The first Saturday night public dance to be held under the new public dance ordinance was held in the Moose hall Saturday night, Mrs. Dora Price, the police matron in charge, says that the new rules laid down by the ordinance were voluntarily followed to the letter. Young folks under age are barred from any public dance by the ordinance unless accompanied by parents or guardians, and Mrs. Price says that early in the evening several young girls entered the hall, but immediately left on her calling attention to this rule. The management of the dance called attention to one young man's dancing which, while not very objectionable, attracted notice. When this dancer was spoken to about his manner of dancing he grew indignant and left the hall.

# SPORTSMEN MAY INITIATE MEASURE GENERAL ELECTION

PORTLAND, April 14.—Unless Governor Olcott succeeds in devising a plan that will satisfy them that the state fish and game commission has been put on an efficiency basis, officials of the Oregon Sportsmen's league and the Multnomah Anglers' club declared today they would draft an initiative bill and carry it to the electorate at the next general election. They have made charges to the governor that the commission is swayed by politics and is under the domination of commercial fishing interests. These charges have been denied by members of the commission.

Two remedies for the alleged unsatisfactory conditions existing in the commission, have been proposed by its critics. These are, first, the creation of a new commission composed only of business men not identified with either commercial or game interests; second, the complete divorcement of the commercial and game interests and the administration of the affairs of each by a separate commission.

cided upon. It is stated in French quarters that this will be entirely in the hands of French troops who will guard the bridgeheads and railroad junctions. In addition there is to be a new 30-mile neutral military zone on the right bank of the river, it is said. These two measures will be in force only 15 years. French troops being progressively withdrawn as installments of the debt are paid by Germany as was done by that country with France in 1871.

"Portinax," writing in the Echo de Paris, maintains that if France is left to "guard alone the common good of civilization she ought to be backed actively by a defensive alliance with England and America which is clearly defined in detail."

# Weddings

Miss LeFloy Le Wrenna Cambers, daughter of Mr. and Mrs. J. J. Cambers of Ashland, was married to Charles Tullis in Salt Lake City, Utah, April 11. Miss Floy is a graduate of the O. S. N. S. and one of Ashland's fairest and most popular young ladies. Prominent in social circles and an accomplished vocalist, Miss Cambers received a life diploma from the state of Utah for successful teaching. The past year she has been engaged in teaching in the city schools of Millford. Mr. Tullis is a prominent mason and yardmaster. He has charge of the Millford railroad yards for the Utah and Los Angeles railroads. Mr. and Mrs. Tullis expect to visit Ashland this summer. Part of their vacation will be spent at Mr. Cambers' beautiful Buck Lake preserve of 2018 acres in Klamath county. A host of friends extend congratulations and best wishes to the young couple for a bright and happy future.

# ASK LEAGUE FOR HELP

(Continued from page one.)

Thomas, and forwarded here by Robert Chung, a Korean student at Ashbury college, Wilmore, Rev. Lee said.

Mr. Lee in making this information public, says the Associated Press a signed statement charging the "suppression of unfavorable news by Japan" and "distortion of facts in official statements."

"The arrest of four more Americans at Seoul," Mr. Lee said in his statement, "makes it timely to show the methods used in the suppression of unfavorable news by Japan and the distortion of facts in official statements. Last week the arrest of the Rev. E. M. Mowry, another American missionary, was reported. Instead of one arrest of American missionaries, it now is known that there were five. What other arrests of other nations Japan has caused, the Japanese censorship makes it impossible at present to state.

**Censures Japanese**  
"Likewise, fully three weeks after the outbreak of the Korean independence movement, and 10 days after the proclamation of independence, March 1, with orderly but great demonstration in every large city in Korea, the Japanese embassy at Washington stated: 'Korea is quiet and that all Koreans are satisfied with Japanese rule; that if there is any propaganda, it will only be found among Koreans in San Francisco and Shanghai! Now we all know this statement is untrue. The 'quiet' is hardly compatible with the official statement from Tokio today that Japan is reinforcing its garrison because 'the riots have assumed a dangerous character.' The trouble has been widespread since it started February 21. As a matter of fact 5,000 Koreans, young men and girls, have been killed.

"As soon as the news of the independence movement spread throughout the world Japanese officials sent out news dispatches about the smallness of the movement, minimizing the demonstrations and the casualties. But as soon as the world learned it was not a local uprising but an uprising of 20,000,000 people the same officials set forth their intention of placing their reforms in Korea, and

of charitable treatment of Koreans taking part in the movement.

**Not Bolshevik**  
"Now that the voice of the movement is reaching over the world, it is charged by Japanese officials that the 'movement' will eventually ally itself with Bolshevism. A Tokio official statement declared Korean propagandists were spreading Bolshevism in Korea. To this, it is enough to answer that the declared hopes of the independent leaders

are for a republic, based on models of Christian governments as indicated in the declaration of independence. The 33 religious leaders who signed the document stand for democratic principles but against Bolshevism. They favor the American form of government. Their ideas are well known."
