TABLE ROCK TABLETS

A letter from Mrs. C. W. Sage of Peplar, Mont., states that the snow here is nearly all gone and signs of spring are appearing. Mrs. Collins and little daughter of Central Point have moved to the Finley ranch where Mrs. Collins will keep house for T. E. Heaulien. Lee Pateh and Marion Nealon were Medford visitors Thursday.

Willard Howsley is back in his old place at the Medford orchard, having received his discharge from the army where he was stationed in Virginia. Mr. Howsley was one of the 24 Medford employees who went into the service and for which a service flag with 24 stars is kept flying at the orchard.

Mr. Burk has returned from California and is again at the Carlton ranch. Judging from the appearance of the river much of the snow in the mountains is melting. Victor Bursell purchased about 60 head of stock hogs from the Nordvik ranch last week. All members of the school board were present at a board meeting Wednesday evening when several bills were passed on and other business pertaining to the betterment of the school discussed.

The recent rains coming after our farmers had completed the seeding of small grain gives the young plants an excellent start and with an occasional shower in the future a good crop is assured. John Woods and Joe Hannah of the Medford orchard are recent purchasers of Ford cars. J. C. Pendleton is acting as deputy assessor in the Tolo district.

An analysis of a sample of water taken from the well on the Lydian farm was pronounced the purest water located so far in this district by the state board of health. Among the Table Rock Sunday visitors from other places were Henry Maur and sister and Mr. and Mrs. Sanford Richardson and family of Ross Lane, Byron Deford of Sams Valley, Mr. and Mrs. Loren Gregory and little daughter of Azaite, H. F. Finley and John Dodge of Medford.

Corporal Arthur Nordwick returned last week from several months spent in the training camps. Col. Washburn has purchased a Fordson tractor which is making short work of the orchard plowing. Scarcely any damage to fruit by frost so far in this district is reported and prospects are good for a fair crop. Charles Duxan and family have returned from Klamath county and will remain here for some time. Several cases of flu are reported in the Sams Valley district. G. P. Hall is beginning to tilt fish stories and brush up his fishing tackle, so we are beginning to wet up our appetite for fish. Many people from the town spent Easter Sunday on the banks of the river and a large crowd climbed to the top of the lower Table Rock where a magnificent view of the valley was obtained. In climbing the rock, Henry Maur was easily the champion hiker, setting a pace that none could equal.

Making down grain in this district is taking much progress and it will not be long until the fields will be carpeted with green. Our little district went over the top with flying colors in the bond drive more than \$1,000 being raised before the drive was officially opened. Some time ago a communication appeared in the Mail Tribune from one of our neighbors in regard to an item appearing in the Tablets. In this communication the writer would convey the impression that we inserted the item to do him injury. Such is not the case. We merely placed the item as it came to us, and feel assured that those who know his best will believe that we have matters of more importance to wrangle what little brain we have over than trying to hamper the sale of our neighbor's hay doodle.

An abundance of morel mushrooms of a delicious flavor are being gathered along the river by some of our citizens. We are glad to see that Arthur Perry and his amulet are not back on the job. Gardiner Hall of the Medoc is waging a war against the wire worms which are being slaughtered by the bushel. Potatoes with wire handles are placed in the ground every few feet and left for 24 hours, then are removed, and the worms which sometimes number 50 to 60 are destroyed.

The neighbors met at the Hurt home in honor of the birthday of Miss Genevieve Hurt. They spent the evening in playing games and enjoying themselves in general. Mr. William Road, who is taking care of the McCay flock of sheep during lambing, states that from the first hundred ewes that have lambed they have saved 125 lambs.

WILLOW SPRINGS

Miss Lucy Elden entertained the young people of the neighborhood at a party Friday evening in honor of her tenth birthday. The supper table where plates were laid for ten, was prettily decorated with Easter place cards and other favors appropriate to the season.

William Bohner has just purchased 30 acres adjoining his ranch of George Fox. Mr. Bohner is also the owner of a new Maxwell. Mr. and Mrs. Earl Heatt gave an Easter dinner Sunday to a large party of relatives and friends. Joe Housland and family spent the week end in Gold Hill with Mrs. Housland's sister, Mrs. Snyder.

Mrs. G. S. Davis and Glen were calling on old neighbors at Seven Oaks Monday. The Parent-Teachers' meeting at Mrs. J. W. Eldens was a decided success, although on account of the sewing day there was a smaller turnout than usual. The next meeting will be with Mrs. Sam Anderson on the third Saturday in May. G. P. Mims has been spending the past week at his country home, working among his roses and resting from the duties of the office.

AGATE ITEMS

Mrs. Roland Flaherty and young daughter are visiting at the home of Mrs. Robert Kincaid. Mr. Whetstone and son Newell went to the Applegate Sunday to bring home some thoroughbred Roan Durham heifers which they had recently purchased. Messrs. Lamney and Gregory have been working on the road, making a noticeable improvement as it has been in bad condition all spring. Mr. and Mrs. Clark Collins spent Sunday at the A. W. Beebe home. Born to Mr. and Mrs. E. C. Hamilton of the Canal company ranch, a baby girl. Last Saturday evening about 45 of
