Who Escaped Influenza

"Last spring I had a terrible cold and gripe and was afraid I was going to have influenza," writes A. A. McNeese, High Point, Ga. "I tried many kinds of medicine, but remained clogged with cold. I am convinced Foley's Honey and Tar saved me from influenza." Checks coughs, colds, croup and whooping cough. For sale by Medford Pharmacy.

SHOE CONSERVATION

W. H. Kelley, a lumber salesman, of Omaha, found Neolin Soles so tough and durable that one pair of soles served on a second pair of uppers after the first pair of uppers had worn out in ten months of hard walking.

And he says: "Those same soles will stand another ten months of constant daily wear."

This is unusual service even for Neolin Soles but Mr. Kelley's experience should indicate to you a method of cutting down those rising shoe bills you have to meet. Simply make sure the new shoes you buy are Neolin-soled and have worn shoes repaired with these soles which are scientifically made to be comfortable, waterproof and exceedingly long-wearing. They are made by The Goolyner Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.
