

NEW ELK OFFICERS INSTALLED WITH FITTING CEREMONY

The new regime of the Elks lodge went into office last night, the recently elected officers for the next year being installed with large attendance including a delegation from Grants Pass and a large delegation from the Ashland lodge. Under these new officers the local lodge looks forward to a prosperous year financially and socially in local Elksdom.

W. E. Newcombe of Ashland, former district deputy for southern Oregon, was the installing officer by appointment of Mr. Burgraff of Albany, the present district deputy. The officers-to-be appeared all sickened up for the occasion, each with his hair nicely parted except George T. Collins, the exalted ruler-elect, and T. W. Miles, the trustee-elect, whom nature had long ago relieved from that responsibility.

Following the installation and felicitation of the new officers the assemblage enjoyed a pleasant social session, the intellectual comedy of which was furnished by three members of the Grants Pass delegation, whose keen shafts of wit in an impromptu debate between themselves and the exalted ruler furnished much merriment. They were Frank C. Bramwell, the banker, William Hammett, and F. E. Wood, merchants. A number of short talks were delivered by members of the Ashland and Grants Pass delegations.

The following were the officers installed: George T. Collins, exalted ruler; Blaine Klum, esteemed leading knight; N. S. Bennett, esteemed lecturing knight; J. H. Henselman, outer guard; T. W. Miles, trustee for three years; Lee L. Jacobs, secretary, and Vernon Vawter, treasurer.

The esteemed loyal knight-elect, George A. Coddling, was not present, having only arrived in the country from war service in France, last week, and now is waiting at an eastern camp for his discharge from military service, in which he has been serving as sergeant major in the 155th aviation squadron. The re-election by the lodge of Mr. Coddling who held the loyal knight's chair when he enlisted and left to take part in the war, was a splendid tribute to him. He will probably not be home for a month.

Immediately after the installation the first act of Exalted Ruler Collins was to announce his appointments as follows: Esquire, E. C. Jerome; chaplain, Rev. Wm. B. Hamilton; inner guard, George Hilton, Jr.; organist, H. G. Launspach; finance committee, Dr. J. J. Emmens, Louis Ulrich and E. F. Schmidt; visiting and sick committee, N. S. Bennett, chairman, Everett E. Eads, and George Hilton, Jr.; Grants Pass visiting and sick committee, William Hammett, chairman, Bert Barnes and J. H. Denison. A great tribute to his past services was paid by the lodge in connection with the reappointment of Mr. Bennett as chairman of the sick committee. Exalted Ruler Collins dryly remarked that it had been suggested that he appoint Bennett, but that after investigating and finding that the latter had made only 112 sick visits during the year and had actually occasionally paid a little attention to his own business, he was doubtful about appointing him and first desired to learn the wishes of the lodge. Vernon Vawter at once made a motion that Mr. Bennett be reappointed. There was a chorus of seconds, and the motion was adopted by unanimous rising vote.

AERIAL COP LATEST STUNT AT VENICE

VENICE, Cal., April 4.—This beach resort officially makes claim to having the first aerial policeman in America. Otto Meyerhoffer, a local aviator, was yesterday sworn in as a member of the Venice police. The aviator donated to the use of the city one of his airplanes, on the bottom of which in large white letters against a dark green background was painted the words "Venice Police."

"The new air policeman," said Mayor A. E. Coles, "will chase automobile speeders, investigate reports of smuggling, inspect the bay in search of violators of fishing regulations and help rescue drowning persons."

INDEPENDENCE NOW PROMISED BY WILSON TO THE PHILIPPINES

crave independence that they, too, may be sovereign masters of their own destinies."

Mr. Baker was given the document sent by the Philippine legislature in which was set forth the facts on which the Filipinos based their appeal for independence.

President's Letter

Secretary Baker read to the Filipino President Wilson's letter, addressed to him under date of March 3. It was as follows:

"Will you please express to the gentlemen of the commission representing the Philippine legislature my regret that I shall be unable to see them personally on their arrival in Washington, as well as my hope that their mission will be a source of satisfaction to them and that it will result in bringing about the desirable ends set forth in the joint resolution of the legislature approving the sending of the commission to the United States.

"I have been deeply gratified with the constant support and encouragement received from the Filipino people and from the Philippine legislature in the trying period through which we are passing. The people of the United States, have with reason, taken the deepest pride in the loyalty and support of the Filipino people.

"Though unable to meet the commission, the Filipino people shall not be absent from my thoughts. Not the least important labor of the conference which now requires my attention is that of making the pathway of the weaker people of the world less perilous—a labor which should be, and doubtless is, of deep and abiding interest to the Filipinos.

"I am sorry that I cannot look into the faces of the gentlemen of the mission of the Philippine Islands, and tell them all that I have in mind and heart as I think of the patient labor, with the end almost in sight, undertaken by the American and Filipino people for their permanent benefit. I know, however, that your sentiments are mine, in this regard, and that you will translate truly to them my own feelings."

Only Link Is Affection

Secretary Baker recounted the history of the transaction in the relations between the American government and the islands from the time of the establishment of the military government to the present. The island people are now virtually independent, he said, the only link being the American governor general and the most binding of all ties, that of affection.

Mr. Baker urged the mission to visit many American cities before it went back. Not only was he anxious for them to see and know what Americans were doing and thinking, but he wanted the American people to see and know the manner of men the island government selected for such a great mission.

The world was looking forward, Mr. Baker continued, to a time when the relations between all peoples had been bottomed on justice and peace, but whatever might come as to the world at large, the relations between the people of the Philippines and the American people were so founded there could never be anything but peace and understanding between them.

THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work."

Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."

S. P. PORTER NABBED FOR BOOTLEGGING GIVEN FINE \$250

A new move sprung by County Prosecutor George Roberts in his campaign against bootleggers found its first victim among the law-breakers in C. W. Johnson, the colored head waiter on the dining car of train 14, and one of the oldest waiters in point of service running on the Southern Pacific between Oakland, Calif., and Portland.

The prosecutor placed a man of this community on the train, after having him sworn in as a deputy

sheriff, to look out for bootleggers. Thursday morning between Medford and Gold Hill the special detective got into conversation with Johnson in the dining car, the outcome of which was that the waiter sold to the detective a pint of whiskey for \$7.50, and was thereupon immediately placed under arrest, taken from the train and brought into Justice Taylor's court at Medford.

Johnson at once pleaded guilty and was given a fine of \$250 and 30 days in jail. He telegraphed to Oakland relatives to send money to pay his fine. The money arrived this forenoon, and in consideration of Johnson paying his fine Justice Taylor suspended the jail sentence.

Johnson, who has run as a dining car waiter on this division of the Southern Pacific for the past 16 years is out of a job now, as some time ago the railroad officials and dining car service had warned all the train por-

ters and dining car attaches that if any one of them was discovered bootlegging or attempting to, he would be discharged.

WOMEN PUT OVER THEIR OWN MAYOR

KREMMLING, Colo., April 4.—Women of Kremmling revealed today how Mayor P. J. Martin was defeated Tuesday for re-election by one vote.

Martin has been mayor ten years and before election day there was no opposition, only one ticket headed by Martin, being prepared. The polls were open 6 hours before any vote was cast, Martin's followers believing his election a foregone conclusion. In the afternoon a number

of leading women met, proposed C. C. Eastin for mayor, quietly got the women voters out by means of the telephone, instructed them to write Eastin's name on the ballot and when the count was made Eastin had one vote to spare. He is a business man and town clerk under the Martin administration.

Ira Gabrielson of the biological survey is here today from the O. A. C. for a conference with C. C. Cate as to the government's part in the coming ground squirrel extermination campaign.
