

K. OF C. EXTEND ITS WORK IN PACIFIC HAWAIIAN ISLANDS

SAN FRANCISCO, April 9.—Plans for the extension of the Knights of Columbus war activities to the military bases of the United States in the Hawaiian Islands will be drawn up by Albert G. Bagley, director of the western department war work of the Knights, who sailed recently for Honolulu.

Urgent requests from prominent knights and army officers in Honolulu to the supreme council of the order in this country brought instructions from the east to Bagley requesting him to make a survey of the needs of soldiers and sailors in the islands as soon as possible. He sailed on the Pacific Mail line steamer Columbia.

"I am requested by the supreme council to make a survey of the islands and report my recommendations by cable," Bagley said just before he left. "In the near future, it is expected that there will be 40,000 service men in the islands and the K. C. desires to make them as comfortable as the soldiers and sailors on the mainland.

"At present, athletic equipment, stationery and other supplies are being shipped over in large quantities, but members of the order in Hawaii have urged the need of still more extensive work among the service men. Hawaii will have the largest force of any of America's insular possessions. We are already working in Cuba and Porto Rico, and while I cannot say what we will do until I look over the field, it is probable the K. C. will expand its work considerably in the mid-Pacific."

Eight hundred and fifteen men discharged from the United States service, out of more than 1,500 applicants have been given employment through the Knights of Columbus National Catholic War Council Service Bureau in California since its establishment on February 1.

A complete report of the activities of the organization since its inception two months ago was filed with Archbishop Hanna yesterday by the committee in charge including Albert G. Bagley, head of the K. of C. war work on the Pacific coast, William B. Golden and Charles C. Sullivan, grand knights of the local councils Knights of Columbus, Captain Charles J. Zerran U. S. A. is representing the United States army on the committee.

According to the report more than 500 of the men placed have secured positions in San Francisco, Los Angeles and San Joaquin counties. Through the efforts of John Devlin, grand knight of the Naia council and T. D. Kilkenny, grand knight of Vallejo county, K. of C. employment for more than 80 men have been found in those two districts.

Robert G. Brady, who has charge of the San Francisco headquarters has reinforced his staff within the past month and has established a system whereby the principal employers of the city will be canvassed at least once a week by representatives of the bureau in order to keep in close touch with the situation.

Brady declares that the vast majority of the men are seeking city jobs. The impression that they are anxious or willing to go back to the farm he declares is false inasmuch as actual figures in the bureau show.

Of the more than 1800 men who have filed applications for positions and who have been classified as to the character of employment sought, Brady declares that the vast majority of the men are seeking city jobs. The impression that they are anxious or willing to go back to the farm he declares is false inasmuch as actual figures in the bureau show.

GAMBLING RAID IN LOS ANGELES NOT RUN BY POLICE

LOS ANGELES, Cal., April 10.—Further investigation of the alleged operation of gambling establishments in the business section here will be made by the county grand jury which convenes today, it was announced at the district attorney's office.

The raiding of 15 alleged gambling resorts was the subject of sharp exchanges between the police department and the district attorney's office. The raids were directed by the district attorney's office and W. C. Doran, deputy district attorney said the police knew nothing of the raids until after they had been made. John L. Butler, chief of police, issued a statement that the raids followed the gathering of evidence by police detectives who turned it over to the district attorney's office.

Joseph Bolari, one of the men arrested for the alleged acceptance of bets on horse races, was re-arrested yesterday, this time on a charge of perjury. The latter charge was made following his appearance before the grand jury as a witness.

Start Tomorrow and Keep It Up Every Morning Get in the habit of drinking a glass of hot water before breakfast. We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the slides of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

UTILIZE POISON GAS FOR PROTECTION OF FRENCH ORCHARDS

PARIS, April 10.—Poison gas that worked such havoc during the war will be utilized for a very far different and beneficial purpose in the future, it is said in scientific circles. Gabriel Bertrand, of the Pasteur Institute, informed the Academy of Sciences today that he had discovered a method by which such gas might be supplied for destruction of caterpillars and injurious larvae which had worked destruction on fruit and other tree growths in the country districts during the past few years.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY Sage Tea and Sulphur Darkens So Naturally that Nobody can tell. Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value their hair as a part of their beauty, have been helped by this mixture. It is a natural, safe, and effective remedy for gray hair, and gives it an appearance of abundance. Nowdays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Weyth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance. Weyth's Sage and Sulphur Compound is a delightful toilet requisite to impart color and a youthful appearance to the hair. It is not intended for the cure, mitigation or prevention of disease.

He Escaped Influenza "Last spring I had a terrible cold and gripe and was afraid I was going to have influenza," writes A. A. McNeese, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. I then took Foley's Honey and Tar Compound, feeling relief from the first. I used seven small bottles. It was a sight to see the phlegm I coughed up. I am convinced Foley's Honey and Tar saved me from influenza." Check your cough, colds, croup and whooping cough. For sale by Medford Pharmacy.
