2 MILLION JAPS AND CHINESE TO THREATENED BY COME EACH YEAR

CHICAGO, April 28.—Immigra-tion of 2,000,000 foreigners, mostly Chicese and Japanese, every year for the next fifty years was predicted here today by Abraham Bowers, immigration secretary of the Y. M. C. A in the course of an address before the Illinois State Americanization

Mr. Bowers based his prediction on the assumption that the growth of the United States for the next half century will require hordes of com-

PRINCESS RAHMES 2ND LECTURE ON TUESDAY

On Tuesday evening, April 29, a 8:15, the Princess Rahme will pre-sent her own dramatitation of "Naaman, the Leper," based on the old Bible story in which the part of the little Hebrew maid, through whom the great Syrian captain, Nasman, was sent into the land of Israel to the Prophet Elisha to be healed of his leprosy, is finely portrayed.

The royal visitor was born at Baalbek on the lower slopes of Mount Lebanon and comes of a long line of princesses. She represents the pure Semitic race and has all the warmth of soul and poetry upon which ha-been superimposed the education at forded by the American colleges a Sidon and Beirut, later expanded by studies at universities in this coun

Dr. Howard said the European corn borer, a comparatively new parasite introduced into this country from foreign shipments, has obtained a strong foothold in New England
