

MEXICO TAKES NO RISK REGARDING DEATH OF ZAPATA

MEXICO CITY, April 12.—(By Associated Press.) General Emiliano Zapata, the rebel leader of southern Mexico, news of whose death reached this city yesterday, was killed Thursday morning during an engagement between his troops and government soldiers who had by a ruse entered his camp at Hacienda Chicomoc, near the village of Petalcingo, Morelos.

The government soldiers, under command of General Pablo Gonzales, planned to capture the rebel chief and pretended they were a part of the Fortieth regiment which had come to join Zapata's forces. When Zapata was asked to review the men he became suspicious and took with him a large number of rebel troops. This prevented the carrying out of the plan and resulted in a general fight. Zapata fell with many of his followers. A number of government soldiers also lost their lives.

The government is taking unusual precautions to establish the fact of the rebel leader's death. Official photographs have been taken of the body which has been viewed by many who knew Zapata and depositions have been required from those taking part in the battle.

The body will be buried in the Zapata tomb at Tlatizapan, Morelos, which was erected some years ago to receive the bodies of all those who signed the Zapata covenant known as the "plan of Alaya." In this tomb are buried many rebel leaders who have died during the last 10 years, including Eufemio Zapata, brother of the chieftain. It consists of a great stone pedestal in the base of which are a number of buried compartments.

Little is known of Zapata's early life except that he was born about 23 years ago. He began life as a groom in the employ of Ignacio De La Horra, nephew of the late President Porfirio Diaz, who owned one of the largest estates in Morelos. He became a revolutionist for the purpose of securing reforms in the laws pertaining to landed estates which would favor the peons, but later his fight against the government degenerated into an indiscriminate slaughter of everyone except Zapatistas.

ACCUSE HUN PEACE DELEGATE OF PLOT

ZURICH, Switzerland, April 12.—Count Von Brockdorff-Rantzau, the German foreign minister, who has been selected as one of the German delegates to the peace conference, was involved in a recent attempt by German and German-Austria to stir up armed rebellion against Czechoslovakia, according to a special correspondent writing from Prague. The alleged plot was discovered by Czechoslovak authorities when they arrested Dr. Paul Schwartz, the German vice consul at Prague, and one of his women agents, Julia Pahlen.

Victory Loan Edict Monday.
WASHINGTON, April 12.—All terms of the Victory Liberty loan have been determined by the treasury and probably will be announced Monday instead of awaiting Secretary Glass' speech at a loan rally in New York Tuesday night.

The Many Mysteries of Nature
BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, blue cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere sell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotics. Dr. Pierce knew when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial pkg. Tablets. Adv.

"Queen of Circus" at Rialto

Billie Rhodes teaches Gimp, her trick pup, to sing in "Hoop-La," her latest release.

The red-letter day in the life of a boy is when the circus comes to town. Following the circus-parade for miles to the "grounds," watching the crew put up the big tent, the small boy forgets home, school and household chores. Perched high up near the top of the tent with a bag of peanuts and a bottle of pop, with eyes glued on the antics of the clown, thrilling feats of aerial artists or the daredevil and bare-back riding of a beautiful "Equestrienne Queen," young America is in his glory.

The side-show after the main event where the aggregation of freaks are gathered—the Bearded Lady, the Human Skeleton, the Fat Woman, the Tattooed Man, and the whole conglomeration of human and inhuman abnormalities, is a wonder palace to "Buddy."

All these are shown in "Hoop-La," the comedy-drama of circus-life starring Billie Rhodes as a "Queen of the Circus," at the Rialto tomorrow only.

portunity for the people of Central Point and it is hoped they all will avail themselves of this privilege. Welcome to all.

First Baptist Church
"Not Boasting but Building"
God asked his people to build him a house and said when it was built "I will set my glory there." This he called "The place of meeting." There he expected to meet his people. The house is built. He will keep his word and be there, will you?
9:45. Bible school. F. W. Mears, supt.
11 a. m. Public worship. Subject of sermon, "Peniel."
6:45 p. m. B. Y. P. U.
8 p. m. Preaching. Subject, "The Embellishment of Power."
B. Y. P. U. 6:45 p. m.
Be on time, tomorrow we start our big contest. All are welcome.

First Church of Christ, Scientist
Branch of the Mother Church; the First Church of Christ, Scientist, in Boston, Mass.
Services every Sunday at 11 a. m., subject, "Are Sin, Disease and Death Real?"

The pre-Epworth union services which have been held during the past week have been very helpful and the interest is increasing. They will be continued the coming week. The best talent available has been secured to assist in the work. It is a rare op-

PREDICTS HEAVY TOURIST TRAVEL THIS SUMMER

SEATTLE, April 11.—Railways of the United States and Canada are beginning the expenditure of hundreds of thousands of dollars to stimulate tourist travel this summer and a good portion of it will be spent in advertising the Pacific northwest, according to Herbert Cuthbert, secretary of the Pacific Northwest Tourist Association, who has returned to Seattle after a month spent in eastern cities of the United States and Canada.

Mr. Cuthbert conferred with the heads of passenger departments of the United States railway administration in Chicago, Washington and New York and with Canadian railway officials in Montreal and Winnipeg arranging for cooperation between the railway publicity campaign and the campaign of the Pacific Northwest Tourist Association, which will expend the \$125,000 appropriated by Oregon, Washington and British Columbia for tourist advertising for a two year period, following the work done during the past two years.

"The United States railway administration has shown their approval of the methods of the Pacific Northwest Tourist Association by following our lead in advertising the Pacific Northwest as a whole rather than advertising states and localities. Their advertising, which involves the expenditure of hundreds of thousands begins in the magazines in April and widespread newspaper advertising will follow later. The Canadian railways will also spend much money advertising the Pacific northwest and Alaska and their tourist rates, I am told, are the same to Washington and Oregon points as to Vancouver," says Mr. Cuthbert.

"Tourist travel to the Pacific northwest will be equally heavy this summer and hotels and resorts should be prepared to take proper care of them. The people generally should be prepared for the heavy business which tourist travel brings and to impress on tourists the natural advantages, resources and opportunities in this section, so that the tourists may become investors and residents to help develop the Pacific northwest."

Women in War Work

The used clothing collected for the refugees of Europe was shipped on last Tuesday. The county secured something over three tons of their quota of eight tons.

The work was most efficiently carried on by Mrs. Jonas Wold, chairman for the county, and her committee.

Every effort was made to secure the greatest possible amount of clothing but previous similar drives had cleared out the attics of the county. Many garments sent in showed that the donors had given of their very good things and because of this we feel our gifts will make up in quality for what they lack in quantity.

The manual training teacher and one of his classes from the high school, were of great assistance to the committee in nailing up boxes, sewing gunny sacks and marking for shipment. For this and all help rendered the committee during the time of collection, the Red Cross expresses appreciation.

Our two delegates to the Red Cross conference, held in Seattle, Mrs. R. Schieffelin and Mrs. H. Noblitt will return early next week.

On Friday, April 18, a meeting will be held for hearing their reports concerning plans for the future of the Red Cross.

All auxiliaries of the county are asked to send as many representatives as can arrange to come. Those coming from out of town will kindly report at headquarters at 2:30 p. m. The place of meeting for the general conference will be announced later. All members of Red Cross in town are asked to attend that we may give our visiting friends a good welcome. Time of meeting 3 p. m.

Does a Virtuous Wife Love Her Husband and Seek the Society of Other Men When He Is Away?
Come and see this wonder picture "Virtuous Wives" with Anita Stewart
Her Triumphant Return to Screenland

A truthful story of married life in the New York Society—from the two million edition novel by Owen Johnson.
STARTS THURSDAY PAGE

The City of GOODRICH Akron, Ohio

Every Man is a Wise Man

Because every man has something to teach; the thing life through experience has taught him to do.

Nature but reproduces: man's experience taking the world where Nature stops builds it better; whether he makes an iron plow to improve the crooked stick—

Or turns mere rubber and cotton into pneumatic tires.

Experience is that unseen thing in tires, the quality of which turns them out good or bad.

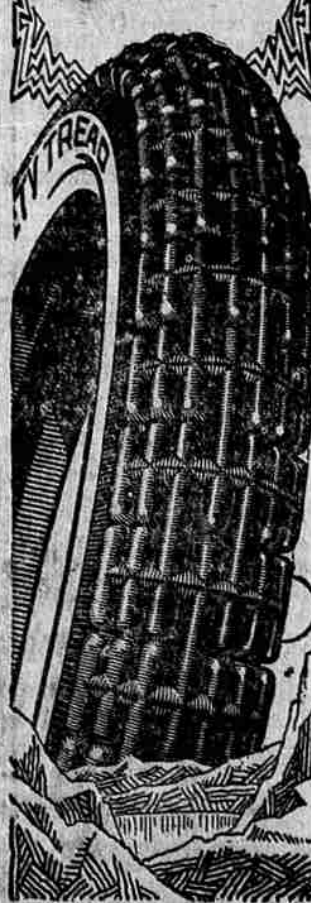

It vouches for Goodrich experience that Goodrich made the first American pneumatic tire, and ever since has fathered the improvement of automobile tires.

It shows in burly, full-rounded bodies, and thicker BLACK SAFETY TREADS, extra wide, fortifying the sidewall against rut scraping.

It returns value for your money in service value on your car on the road.
