Two young women of Oakland, Cal., who started out a week ago Monday for a hike to Portland, arrived in Medford at 5 p. m. Tuesday and are at the Hotel Holland until tomorrow morning when they will continue on their long walk to Portland. They are Sara Colman and Kathleen Smith who are dressed becomingly in corduroy outing suits for roughing it. Their intention is to walk all summer and they will visit all parts of the Pacific coast. "This hiking trip was undertaken for the benefit of my health," said Sara Colman today, "but the kind-hearted auto people we meet on our way simply won't understand and let us walk, and insist on giving us rides. That is the way it has been so far, but we walked much of the way between Oakland and here, so much so that my health has been wonderfully improved."

You Can't Cure Rheumatism With Liniments and Lotions

Torturing Pains Promptly Return in All Their Intensity

You may as well throw your liniments to the winds, if you expect them to rid you of the pangs of rheumatism. In fact, the sooner you discard forever the use of all forms of local treatment, the sooner you will get on the right track which leads to rational means of relief.

For you can rub and rub from now until doomsday, and you will never make any progress toward ridding yourself of rheumatism, because such treatment does not approach the source of the disease.

Remember from the outset that the pangs of rheumatism come from a deep-seated cause, and that simply rubbing the painful parts of the body has no effect on the disease itself. But when you locate the cause of the disease, the real source of all these intense pains, you can then treat the disease intelligently.

And until you do treat your rheumatism intelligently, you will

never be free from its disabling pains.

So many people have found real, genuine and lasting relief from rheumatism by purifying the blood with S. S. S. that we are justified in recommending this splendid remedy to all who are afflicted. Perhaps your case is like thousands of others which are caused by millions of tiny disease germs in the blood. S. S. S. so thoroughly cleanses the blood, that it routs out completely and eliminates all disease germs that infect it.

In this way the source of the disease is reached, and its cause removed. Give your system a thorough cleansing with this reliable vegetable blood remedy, and you will be delighted to be free of the pangs of rheumatism. It has been used for more than fifty years and is sold at all drug stores. Begin its use today and you will have the same satisfactory experience as thousands of other sufferers.

Should you wish special advice about your own case, it can be had without cost by writing to Chief Medical Adviser, 101 Swift Laboratory, Atlanta, Ga.
