4.—In commenting on the statement issued by Baron Makino, head of the Japanese peace commission, in voicing Japan's demand for world racial equality, Senator Hitchcock of Nebraska, retiring chairman of the senate foreign relations committee, has issued the following statement:

"The Japanese demand that all discriminations against races be discontinued is based more on national pride than on national interest. In all international matters, the Japanese have equality of treatment. In the league itself Japan is named as one of the five great nations of the world as a permanent member of the executive council. Only when it comes to domestic matters do the nations belonging to the league reserve the right to make discrimination between races. This includes, of course, immigration and in some states it is covered by laws relating to marriage between certain races as well as the right to acquire real estate. We cannot agree to abandon our right to make these discriminations. They are not international. They are, or we think they are, for the purpose of preserving our race purity and our industrial standards. Japan is free to do the same in her country. Every nation ought to be."

to the regular routine we had a duet by Mrs. Lottie Van Scoy and Mrs. E. N. Deardorf, Miss Allison, organist and special music on the violin by Miss Helen Holt and on the organ by Miss Vera Childreth.

Among the callers Monday was W. A. Bishop who makes his home in Medford but owns a tract of land on Lake creek and was going up to examine it with an eye to buying for oil, as he had been told by one of the oil experts that there were indications of oil adjoining his place.

By 11:30 o'clock Sunday morning, fast time, some of the guests began to arrive for dinner and by 1:30 p. m. the house and yard was quite well filled. Among the guests were Gus the Tallor and wife, Medford; Mr. and Mrs. Mittelsteadt, our telephone manager; Mr. Wirt Daley, Sidney S. Smith, George W. King, Montague, Cal., who was over to buy stock cattle; Frank J. McCord of Rogue River, Mr. and Mrs. J. W. Snider and family, Mr. and Mrs. D. O. Frederick and family and Mrs. Rollie Robblins of Medford, Art Hoffner, Albert Clements, Orval Childreth, Zula Gessert, Clarence Robinson and Miss Fay Perry, Judge George Gardner, wife and daughter Clara, Mr. and Mrs. C. M. Speck, Fred Pelouze, Mrs. Fred McPherson, Mr. and Mrs. J. Frank Brown, Wm. Von der Hellen, wife daughter and son, and Mrs. Von der Hellen's aunt, Mrs. Henrietta Duncan, Mr. Rhodes, our civil engineer, S. H. Harnish and son Robert, besides two men, agate hunters, from Ashland, Mr. J. Spitzer, Mrs. F. J. Burnett of Oakland, Cal., and two children who have been with us for some time, altho Mrs. Bennett and the two children left Monday morning for their home in Oakland. Counting all adults and children, and the family, there were fifty-two at dinner Sunday.

The roads are getting dry now and have been dragged so that the autoists can ride with some satisfaction and the people in the cities are taking advantage of the season and using their autos with some satisfaction and occasionally drop in for dinner about noon.

W. S. Baker who works for Gaddis and Dixon the most of the time, came out Monday morning and took the stage for Derby.

Mr. and Mrs. T. W. Stanford of Ashland, came up to see Mr. Harry Hooser who was here in the agate hunting business, and remained for supper Monday evening.

W. R. Gaylor of Medford, was also here Monday for dinner. He represents Harley-Davidson motorcycle; E. S. Hessler and Fred Bradford of Medford, came in Monday evening and engaged rooms. They are here at this writing, Wednesday. They are caring for Mr. Fradager's orchard just outside of our town.

Miss Jessie Knutsen of Applegate, was here Tuesday accompanying W. A. Crane and Miss Bessie Vanabell of Medford. In a car ride over the valley. The ladies seemed to be highly delighted with our surroundings, especially our beautiful Little Butte creek and the green hills on either side and at the head of the stream, Mt. McLoughlin for instance. Nick Young, our new supervisor, was working our roads Monday and dropped in about noon for dinner.

John L. Robertson was hushly engaged Tuesday in W. L. Childreth's shop, making scrapers to drag down the roads.

The change in time is playing havoc with dinners. Monday, just after I had eaten my dinner at 12 o'clock, noon, fast time, and was just starting at 1 p. m. for Medford, Chris Beale and John Chambers and

a man and woman with a baby came in for dinner. They were on time, old time, but an hour late. The change in time is a nuisance in our country life.

C. C. Cate, our county pathologist, and R. V. Gunn of Corvallis, were here for supper on their way to Brownboro where Mr. Gunn was to deliver an address on the importance of exterminating the rodents, especially the digger squirrel.

Prof. G. W. Ager, our school superintendent, drove over this Wednesday morning, left his auto here and took the railroad motor car for Butte Falls.

Mrs. Louis Whitley of Perast, who is attending the business college in Medford, came out this morning on the mail auto and went home on the Perast stage.

Mrs. H. J. Burton, Miss Hazel Burton and Mr. and Mrs. E. H. Pomroy and little son of Central Point, were here for dinner Wednesday, and later in the day C. A. Person, John R. Fitzhugh of Portland, W. J. Scott, Ed White, H. Brown of Medford, P. O. Crayford of San Francisco, F. G. Bradley and H. L. Walker called for dinner and before they were thru

washing Mr. Walker was called to the telephone and notified that his wife was in a very critical condition, so he returned to Medford without dinner. They had been out looking at some of the farms and orchards.

If our retired editor of the Medford Mail Tribune just knew what a commotion that little short editorial in Tuesday's paper had stirred up in our little community he would realize perhaps how popular he is in the rural districts, for from appearances the people over here almost-well they are very much disappointed, to say the least—and we are wondering who we will have to fight our battles for the right. We all seem to regret the change for it is often the case that the old broom is best but many of us like Mr. Ruhl's editorials very much but they haven't the snap in them that many of them had in the Daily Mail Tribune. But we are hoping that the change may prove a blessing to all concerned and that Mr. Putnam may arrange to continue to stay among us.

Mr. Fred McPherson is in Portland visiting his parents, and Mrs. Fred Pelouze is in San Francisco visiting her son Rob.

Ugly, Unsightly Pimples Are Signals of Bad Blood

Give Heed to the Warning. Pimples on the face and other parts of the body are warnings from Nature that your blood is sluggish and impoverished. Sometimes they foretell eczema, boils, blisters, scaly eruptions and other skin disorders that burn like flames of fire. They mean that your blood needs S. S. S. to purify it and cleanse it of these impure accumulations that can cause unlimited trouble. This remedy is the greatest vegetable blood purifier known, and contains no minerals or chemicals to injure the most delicate skin.

Go to your drugstore, and get a bottle of S. S. S. today, and get rid of these unsightly and disfiguring pimples, and other skin irritations. And it will cleanse your blood thoroughly. If you wish special medical advice, you can obtain it without charge by writing to Medical Director, 29 Swift Laboratory, Atlanta, Georgia.

Lift Off Corns!

"Freezone" is Magic! Lift any Corn or Callus right off with fingers—No pain!

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. It doesn't hurt one bit. Yes, magic! Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without need of any irritation. Try It! No hurt!

PAPERS POKE FUN AT PEACE COUNCIL

PARIS, April 4.—One of the happenings in peace conference circles yesterday is alluded to by the Mail and the Journal today as a great event today.

The council of four actually issued a communique, the newspapers point out, but it is added, "it was only to tell us that General Smuts is going to investigate Hungary."

The commentators see in the announcement of the Smuts mission yet another procrastination by the peace conference.

EAGLE POINT EAGLETS

By A. C. Hewlett.

Our stormy March has come and gone and April has ushered in with all its loveliness, and our hearts are made glad and we are forgetting the long siege of rain and mud, and the farmers are so busy that one is seldom seen on our streets.

Thomas F. Nichols and family of Lake Creek, came in Saturday afternoon after I had finished my letter to the Mail Tribune, and Mr. A. Wings of Medford also came in and spent the night; he had been up in the hills with George Daley to look over a tract of railroad land with a view to taking a homestead, but concluded that it was not worth taking. Mr. E. Wilson of Medford, also came in and spent the night with us.

Our Sunday school was fairly attended and we had a review of the past quarter embracing the life of Moses and the journeyings of the Israelites and it was surely encouraging to see the interest manifest in the Bible class especially. Our superintendent, Miss Winifred Haak, was absent but our primary school teacher, Miss Pina Benedict acted in that capacity and of course everything was up to date.

In the evening our Christian Endeavor society met and was led by Mrs. Rudolph Wideman. In addition

DRINK MORE WATER IF KIDNEYS BOTHER

Eat less meat and take Salts for Backache or Bladder trouble—Neutralizes acids.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it is no longer a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.
