

### AUSTRIAN NABOBS TAKE EMPLOYMENT IN SOVIET REGIME

BUDAPEST, April 3.—(By the Associated Press.)—Simon Strauss, former director general of the great Magyar bank and one of the best known financiers of Hungary, has offered his services to the new government and has been accepted as bookkeeper. He is now working in a bank under the supervision of a communist.

VIENNA, April 1.—(By the Associated Press.)—Baron Satvan, one of Hungary's richest and most enterprising citizens, is employed as a clerk. Many of the prominent families have been interned at Budapest, one of them being that of Manfred von Weis, a gun manufacturer, who has been imprisoned in the attic of the family home on Andrassy street. Four proletarian families occupy the rest of the mansion. Armed servants are guarding the house with orders to kill the prisoners if they attempt to escape.

Vienna's bread ration was cut in half today owing to the delay of food shipments. It has been cut down to one small piece for each person daily.

COPENHAGEN, April 5.—The German-Austrian national assembly has passed the bill banishing members of the Hapsburg family and confiscating their property, according to Vienna advices. Other bills doing away with certain titles of nobility and abolishing capital punishment except under martial law also have been passed.

Russian and Finnish prisoners of war and civilians of those nationalities who have been interned are freed by another measure which has been approved.

### RAINBOW DIVISION TO ARRIVE IN APRIL

WASHINGTON, April 5.—The war department has decided definitely that it will be impracticable to parade the 42nd (Rainbow) Division in Washington as a complete organization. General March announced today. General Pershing has been so advised.

The division will be brought back to Camp Meade and subsequently each of the division will be sent to its home camp for demobilization. Regiments and smaller units will be paraded in the principal cities of their home states if this can be arranged.

The entire 42nd division should be in this country before the last of April, General March said, under the present plans. The department is anxious, he added, that the country should see as much as possible of this "extraordinary unit."

### DEFIES CITY POLICE

(Continued from page one.)

upon to sell tags, have not appeared in any considerable numbers. Most of the men went to their homes to eat when they came from the yards shortly after noon.

However, the soldiers' council collected a number of girls and women and sent them out with the tags. Some of these have been arrested.

The police are rapidly filling the city jail, and it may soon be a problem where to put those who are picked up.

"Paddy" Morris, one of the agitators in the February labor trouble, was placed under arrest and charged with inciting to law breaking.

### Crowds Cheer Wildly

Many in the crowds on the streets waved American flags and shouted "we want tags."

Former soldiers, some of them in uniform, were included in the special policemen who were appointed to arrest the tag sellers. Some of these soldiers in uniform also waved American flags as they led men and women to the patrol wagons.

This afternoon a proposition was made to the city council that the Soldiers' and Sailors' council would call off the sale if the city authorities would release all those in jail. That compromise has not yet been acted on.

It was evident that some of those arrested made effort to get into the hands of the police. When the police put a person in the patrol wagon the crowds often cheered.

Chief Organizer Beard of the Central Labor Council was arrested, and the crowds shouted approval of his action when he was taken to the police station.

### ASK REVERSAL OF U. S. GOVERNMENT TRUST PROGRAM

WASHINGTON, April 5.—Reconsideration by congress of all anti-trust legislation is recommended by the chamber of commerce of the United States as the result of a referendum vote of its affiliated trade and commercial organizations. Complete returns from the referendum, made public today, show that the membership voted in favor of all four proposals advanced by a special committee which studied the subject.

The proposals follow: Congress should be asked immediately to consider the present situation of all statutes constituting our anti-trust legislation.

In consideration of existing anti-trust legislation there should be formulation of standards of general business conduct to be administered by a supervisory body.

An enlarged federal trade commission should be made the supervisory body.

In view of the importance of the functions of the trade commission as they would exist the membership of the federal trade commission should be increased to nine.

The subject of anti-trust legislation will be taken up at the seventh annual meeting of the chamber to be held at St. Louis April 28 to May 1.

### MARCH UPHOLDS ARMY RECORD ON DISEASE

WASHINGTON, April 5.—General March said today the purpose of the circular of instruction issued by the chief medical officer of the expeditionary force ordering greater precautions against typhoid fever did not mean that the army had failed to curb the disease. The circular charged that many officers had been guilty of negligence and carelessness.

General March pointed out that the hospital admission rate for typhoid fever during 1918 was .356 as against a Spanish-American war rate of \$5.90 men per thousand. The highest death rate ever reached for this disease in the American expeditionary forces in France, he added, was 3.94 on February 6, 1919, one twenty-fifth of the Spanish war rate.

The total number of deaths in the American army in France from typhoid fever was 90, or at about one-third of the death rate from this disease in civil life.

### FIRST ARMY CORPS ASSIGNED TO SAIL

WASHINGTON, April 5.—Announcement was made today that the headquarters and headquarters troop of the First Army corps have been assigned to early convoy.

Also announced as assigned to early convoy were base hospital No. 63, photograph sections numbers 7, 8, 25, 102, 103, 106, 107 and 109; ambulance service sections numbers 511, 513, 515, 516, 533, 554, 567, 575, 577, 581, 585, 591, 621, 672, 623, 624, 627, 639, 640, 643, 645, and 648.

### IF IT'S LARGE IT IS CHIC

If you'd make your feet look as pretty as could be with nice new pumps, a pair of pretty silk stockings above them, wouldn't it make you sore if somebody said you'd have to wear clumsy old service shoes? That's the way the girl yeomen in the service of the navy department felt when Secretary Daniels issued this order against pumps and silk stockings with the uniform. The girl in the center of this group is wearing service shoes, the one at the left pumps, the one at the right oxfords. "Bad for discipline," says Uncle Josephus as he shakes his head.

### FAN'S BACK! LONG MAY IT WAVE!

The shops are full of fans—paper fans, feather fans, lace, silk and chiffon fans. Plain fans and brodered ones, jeweled and spangled ones and fans large and fans small, fans medulla and some that are perfectly huge and some that are ludicrously tiny. Of them all, the most beautiful are the long graceful pheasant's feather or ostrich feather fans, and the most interesting are the Bakst.

Even the homely, practical old palm leaf has come in for rejuvenation. You may find it at any of the shops devoted to accessories, bound with silk ribbon, beaded and then with long streamers and tasseled strings of beads, glorified editions of their former selves.

In this new regime of the fan, several New York artists are designing the little breeze waiters for an exhibition soon to be held.

### SLIM CHANCE OF LOWER PRICES IS VIEW OF LABOR

WASHINGTON, April 5.—Reductions in steel prices, as announced by the industrial board of the department of commerce, are held to be no more important to the general business situation, especially in the building and construction industries, than are the board's statements that present wage levels should not be disturbed and pre-war prices are out of the question.

Since January there have been received in the department of labor thousands of letters from architects, building contractors, prospective investors in buildings, and from state and municipal authorities in which it was represented that uncertainty as to prices and wages, rather than the present high level of prices and wages, were the stubborn obstacles to be eliminated before a general revival of building and construction work would be had.

Recently the information and education service, in the department of labor, has been putting out the results of investigations by trained economists, in the price and wages fields. The conclusion has been, and in this conclusion so eminent an authority as Prof. Irving Fisher of Yale university has concurred, that the popular expectation of a re-establishment of pre-war prices is not justified.

It was asserted that wages had not advanced in proportion to living costs, and that while minor price changes might be expected in some fields, to use the language of Prof. Fisher, "we are on a permanently higher price level and the sooner business men of the country take this view and adjust themselves to it, the sooner will they save themselves and the nation from the misfortune which will come, if we persist in our present false hope."

that County Attorney Jackson of Silver Bow county had refused to file in the district court there informations prepared by the attorney-general charging City Clerk Charles Treacy of Butte and two deputies, with altering election returns. Attorney General Ford stated this afternoon that they would be filed directly by his office.

### POLITICAL FIGHT IN BUTTE WAXES HOT

BUTTE, Mont., April 5.—A request of Assistant Attorney General Frank Woody that he begin proceedings in district court here, against City Clerk Charles H. Treacy and two of his deputies was refused today by County Attorney Jackson, who declined to sign informations against the men prepared by Attorney General Ford, charging Treacy with official misconduct and altering returns in the recent primary election here, and two of his deputies with altering returns.

In a statement today Jackson declared he believed the action which followed a decision in district court here yesterday finding Wm. Cutts and Treacy, the democratic nominees for mayor and city treasurer, respectively, was brought for the purpose of discrediting the democratic nominees.

HELENA, Mont., April 5.—Following word from Butte to the effect

### FRANCE CAN NOT YIELD ON QUESTION WAR REPARATION

PARIS, April 5.—(Havas.)—France cannot yield on the question of obtaining adequate reparation from Germany, the Matin declares in an editorial today dealing with the peace conference situation regarding the French claims.

"On all territorial questions a satisfactory agreement is being reached," the Matin says, "but concerning the reparation question there is still a gap between what we are offered and what we justly demand. The French government will be unwilling in this matter. It cannot sign a treaty which will mean the bankruptcy of France."

In leading up to this declaration, the Matin notes that the French, British and American peoples are still displaying the same friendly feeling as heretofore for one another.

"President Wilson and Premier Lloyd George are of the same heart as regards France," the newspaper continues. "Nevertheless, different view points exist as to essential matters by reason of the impossibility of making the vanquished pay their debts without imposing sacrifices upon them. France will be bankrupt if she does not obtain her due. The fear must be not so much the enemy's consent but what France will suffer if she is driven to ruin."

### LODGES EXEMPT FROM 10 PERCENT TAX ON CLUBS

WASHINGTON, April 5.—Membership dues or initiation fees of the Y. M. C. A., Young Men's Hebrew Association, fraternal societies, lodges, college fraternities and labor union locals are exempt from the 10 per cent tax on "social, athletic or sporting clubs" under the revenue law according to regulations issued today by the internal revenue bureau.

Good Health Is in Your Own Hands

BY SAMUEL HAMILTON, M. D.

The man who said "People dig their graves with their teeth" uttered a truth that goes clear to the bottom of the health question. Suppose you should take everything you eat and drink for breakfast, everything you eat and drink for dinner, everything you eat and drink for supper, and mix all together in one mass. It would surely be a dreadful mixture to look upon. And yet your stomach is obliged to dispose of that unsightly mass each day! Is it any wonder so many people have indigestion, dyspepsia, backache, headache, bad blood, liver complaint, skin diseases, nervousness, coughs, colds, catarrh, bronchitis and goodness knows what else? Yes, people dig their graves with their teeth, and before the end comes they pass through one sickness or trouble after another. You should be glad to know that Dr. Pierce, of Buffalo, has placed in the drug stores a medicine called Golden Medical Discovery that can be depended upon to overcome many of the diseases named above. It may seem impossible for one medicine to do so much, but really the whole thing is as simple as the figure 1. Dr. Pierce's Golden Medical Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. When this is done, away go the diseases that are caused by a sick stomach. If you are digging your grave with your teeth, stop today. Correct your stomach disorders right now with Golden Medical Discovery, and henceforth eat for your health's sake. If you don't know what foods are best for you, write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., and receive confidential medical advice without charge.

Golden Medical Discovery is made without alcohol or opiate so anybody and everybody can take it with safety. It is put up both in liquid and tablet form. Send Dr. Pierce 10c for a trial pkg., and see for yourself how good it is. Try it now. Adv.
